Dr. Pierce's Favorite Prescription.

The term, however, is but a feelile expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climax or creating give of my madical career. On its merits as a positive, safe, and effectual remody for this class of diseases, and one that will at all times and under all circumtances act kindly and in harmony with the laws which govern the female system, I am withing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most amquise expectances of a single invalid lady who employs it for any of the aliments for which I recommend it, that I ofter and sell it under a POSITIVE GUAR. Had I not the most perfect confulences in its virtues, I could not offer it as I do under these conditions; but he og witnessed its truly miraculous cures in thousands of cases, I feel mourranted and perfectly safe in risking both my reputation and my money on its merits.

The following are among those diseases in which my Favorite Prescription has worked cures—as if by magic and with a certamity never before attained by any medicine: Leutorthon, Excessive Flowing, Fainfull Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prelapaus, or falling of the Uterus, Anteversion and Retrovenion, Bearing Down Sansations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarses peculiar to woman not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works cures—the misred of the world. It is an entirely new scientific discovery combining many of the most powerful and restorative agents in the VaCET-ABLE KINCOPM. It restores CREY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white and clean; cares dandruff and humors, and falling out of the hair; and will make it grow upon baid heads, except in very aged persons, as it funishes the natritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a glossy, and is unsurpassed as a HAIR DEESSING. It is the chemest preparation ever offered to the public, as one bottle will ac-complish more and last longer than three bottles of any other

complish more and last longer than three bottles of any other preparation.

It is recommended and used by the First Medical Authority.

The Wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partuers, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the lair, with certificates, sent free by mail. Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your nrine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum\* rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dispepsia? Are your bowels constipated? Do you have spells of frainting, or rushes of blood to the head? Is your memory impared? Is your mind constantly dwelling on this subject? Doyou feel dull, listless, moping, tired of company, or lite? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or resiless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in youself? Are your spirits dull and flag. ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back wear aslong as the garments do-outwear the garment in fact. The stitch will not weak, your knees weak, and have but litbreak on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.
