GROVER & BAKER SEWING MACHINES.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

"I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Jonny June).

"I have had several years' experience with a Grover & Baker Machine which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker to any other."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years, and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Geo. Grant.

"I believe it to be the best, all things considered, of any that I have known. It is very simple and easily learned; the sewing from the ordinary spoons is a great advantage; the stitches are entirely reliable; it does ornamental work beautifully; it is not liable to get out of order."—Mrs. A. M. Spencer, 30 Bond St., Brooklyn.

"I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have work in the house which only Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which trollope boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

"The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished up to the Grover & Baker Machine, to the entire satisfaction of all concerned."—Rev. Stephen H. Tyng.

"I find the Grover & Baker Sewing Machine will wear as long as the garments do—outwear the garments in fact. The stitches do not break on bias seams, when stretched, and on other; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

The Grover and Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application.
