Time of Trains

Table with columns for Train, Direction, and Time. Includes entries for Train 2 (Southward) and Train 1 (Northward).

Passengers will have to understand that "Northward" in the table is down the river, and "Southward" is up the river.

LOCAL AND MISCELLANEOUS.

-If any demonstration was made on "Hollerer," it was done so quietly that it didn't hurt anyone. -T. B. Cobb's family returned from Jamestown, N. Y. last week, where they had been making a short visit. -Wm. Lawrence has moved into the back part of his new hotel. The main part is not yet ready for business. -M. Carpenter will return to town and resume his avocation of taking lectures in a few weeks. -A few sidewalks yet need repairing. It will undoubtedly all be done within a few weeks. -Jacob Hood has purchased a lot north of Judge Dale's residence, and will build during the coming season. -We understand that Grove & Wolcott's new well, opposite Trunkville is in the third sand, which is said to be good, but has not yet been tested. -Prize packages are being sold rapidly about here, the principal prize being a shot gun. They are going off quite rapidly. -We will take two or three loads of good coal on subscription within a few weeks. Some of our old subscribers can make a note of this. -Geo. Bovard has moved into the house formerly occupied by Wm. Lawrence, and Henry Grubbs into the one vacated by Bovard. The world moves. -We notice that W. J. Roberts is putting up an addition to his house on the back end, nearly as large as the main part. This will give him more room to stretch. -Mr. Fitch, formerly editor of Mahoning (O.) Herald called upon us last week. Sorry we were absent. He used to publish a very creditable paper. -We have a good job press in perfect order at this office, which will be sold cheap. Any person wishing to purchase cannot do better than to give us a call. -Sheriff Davis has broken ground for a new house on his lots opposite S. J. Wolcott's. We have not learned what the dimensions of the house are to be, but suppose it will be a very comfortable size. -Capt. Knox's signs, on the windows of his drug store are the most artistic we have seen. We don't see how the Capt. can help but succeed when he hangs his banners on the outer walls in this way. -Sheriff Mark of Franklin called upon us this morning, and we spent an hour very pleasantly in his society. He is a man of whom Venango Co., and particularly Franklin, may well be proud, as he is large, and every inch a man. -Prof. Weber is at present dividing his time between this place and Tidioute, where he is teaching a brass band, and giving lessons on the piano and violin. We believe he comes here on Friday evening and returns to Tidioute on Monday morning. -The pile dam, which was in process of construction, at Forge Island, in Tionesta creek was somewhat demoralized by being run into by a heavy raft during the late flood. It was a new dam previously, but now it looks damaged.

List of Letters.

The following is a list of letters remaining in the postoffice at this place, not called for:

- J O Baker, Ben Bailey, Theron M Bly, Dr. Boland, Miss E J Barnes, Aaron Bixler, Miss Hattie Bunting, John Brown, James E Blair, Rudolph Bennet, Celestia Burdick, C M Clark, A D Crane, Mr McCane, O W Cowder, E R Collins, T Climo 2, Curtis Cummings, B F Chifford, J B Dixon, Delvin Doane, J D McDowell, J D Edson 2, Wesley Engel, J B Frantz, William Feasom, A Whitten & Co, John Graham, Capt E T Goodrich, Jane B Gano, George Gunther, John J Haggert, James S Hardin, Tom Hess, A T Husband, Phillip Hilard, W H Johnson, Johnnie C Jones, S S Jones, John Jones, Bruce Jones, C Kinnib, James Lauer, Pitt & Lewis, Minnie Lotz, Jacob Lackey, Geo Manross, James Murry, Dennis McGuirk, John May, Mary McWilliams, Annie McDonald, Alice Mason, James Middleton 2, John Mathemiller, J W Matkins, Henry B Milleron, John McCrae, R M McGarvin, R J Overton, J G Prindle, J W Porter 2, Mrs S M Peckham, James Porter, Mrs Sanders, D E Parker 3, Joseph Reed, D D Rogers, Wm Smearlaugh, Mrs Saunders, W H Stimmons, W P Sharpless 2, T J Skidmore, S W Sybert, J W Tinnis, J H Smock, J A Selvoes, S T Starlin, Mrs Saunders, J W Tinnis, C G Taylor, J W Terrill, Fannie C Warner, Wm Wilson 2, H A Wilcox 2, Perry Waite, Rev T D Woodring, H T Williams, E M Williams, John C Wasson, Ruel Walters, Joseph Whitaker, Charley Winegard, Dr Sam'l R Ward, John Wise

-Preaching in the M. E. Church on next Sabbath morning and evening.

-Horace Greeley's wife died on Wednesday morning last. She was said to have been an estimable woman, whose loss will be mourned by all who were personally acquainted with her.

-We issue this week on Tuesday, on account of some advertisements which need to see the light before Wednesday. Hence, we will not have the full report of Grant's majority in this week's paper.

-During the flood last week, the trestle work between the two piers of bridge, which had been erected for the purpose of laying the iron, was carried away, which somewhat retarded the work. It will all be re-erected by to-morrow, and the iron laid immediately.

-The days are getting so short on us now that we are obliged to light up regularly at or before 5 o'clock. This fact, taken in connection with another, that is, the cold one is sure to accumulate makes us dread winter, which is coming on as surely as if there had been no presidential election.

-The members of the Forest Brass Band have our warmest thanks for a beautiful serenade tendered us on Saturday evening last. The music was well selected and admirably executed. Prof. Weber blew his best blow, and the other members followed suit. We hope to hear from them again.

-On Tuesday or Wednesday last, Mr. Sam'l Clark, assisted by Master Robert Haslet, caught a last spring's fawn, just as it was coming out of the water on Hunter's Island. Mr. Clark has it penned up, and it is getting quite tame, and is a most affectionate little creature, though quite shy of strangers.

-The election is passing off very quietly, and the indications are that the vote will be nearly all one way in this county and that Grant will get four or five hundred majority, at least we hope so. The good order and quietness are the direct results of the moral influence exerted by Republican institutions.

-The best flood of the season came last week and more lumber was run than during any previous one in a long time. Our town was comparatively empty on Saturday night, nearly everybody who could possibly get away having caught the river fever and shipped for Pittsburgh. We have every confidence that money will be comparatively plenty about here for a few months to come.

-The horse disease has at length made its appearance in town. Three of W. J. Roberts' horses, two of Z. T. Shriver's, and one of Capt. Knox's being sick with it. The disease is medically known as the "epizootic," which is explained by Webster as a disease "prevalent among animals corresponding to epidemic diseases among men." We see by our city exchanges that rest is the best remedy for the afflicted animals.

-Capt. Knox has taken the two south rooms in Robinson & Bonner's new building, in one of which he has put a stock of Drugs, Medicines, Notions &c, which he will personally superintend, and in the other a tin shop, which is in charge of an experienced tinner, who will make or mend anything in the line. A complete set of machinery for all departments of the business is in the shop, and we doubt not but the Captain will build up a fine trade in a short time.

Fergus Falls.

During our trip in the West we stopped several days at this young and thriving town, which is situated in Otter Tail county, Minn. At present it is twenty-two miles from the nearest R. R. Station, which is Campbell, on the St. Paul & Pacific R. R.; but one, and probably two railroads will pass through the town during the coming season. The town is about the size of Tionesta, and is only two years old. Several fine buildings are already up and others are being erected constantly. Goodsell Bros. have an extensive Sawmill in operation, and Page & Scott a large flouring mill almost ready for business. Both are run by water power furnished by the Red River, which runs through the place. This is the second water power in State; the stream being swift and deep, and never varying a foot in a season. The power is easily controlled, and can never fail. This alone is bound to make Fergus Falls a large manufacturing place within a few years. The country about there is rolling prairie. A national bank has been established there, with Henry G. Page as President, and Capt. Jas. Compton as Cashier, which is doing a fine business. We have been acquainted with both of these gentlemen for years, and know them to be first class business men, and men who are bound to be popular with those transacting business with them. A Republican paper, ye old The Advocate is published there by a gentleman named King, who appears to be laboring for the best interests of the community. A Presbyterian church, very neat and comfortable has been built during the past Summer and the flock, which is numerous, is presided over by Dr. Godale, who, beside being a powerful preacher is a mighty hunter and a skillful fisher, and finds lots to do in all three vocations. A large school house is now in process of construction. All branches of business are well represented in this growing town, and a good class of people are there congregated. The land-owners in and about the village are very reasonable in their prices; their object seeming to be more to build up the town than to make large amounts of money on their lands. Should we ever take the advice of the worst defeated candidate for President who ever ate his words, i. e. "Go West, young man, go West," Fergus Falls will be our target. The inhabitants of that place will always be kindly remembered by us.

-We can make a better stagger at almost anything else than an apology, but feel that an apology is due for the halfsheet issued from this office last week. When we started away, on the 16th inst., we thought we had so perfected arrangements that everything would go along smoothly during our absence, but "The best laid plans of mice and men, gang aft agley." Our foreman got sick, and a printer could not be procured for love nor money, and consequently as the next best thing issued a halfsheet, containing advertisements which it was necessary, should appear at that time. We don't expect to be absent again, except on legal holidays before the next Presidential election; therefore if our town is not visited with an epidemic, we will have the REPUBLICAN out regularly hereafter.

-A. C. Porter, Esq., formerly editor of the Independent Democrat, of this place, has discontinued the publication of the same, and sold the office to P. O. Conner, who has begun to re-issue the Forest Press, which was discontinued when Mr. Porter purchased the office. We are informed that the latter gentleman goes to Brookville to take charge of the Jeffersonian. He has our best wishes. Mr. Conner will issue the Press in the same form as before the change. Financially he has our best wishes, but publically he don't expect them.

-Peter's Musical Monthly for November, price 30 cents, contains the following choice collection of New Music. The pieces are also published in sheet form at the prices annexed. Save one Bright Crown for Me, song and chorus, 40 cts; Asking a Blessing from Mother, song and chorus, 30 cts; Thou art no longer Mine, ballad, 30 cts; Lost and Found, ballad, 30 cts; Lord forever at Thy Side, solo and quartet, 25 cts; A Night in Venice, vocal duet, 50 cts; Grace's Waltz, 35 cts; Rosebud Schottische, 25 cts; L'Africaine, 30 cts; Canary Schottische, 50 cts. You can get all the above Music for 30 cents by sending for the November issue of Peter's Musical Monthly, or the Publisher will send the last four numbers for \$1. Address, J. L. Peters, Music Publisher, 599 Broadway, New York.

SUPERIOR LUMBER CO.

BUFFALO, N. Y. Dec. 13, 70.

DR. R. V. PIERCE:—For the past six months I have used your Golden Medical Discovery in my practice and in that time I have tested its merits in severe coughs, both acute and chronic, in chronic diseases of the throat, severe cases of bronchitis, general derangement of the system, constipated condition of the bowels, and wherever a thorough Alterative, or blood purifier, has been indicated. In all cases I have found it to act gently yet thoroughly and effectually in removing the various diseased conditions, and bring about a healthy action throughout the system. Yours fraternally, H. L. HALL, M. D.

HOW TO GO WEST.

This is an enquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "C. B. & Q. RR." running from Chicago, through Galesburg to Burlington, and the "I. B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Tionesta, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R., Burlington, Iowa.

Also the Universal Clothes Wringer, the best, most durable and serviceable in use. Call and see us; our room is limited, but we have the goods and will think it no trouble to show them. 20 SUPERIOR LUMBER CO. Estay.

DOCTOR PIERCE'S Golden Medical Discovery. CURES DISEASES OF THE THROAT, LUNGS, AND THE BLIND. In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer has combined in harmony the best of Nature's most potent curative properties, which God has bestowed into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to cure, in the case of Bronchitis, Severe Coughs, and the early stages of Consumption. It has established the medical faculty, and eminent physicians pronounce it the greatest remedy for Coughs, it strengthens the system and purifies the blood. By its use and thorough breathing, it cures all Humors, from the worst Scrofula to a common Itch, Pimple, or Eruption. It cures all cases of Erysipelas, and all other diseases of the skin, and restores the system to a sound constitution. They are easy of administration, prompt in their action, certain in their effects, and reliable in all forms of disease. Dyspepsia or Indigestion, Headache, Pain in the Shoulder, Cough, Tightness of the Chest, Dizziness, Sore Throat, Stomach Pain, Indigestion, the Stomach, Inflammation of the Liver, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the attending evils of Indigestion.
