Woman

By an immense practice, extending through it ported of many years, having, within that time treases over nine thousand cases of those diseases peculia, to woman, I have been enabled to perfect a most potent and agreeable medicite that meets the indigations presented by that class of diseases with positive cer-

tainty and exactness.

To designate this natural specific compound, I have named it Dr. Pierce's Favorite Prescription.

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, ungled it out as the closure or cremsing gene of my material career. On its merits as a positive, safe, and effectual remoty for this class of diseases, and one that will at all times and under all sircumstances act kindly and in harmony with the laws which govern the female system. I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid taily who employs it for any of the allments for which I recommend it, that I ofter and sell it under A POSITIVE GUAR.

ANTEE. If a beneficial effect is not experienced by the time two-thirds of the continus of the burdle are used. I will, on the return of the bottle, two-thirds of the mostly pand for it. Had I not the mostly not for it. Had I not the mostly not for it. Had I not the mostly not for it. Had I not the most particle confidence in its virtues, I could not offer it as I do unifier these conditions; but having witnessed its truly miraculous cures in thousance of cases, I feel more manded and feed with the second of the virtue of the prescriptive has worked cures—as if by magic and with a certainty never before statained by any magicine: Lucrocorrhan, Excessive Flowing, Pain-

The following are among those diverses in which my Favorite Prescription has worked circs—as if by magic and with a certainty never before attained by any medicine: Loucowhea, Expessive Flowing, Painful Monthly Periods, Suppressions when from unrateural cames, Irregularities, Weak Rack, Prolopsus, or failing of the Uterus, Anteversion such Retroversions, Rearing Down Sensations, Internal Hear, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, and very many other chronic diseases peculiar to woman not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works circs—the marvel of the world. This medicine I do not extend a care-all, but it admirably fulfills a singlemen of jurgoote, leng a most perfect specific in all chronic directions of the sexual system of woman. It will not come to the sexual system of woman and the control of the world. The medicine I will not come to the general as well as the sexual system, also combining the most valuable nervine properties. Both the muscular and nervous forces are strengthened and both up by its use. It will be found invaluable in diseases incident to pregrancy, and can be taken in moderate does with parfect safety while in that state. Indeed, it is a Mather's Cordinal, and so prepares the system for parturition thatic remains child-labor casy. I have received the heartfelt praise from hundreds of multiers for the inestimable benefits thus conferred.

vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon baid heads, except in very aged persons, as it furnishes the natritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a II A I B D B E S S I N G. It is the cheapest preparation ever offered cheapest preparation ever offered to the public, as one bottle will ac-complish more and last longer than three bottles of any other preparation.
It is recommended and used by

the First Medical Authority.

The Wonderful results produced by our Sicilian Hair Benewer have induced many to manufacture preparations for the Hair, under preparations for the Hair, under various names; and, in order to indies the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalted. Our Treatise on the Pair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dispepsia? Are your bowels constipated? Do you have spells of frainting, or rushes of blood to the head? Is your memory impared? Is your mind constantly dwelling on this subject? Doyou feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in youself? Are your spirits dull and flag. ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia, Have you restless nights? Your back weak, your knees weak, and have but littie appetite, and you attribute this to drs pepsia or liver-complaint?
