vania. Governor Hartranft has issued the following preclamation relative to the Vienna Exposition:

In the name and by the authority of the Commonw'Ith of Pennsylvania, John Hartranft, Governor of the said Commonwealth ;

A PROCLAMATION,

the Governors of the several States be and they are hereby requested to invite the patriotic people of their respective States to assist in the proper representation of the hand-work of our artisans and the prolific sources of material wealth with which our land is blessed, and to take such further measures as may be necessary to diffuse a knowledge of the proposed spective States the advantages which it promises.

And Whereas, Provision is made by said joint resolution of Congress to international exposition of the products of agriculture, manufactures and the fine arts, to be held at Vienna,

Slat of October of the same year.

Now, therefore, I, John F. Hartranft, Governor as aforesaid, do issue enth district. this proclamation inviting the patriotic people of our State to assist in the proper representations of the handiwork of our citizens and the prolific sources of our material wealth with which our State is blessed, and to take such further measures as may be necessary to diffuse a knowledge of the proposed exhibition and to secure to our State the advantages which it | Montour. promises.

Given under my hand and the great seal of the State, on the eleventh day of March, in the year of our Lord one hundred and seventy-three, and of the

Commonwealth the ninety seventh. By the Governor. M. S. QUAY. Secretary of the Commonwealth.

The coroner's investigation concerning the suicide of Thomas F. Anderson, at Franklin, terminated en Wednesday, the jury finding that ineanity was the exciting cause of the fatal act. This conclusion is very fully suported by the evidence. The investigation was very thorough, and the testimony entirely refutes the de- gheny. clarations contained in the letters addressed by the unfortunate man to his Twenty-recond district. wife and Mr. Lamberton. There has been a thorough examination of all the books and papers belonging to the bank, and it is fully shown that the accounts had been faithfully and accurately kept, and had been no irregular transactions up to the period of his ineanity. The loss of money and trifling, if anything, as the bank can Jefferson county, met with an accide bank, The unfortunate man had been for some time subject to mental his reason, and his self-destruction in

the manner described.

-Having ourselves characterized the action of those Republican members of Congress who voted for the back-salary steal as wholly inexcusable, we think we have the right to say that the course of the opposition in persistently endeavoring to make political capital out of the matter, by denouncing the garb as the work of a Republican Congress, is the very quintessence of dishonest jugglery. The record shows that of one hundred and eleven Republicans in the House, only fifty-one voted for the increase of salary; while of eighty-five Democrats, forty-eight voted for it. The Republicans of the Senate were equally divided, while of seventeen Democrats and Liberals twelve voted for the measure, and only five against it. Thus it will be seen that the scheme was supported by a much larger proportion of Democrats and Liberals, in both Houses, than of Republicans. We have not a syllable to urge in pal- CUSTOM GRINDING. liation of the avariciousness of these Republicans who voted for the bill: but we respectfully insist that the pot, with its features smothered in smut, is not exactly warranted in pelting the kettle-even if it is somewhat grimy-with harsh and epprobrious epithets. - Commercial.

-President Grant is reported to have declared his fixed intentions of hereafter making all appointments to Federal posistions in the Territorries of the United States from the residents thereof, instead of selecting them from importunate politicians of the East

CROVER & BAKER SEWING MACHINES

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

* * "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and iseasier to learn than any other,"—Mrs. J. C. Croly (Jenny June)

* * "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker de-cidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.
