Time of Trains

Table with columns for station (Tionesta), direction (Southward/Northward), train number, and time.

Passengers will have to understand that "Northward" in the table is down the river, and "Southward" is up the river.

LOCAL AND MISCELLANEOUS.

—Rev. Reeser holds forth in the M. E. Church on Sabbath, morning and evening.

—Our new town council should attend to having the sidewalks of our town fixed up at once. Very little labor will straighten them up now, but every day adds to the work.

—E. L. Davis took a home-made raft down to Franklin last week. We understand that he is about to engage in the manufacture of engines and boilers in that place, and that operations will soon commence.

—A cricket club has just been formed in Titusville. There are two or three old cricketers among us, and we don't see why this wouldn't be a good substitute for base ball.

—A. C. Porter of the Jackson Democrat was in town a Saturday and favored us with a call. He is about to enlarge his paper, which is a good size.

—A "lightning" man is to put up some rods on Banner & McKay's building in the course of a week or two. If the electric gentleman can get hold of Geo. Hunter he can probably get a job of putting up a few on the new bridge.

—Three iron bridges are to be put up in this county during the coming summer. Bell & Breckenridge will rebuild the river bridge; Miller, Jamison & Co. will put a bridge across the creek at the mouth, and one is to be built at Lacytown.

—A few slight skirmishes have enlivened the landscape and imparted an invigorating tone to business, recently. A few discolored eyes; a few tapped noses; a few handfuls of hair and a few broken teeth, then peace spreads her wings and fraternity is again established.

—One day last week we noticed some men trying to catch some fish in the back channel with a net. It was up-hill work and out of two hauls we saw only one fish was caught.

—L. Agnew, who had the job of running Cobbs' lumber from Conksburg to Pittsburgh, has finished his job without having experienced any bad luck, and is consequently feeling gay.

—Here we are with the ground covered with snow on the 23d day of April. If there's anything in the old belief, that a late spring makes good crops, we should have an abundant harvest this season.

—The Court proclamation and trial list for May term will be noticed in to-days issue. It is understood that Judge Trankey, of Franklin will preside during this term.

—M. Ittel has got his lumber job about completed. We believe he sent eleven Alleghanies to market from here. He has had no backsets so far as heard from.

—The twenty-fifth anniversary of the pastorate of the Rev. S. J. M. Eaton, D. D., of Franklin, was celebrated by his congregation on Sunday last 20th, and on Monday evening, 21st.

—Van Giesen & Stroup will have finished their job this week. One of their Alleghanies went adrift during the high water, and they were at considerable expense in getting it together.

—Its glorious fun to stand around and see a lot of fellows jump, and to think how sore they will be in the morning. If any one asks you to try your skill at it have the moral courage and foresight to say no.

—As soon as the snow is fairly off our young men would do well to re-organize the base ball clubs and be prepared to get back the laurels which escaped from them last summer, all on account of bad luck.

—A. B. Kelly and H. H. May are down the river at present attending to receiving their lumber run out from here. If we are correctly informed their lumber was rafted deeper than that of any other firm on the creek.

—M. G. Corry, late Captain of Co. G, 83d Reg't, is a candidate for the office of Prothonotary of Allegheny county. His success will gratify his numerous friends and comrades in this section.

—A new harness shop has been started in our place by a practical harness maker named J. B. Long. He occupies one side of Capt. Knox's tin shop, and will advertise with us in the course of a week or two.

—The hens consider their spring work done, and now are all the old plans tried again to keep them from setting. The most successful plan we have heard of is to set off a torpedo directly under the hen, and if she sets after that there is no hope for her.

—Job work comes in apace. Just now we are rushed, but we never lose our temper about a little trifle like that. If any one else has a job, or a number of jobs they want done in the highest style of the art, why they might just as well bring them in.

—Mr. Albert Shreve formerly of this place, now operating in the oil regions of Butler county, called upon us this morning. He has made some good strikes, among others a wife. He is a thorough oil man, and is confident that oil will soon bring \$5 per barrel. When that time comes he will sell his surplus oil.

—Forepaugh was to "show" at Tidoute-to-day, but we understand he gave it up on account of the weather. Quite a number of spectators were going from here, and we presume they are very much disappointed. If any of them get real wrathful about it, we would suggest that they give the amount the trip would have cost them to the Sunday School.

—The Oil City river bridge has been the scene of a good many smash-ups among the rafts for the past week. About once an hour some raft would endeavor to go over the bridge by climbing the piers, but always came to grief. The lumber from here mostly went through all right. There has been more lumber run out from above, on the river, this spring than we have ever before noticed on one flood.

—The spring styles are coming out rapidly. The prevailing fashions are carefully studied by the fashionable of both sexes, and many are the earnest consultations held on the momentous question of "what shall we wear." If our advice has any weight with stylish persons, we would advise that no material change be made in clothing; let each sex be designated by their usual apparel so that mistakes will be avoided.

—Petersons Magazine for May has arrived, and is filled with interesting reading, fashion plates, patterns and steel engraving entitled "The Tamboourine Player." The reading matter is light but entertaining. The magazine is worth the price in any household. Terms \$2.00 per annum. Address Chas. J. Peterson 306 Chestnut St. Philadelphia.

—Balloos Magazine for May is issued, and a bright handsome number it is, with a table of contents such as no other serial in the country can boast of. The best historical matter, and the best poetry can always be found in its list of contents. Only 15 cents single copies and \$1.50 per year. Address Thomas & Talbot, 36 Broomfield Street, Boston.

—Harpers Magazine for May is received. The following is a list of the contents: Life under the Ocean Wave; Love's Quest; Antoine Wiertz; The Perverse; Vienna; The Beautiful Miss Vavasour; The Present and Future of Japan; The Daisy; A Summer Cruise among the Azores and Canary Islands; Justine, You Love me Not; The Newboy's Debt; Old Kensington; Lost; A Simpleton; A Story of the Day; International Copyright; Geneva and its Bishop; The New Magdalene; Editor's Easy Chair; Editor's Literary Record; Editor's Scientific Record; Editor's Historical Record; Editor's Drawer.

—New goods at low prices; stock complete in Dress Goods, Prints, Muslins and Pants Cloth, Hats & Caps—spring styles, Boots and Shoes. We don't mean to be undersold by Jew or Gentile. No charge for showing. Come and see, we think we have something for all.

—Having been solicited to order some vines and bushes for spring planting, I have concluded to order in excess of the amounts thus far called for, so that all who wish might have an opportunity to share in them. Those who desire to avail themselves of this offer, may leave their selections at the Superior Lumber Co. Store, so that the list may be properly distributed. A detailed list of the kinds, and amount of each kind now ordered may be seen at the store. It comprises 500 Grape vines; 200 Currant bushes; 200 Gooseberry bushes; 325 Raspberry bushes; 200 Blackberry bushes; 1600 Strawberry plants; 100 Rhubarb plants; 100 Asparagus plants.
