## LOCAL AND MISCELLANEOUS.

### CO. COMMITTEE MEETTING.

There will be a meeting of the County committee at my office, Tuesday evening 27th May.—A full attendance is requested.

The following named persons are members of the committee:

E. L. Davis.
Eli. Heileman.
John Thompson.
F. E. Allison.
A. Patterson.
Lewis Arner.
Thos. Porter.
Hon. A. Cook.
James A. Scott.

Miles W. Tate,
Chairman Republican Co. Com.

—Geo. Hunter has built a barn on Hunter's Island, for the accomodation of the horses used in working the land.

—Wm. Lawrence, the popular landlord of the Lawrence House has our thanks for favors received. May his photographs ever do him justice.

—Mrs. E. D. McCreary, of Sheridan N. Y., daughter of Dr. Winans, is in town for a few days, visiting her father and friends. All are glad to see her.

—Some of our fisherman went out on Monday and brought home a string of fifty fine trout. They are getting "tol'able skace" about here, however.

—A man named Alexander Clark attempted to commit suicide in Rouseville on Sunday night. He shot himself in the abdomen with a pistol inflicting a wound which may yet prove fatal.

—We invite attention to the card of J. B. Long. Harness maker, in to days issue. Judging from the work Mr. Long displays he is up to the business, and can do any thing in the line.

—The Superior Lumber Co. Store put out an entirely new advertisement this week. Look at it, bear it in mind, and call at the Store, where Mr. Henderson will show you around and give you good bargains.

—Grove & Wolcott are sinking their last well, opposite Tunkeyville 80 feet deeper. They have cast their bread upon the waters in a very extensive manner for two or three years past, and it is about time to look for a return.

—The soda fountain at Knox's drug store is in full play, and is a right healthy drink. Jas. Fones, the obliging clerk knows how to dish it up in good style, and is always glad to see people enjoy themselves in this way.

—D. S. Knox purchased the old bridge across the mouth of the Tionesta, on Saturday last, for the sum of $35. There is at least $50 worth of iron in the bridge, and a good deal of the lumber can be used for other purposes.

—We are in receipt of the *Pennsylvania School Report* for 1872. The delight of the age. It should be in every family.

This delightful and refreshing book, combining as it does history, romance, architecture, poetry and algebra, is the work of many hands. The various Superintendents of the counties and cities of Pennsylvania have produced a work that commands general admiration, eclipsing all their former efforts in the line of literature. The book, although only issued last winter, has had an unparalleled circulation. Members of the Legislature went to the book cellar—and—well loaded cars conveyed this trophy of the age to their districts, which were fairly flooded with it. Fireside homes were made happy feasting over its contents. Added to this, "a new crop" is now in the hands of the county superintendents of the various counties for distribution to those whom the members of the last Legislature may chanced to have missed in their disinterested philanthropic efforts to enlighten their constituents.

In this book is pictured to life, the vicissitudes, yearnings, groanings and difficulties of the members of Institutes. Sprightly pictures glow on every page that awaken the sympathetic heart and fire the soul in the cause of education. The book has already (although it is only May) been translated into 27 different languages. 13 copies sent west alone broke up a meditated Sioux outrage and Indian war, and the tribes are now clamorous for education.

We can never sufficiently thank the projectors of this work for the happy influence they have wrought. Time and space do not permit a more lengthy notice, but we conclude by saying that the multitude of fancies that pervade this volume, coupled with its high moral tone, would furnish a first-class theme for a high toned artist.

—Geo. S. Hunter, who owned the river bridge which fell last winter, has been having a streak of remarkable bad luck for some time past. During the first flood Hunters Island was almost entirely unfitted for agricultural purposes, and on Monday night last one of his large gray horses died, the other following suit on Tuesday morning. It was a magnificent team, and the loss will fall heavily on Mr. Hunter, when taken in connection with all his other misfortunes. The sympathies of all our citizens are with him in his "bad streak."

—We clipped an item from the Venango *Citizen* last week, to the effect that E. L. Davis, of this place, was in partnership with K. & Chas. U. Brett, in the manufacture of boilers and engines, in Franklin. Mr. Davis desires us to state that the announcement was made without authority, and furthermore that he is running the institution himself, and K. Brett is his agent for the sale of the engines and boilers. There are good and sufficent reasons why the *Citizen* should correct this error at once, and we suppose it will be done.

—From a circular issued by our old patrons, S. M. Pettingill & Co., we learn that there is an effort making to lead the public to believe that the advertising agency bearing their name has given up business. This is a mistake. They are still in the business, and are determined to extend their business in every honorable manner. They are authorised to receive advertisements for this paper, at our lowest rates. Their offices are 10 State St., Boston. 37 Park Row, N. Y., and 701 Chestnut St., Philadelphia.

—Hon. David Maclay, Senator from this district called upon us on Thursday last, on which occasion we are sorry to say we were absent. We regret the fact very much, so we have never had the pleasure of meeting the Senator. The next time he comes around we will make it a point to be at home.

—J. J. Fisher has built a new sidewalk on church street alongside his property, moved his fence back about six feet, and tore down the old blacksmith shop on the corner of his lot. Taken altogether the improvements is marked.

—S. C. Sloan is building boats for Wolcott & Grove to use in putting up the Stone work of the new river bridge. The firm is spliting more rocks than would put up the stone-work of three ordinary bridges.

—Cloverseed, English and Common, and Timothy seed at
18tf Robinson & Bonser's.

**NOTICE.**

Commissioners' Office, Forest Co., Tionesta, May 1, 1873.

Notice is hereby given that the bridge across Tionesta Creek near its mouth will be removed by the 15th inst, and the Creek will be obstructed for sixty days thereafter in the erection of a new bridge &c. All persons interested will govern themselves accordingly.
By order of the County Commissioners.
D. W. Clark, Clerk.

**GROVER & BAKER SEWING MACHINES.**

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

"I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Jenny June)

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.

T. J. VAN GIESEN, Agent,
