LOCAL AND MISCELLANEOUS.

-A few slight drunks, and no ar erests have transpired within the last week. Has the ordinance to prevent this business been repealed? If so, when? If not, why is it not enforced? trip. -Dr. Fisher, Dentist, will be in town during court week, ready to do any thing in the line at fair figures. The Dr. is well known professionally, and his work stands every fair test.

-Carpenters are at work on Smearhaugh & Byer's meat market. It will probably be finished in the cenrse of a couple of weeks, and then we'll have lots of meat.

-A good deal of building which is expected to be done this summer is not vet commenced, on account, we suppose, of the slow sale of lumber. They're bound to come, however.

-We have seen specimens of the new postal cards issued by the P. O. Department. They are printed in brown ink, and there is nothing resnarkable about them. Those we saw thad business cards printed on the other side.

-II. W. Ledabur caught a very fine pike just below Lacytown dam, a short time ago, weighing about twelve sneezed at.

-The lodge room of Tionesta with new carpet, chairs, pedestals, &c., and is now in very neat condition. The Lodge is still growing in numbers and influence, and is one of the institutions of which our town has reason to be proud.

-- Court week happens next week, and the heart of the printer expandeth with anticipation. Never within our recollection has a court week come and gone without leaving us richer by at lest four dollars. So welcome, thrice wercome, thou week of peace and plenty.

A large boiler is loaded in front of Knox's Store, which is soon to be hauled up to Coon Creek, to be put into a milt which will be constructed either on the site of or near the Cobb Mill, by Mr. Lacy. Except the Myers Mill boiler, this is the largest tubular, boiler in this lumber region.

-Some person or persons unknown set the woods on fire along Tubbs run on Sunday last. A great deal of damage is done every year by this innocent pastime, and we wish to call attention to the law on the subject, which providesthat any person guilty of the act,

said to be favorable.

-Next week Friday, is the day apcointed by the Grand Army of the Republic, for the purpose of decorat ing the graves of the soldiers who lost inches in length. Meeting Web. The ladies should all consider themselves appointed a committee to furnish flowers for the occasion. If all work together we shall have a display which will serve to keep in mind the heroes who fell that the country might not perish.

-Mr. Schumaker, General Agent of the Franklin Fire Insurance Company called on us on Monday last. He is up to the business, and is moreover an agreeable gentleman.

-The trees are putting forth their leaves and the whole business will soon be decked in gorgeous array. Then will Tionesta be, as it always is in the summer, the most beautiful place on the river.

-Conductor Miller, of the O. C. & A. R. Ry. will start on a trip to California in about two weeks. Mr. Miller is deservedly popular as a conductor, and many citizens of Tionesta will join with us in wishing him a pleasant

-On account of the cold weather and late spring, we suppose, nearly all the large, able-bodied Democrats in Forest county are candidates for Assembly or county offices. Perhaps when the atmosphere becomes warmer some of the smaller ones will be encouraged to announce.

-We publish in another column the death notice of Mrs. J. P. Siggins, formerly of this place. She has been in poor health for several years past, and her friends will not be surprised to hear of her death. Her busband will have the sympathy of the entire community. She left two children.

-Several of our heavy lumbermen are still down the river, selling their lumber. The market cannot be as good as usual, or they couldn't be so long disposing of the lumber. Among others who are still absent are Jno. Cobb & Son, H. H. May, M. J. Bond, and/Jno. Reck.

All are old Lodge No. 369, has been furnished hands at the business, and will catch trout if they exist. The Franklin gentlemen took a good part of the fish home with them Monday evening.

> -The boat to be used in putting up the stone work fer the river bridge was launched on Monday. The water is getting low enough to commence operations and we suppose the operatives will soon begin. The arches can all be seen in the bottom of the river now, one of them having floated down the river about 75 rods from the place where it fell.

-One day last week, having some business up West Hickory, we took a hook and line along with us. Very to paint. fortunately we came across a school of run suckers, and immediately proceeded to snake out ten of the nicest ones it a list of contents; has ever been our lot to see. Of course the sport was not to be compared to trout-fishing, but we had a good deal of quiet sport right there and then.

-The new law regulating the sale of refined sil is now operative. It forbids the sale of any product of petroleum to be used in lamps as burning oil which is of a lower fire-test than 110 degrees Fahrenheit. Violation of the law are to be punished by a fine of not less than \$250, or imprisonment not less than one year, or both, at the discretion of the court. Any one sustaining danger to person or property by reason of the use of oil which is not of the legal standard, can collect damages of the dealer who sold the

-Boss Buck's case came up in the U. S. District Court, at Pittsburgh, on Saturday, and a continuance was granted until next term. Swope opposed the continuance, but it was nevertheless granted, on account of some importent witnesses for the defense, who could not be found. The bail was fixed at \$12,000. If there's any hole that Boss can possibly crawl out of we hope that the District Attorney will stop it up. If there's one thing this region desires more than any other it is that Boston will be incarcerated for the rest of his natural life.

-We have been requested to an nounce that Prof. A. C. Porter will exhibit his Stero Panorams at the M. E. Church, on Thursday evening of Court week. The exhibition will consist of-a large number of views of the Franco-Prussian war, Chicago fire, scenes in Palestine &c., &c. The descriptive lecture will be delivered by Rev. O. M. Sacket, of Clarion, Pa. We would advise all those who wish to spend an evening pleasautly to attend this exhibition.

The one Hundered and Eleventh, One Hundred and Forty-fifth, and the Second Cavalry have heretofore held their reunion with the Eighty-third, and will probably do so this year. In common with several other papers we announced that the reunion would take place at Meadville. A Conn- 2t eautville subscriber has our thanks for calling our attention to the error.

-Our friend and fellow-citizen. J. G. Dale is having a strenk of luck. In addition to owning an interest in a large well which was struck a short ders by mail promptly attended to. time ago, he has an interest in a ninety-acre lease about nine miles from Parkers, on which a test well was finished last week, and which is pumping about a hundred barrels. As these are his first operations for some years, he may be considered more than usually lucky.
