At TIONESTA STATION, on and after Monday, November 4th, 1872:

Table with 3 columns: Train, Time, Direction. Includes Southward and Northward trains with times like 8:25 p. m. and 6:54 p. m.

Passengers will have to understand that "Northward" in the table is down the river, and "Southward" is up the river. Trains 19 and 20 are mixed freight and accommodation; the others are passenger trains.

LOCAL AND MISCELLANEOUS.

SPECIAL MEETING I. O. O. F.

The members of Tionesta Lodge, No. 369, I. O. O. F. will meet at the Lodge room, this (Wednesday) evening, at 7:30, to make arrangements to attend the ceremonies on Decoration day in a body. Members of neighboring lodges in good standing, are invited to be present. S. H. HASLET, N. G. J. T. DALE, Sec'y.

Sheriff Van Giesen has purchased Stroup's house and lot just south of Tate's. The terms are private. Judge Cook came in last evening to attend court. He reports eight cases of small-pox in Cooksburg. If you have wool to dispose of, take it to Hilbrunner's store, where you can get the highest market price for it.

Don't neglect to get a glass of that nice, cool soda water at Knox's Drug Store. It's mighty refreshing this warm weather. Dr. Winans has built a carriage house, just in the rear of his barn, to accommodate a new carriage which he has just purchased—a little the neatest turnout in this neck of woods.

Ex-Sheriff Davis moved to Franklin last week, and Philette Thompson either has or soon will move in the house vacated by Davis. No habitable dwelling is allowed to stand empty very long in this place. The river road, between the ferry landing and Col. Thomas' residence, is so washed out as to be impassible for teams. In some places upward of half the road is washed out. Barriers have been set up to prevent accidents.

The "Jos. Dixon Crucible Co.," of Jersey City, N. J., have our thanks for a package of lead pencils of its make. Those sent us are the best we have ever used. If our dealers will supply their customers with this pencil, we will guarantee that they give satisfaction. Decoration Day will be observed here in an appropriate manner. The court has been petitioned to adjourn on that day at 4 p. m., to give those in attendance an opportunity to participate in the ceremonies. Good speakers will be in attendance, and all should make it a point to be present.

Col. Reisinger, of the Meadville Republican, and Ros Reisinger, Esq., of the law firm of Richmond & Reisinger, of Meadville, spent last Sunday with Dr. Winans. The Col. is well known here, through his former connection with this paper, and was greeted with pleasure by his friends here. This is court week. And we may all make the most of it, as we don't have another court week until September. Legal business is brisk. Judge Trunkey, of Franklin, presides, and is putting the business through in good shape. Our hotels and boarding houses are reaping a harvest, but other business is not proportionately increased. However, all are glad to see the stir attendant upon a session of court.

—Andy Weller is a troutist, or we are misinformed. On Friday last at about 10 o'clock a. m., Andy and his two boys, aged respectively 12 and 14 years, started down a stream near Buck mills, following another fishing party, and returned home on Saturday evening with 518 trout, besides having eaten their fill while out. One of the boys caught 155 and the other 120 trout. "Abe," the oldest boy, caught one which measured 13 inches. Andy referred us to Esquire Patterson, who had seen the fish. So we interviewed the 'Squire, who informed us that he had seen the fish, and that there was one 12-quart and two 10-quart pails full of the fish. If any one beats this between now and the 15th of August (at which time we understand the trouting season expires), let us know, and we'll publish the fact.

—An invitation has been extended to Hon. S. N. Pettis, of Meadville, to deliver an address at the cemetery on Friday next, on the occasion of the decoration ceremonies. His answer has not yet been received.

—Judge Dale's residence is gorgeous in a new coat of paint, a very marked improvement. The "Rural House" also, kept by Mrs. S. S. Hulings has been indulging in the same way. A little paint does a good deal in the way of looks.

—D. S. Knox has erected an extensive hen-house, with promenades, gates to swing on, cellar doors to slide on, cool arbors with nests and patent nest-eggs, and, in fact, all the modern improvements—everything that can in any way tempt a hen to lay. If he don't have eggs to sell it will not be the fault of the hen-house.

—Why don't some of our enterprising grocers bring on some green fruit, or something or other to super-induce colic? That commodity is getting alarmingly scarce, and our physicians are living in a state of inglorious ease. Bring on some strawberries, anyway, and try the experiment.

—During last week we did a very difficult piece of work for the County in the shape of a Bridge Bond. If any of our readers have money to put into a safe and good investment, we would advise them to put it into these bonds. They pay a good interest, and are redeemable at the pleasure of the county, at any time within eight years.

—A valuable canary bird belonging to mine host of the Lawrence House, died of a superabundance of temper, one day last week. Another bird was put in the cage with it, when it got into such a terrible passion that it died shortly afterward. Moral—don't put two birds of one gender in one cage at one time.

—The Superior Lumber Co. Store is doing a rushing business in the line of custom tailoring. Increasing business has made it necessary to procure another tailor, and they are now prepared to make anything in the line of gentlemen's clothing that may be called for.

—The select school which has been kept by Mr. Titus for two months past, closed on Friday last. Parents prefer paying a dollar or two a scholar per term, rather than have that amount added to their school tax, because the constitution of the genuine American objects to anything in the shape of taxes.

—An effort is making to get a gentleman of Jamestown (formerly pastor of the Presbyterian church of that place) here on Friday next, to make an address on the occasion of the decoration of the soldiers' graves. If the effort succeeds, the reverend gentleman, whose name escapes us just now, will preach in the Presbyterian church on Sunday.

—Chas. Murphy, of Bob's creek, met with a serious accident yesterday, which will keep him in his little bed for some time. He was wrestling with G. W. Dean, of Panther Rock, and during the wrestle, Dean tripped Murphy, breaking one of his legs just above the ankle. It was a simple fracture, and was reduced by Dr. Winans. The injured man is at present at Black's hotel.

—The mill of H. W. Ledabur, at Lacytown, is in good running trim and is doing good work. The proprietor is a square man, who will give every one his money's worth of anything in his line. He keeps chop, oats and flour at all times, for sale at the lowest market prices. He is also postmaster of that post office, and gives universal satisfaction.

—Smearbaugh & Byer's meat market is nearly finished, and is about 18x24, two stories in height.

—A friend of ours, who is something of a poet himself has left a piece of selected poetry here for publication. It will appear next week.

—Judge Proper lost a pocket book containing upwards of a hundred dollars, while in Pittsburgh, recently. It was taken from his vest pocket in his room, while he was sleeping.

—A supplement to the borough ordinance relating to sidewalks, appears in to-day's paper. It will be seen that all are required to keep their walks in repair, which we hope to see properly respected.

—"Bill" Pollock speared a spoon fish the other day which weighed 23 pounds. On the same day Davy Hills and Jno. Hulings speared five of the same kind which weighed, altogether, about 75 pounds. They are very good eating and haven't as many bones in their whole body as a sucker has in any two inches of his body.

—Our readers will notice the card of the National Hotel, of Tidioute, which appears in to-day's paper, Benj. Elliott, Esq. who served in Forest County three years in the capacity of Commissioner is the landlord, and will do everything in reason to make his guests comfortable. Give him a call when you go to Tidioute.

—D. W. Clark is agent for the Atchison, Topeka & Santa Fe R. R. Lands, and supplies free tickets from this point to the lands to all who wish to purchase lands. These lands are among the best in the west, and can be purchased on eleven years' credit. If you wish to settle in the west give him a call, as you cannot do better than he can do for you.

—Mr. Breckard is in town, ready to go to work on the bridge, but proceedings are temporarily suspended on account of a change suggested in the plans and specifications. It is thought better by all parties, to put a long span at this end of the bridge, leaving out the contemplated pier where the old abutment stood, altogether. The only question is as to the extra cost. The iron for a span 80 feet longer than the others, must necessarily be heavier and more expensive than the others. Some agreement will probably be arrived at within a few days.

—Mr. Jas. Green, of East Hickory, writes us under date of May 20th, of a run-away which happened on the 15th inst near that place. It appears that Mr. Wooster Buris, his wife and baby and a sister from New York State, were coming down from Stowtown to West Hickory. A short distance from East Hickory, he stopped to water and took the bit out of the horse's mouth. By some means the horse got frightened and ran toward town, turning a short corner at Bonmas store, throwing Mrs. B. and the child out of the buggy, injuring the mother quite severely, but leaving the child entirely unhurt. Miss B. jumped from the buggy shortly after, alighting safely. The horse was caught by running into a lane which had been fenced up at one end. The injured woman is doing well.

GROVER & BAKER

SEWING MACHINES.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others. "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Jenny June) "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York. "I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant. T. J. VAN GIESEN, Agent, Tionesta, Pa.
