Passengers will have to understand that "Northward," in the table is down the river, and "Southward" is up the river. Trains 19 and 20 are mixed freight and accommodation; the others are passenger trains.

## LOCAL AND MISCELLANEOUS.

Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper.

The boiler for Lucy's mill was moved to Cog creek yesterday. Philo Thompson bossed the job.

Mr. Breckinridge, with his forces is at work fishing out the bridge iron. He has got part of two arches out.

If you have wool for sale, take it to Hillbrouner. You can get the highest market price for it there.

Robinson & Bonner will buy all the wool in the region at the highest market price.

Geo. Latimer, clerk at the Tionesta House has removed his bed and board from the hotel to the house formerly occupied by Hackett. Geo still keeps his position in the aforesaid house.

A. C. Porter's Stereo-Panoptican exhibited in the M. E. Church, on Friday evening last, to quite a large audience. The views given were explained by a reverend gentleman from Clarion.

The 21st inst. has been fixed upon by the Democratic county committee as the time of holding the primary election. After the returns come in we'll see whether all these candidates are going to the Legislature.

T. B. Cobbs new house, which is under process of construction bids fair to be one of the handsomest in town. The work is being pushed rapidly forward, and the house will probably be ready for its occupants in a couple of months.

Court week brought no material change to our spirits, and not enough to hurt to our pockets. Greenbacks are so scarce just now that anybody who owes anybody expects anybody to wait until the lumber market gets better. "Hope deferred maketh the heart sick."

The following licenses were granted at this Court: In Tionesta Boro, D. Black and M. Ittle, hotels, and Bovard & Co. wholesale. In Tionesta Township J. R. Neill, hotel, and A. McCay, restaurant. In Harmony, Maj. John Woodcock, hotel, and A. K. Badger, eating house.

Hon. T. G. Gordon, of Brookville, was in town during last week, attending court. The Republican Co. committee instructed the delegates to the State convention to cast their ballots and influence in favor of him as candidate for the Supreme Judge ship. He is eminently fitted for the position.

Prof. J. P. Wickersham, State Superintendent of schools, will meet with the county superintendents of Crawford, McKean, Warren, Erie, Mercer, Venango, Forest, Clarion and Jefferson, at the Exchange Hotel, at Franklin, on Friday, June 12th, at 9 o'clock a. m. Our superintendent, Prof. Rohrer, will undoubtedly be on hand.

Decoration Day was observed here by all. The Old Fellow's of this place turned out in regalia and made a very presentable appearance. They marched to the cemetery to the music of a band composed of parts of the Tionesta and Tidioute bands under Prof. Weber. After the graves were decorated the funeral service was read by Jas. Woodington, acting chaplain of the Odd Fellows, who was followed by Miles W. Tate Esq., who delivered a very eloquent oration, which was listened to with marked interest and was really a very fine production. S. D. Irwin Esq. was then called upon, and prefaced his remarks by saying that he had made no preparation, and did not expect to be called upon. However, he made some very appropriate remarks and quotations which were well received. The Chaplain then read a prayer, and the assembly departed for their several homes, impressed with the solemnity of the exercises. Two gentleman whom we mentioned last week as having been invited to be present to make addresses and participate in the ceremonies, were unable to be present, making the services shorter by at least an hour and a half than had been anticipated. The day was generally observed throughout the United States, and will be all probability be made a national holiday by act of Congress, next winter.

Somebody squealed! The Devil mourneth because some of our fishermen would spear some large fish on Sunday, and more especially because we referred to the spearing as having taken place "the other day." Now we never tried, but don't believe we could hold any of these bold fishermen more than about a minute, if they wanted to go fishing real bad; and suppose any one of them could bring Bishop to grass in about five seconds. Moreover, we are prepared to swear that if all these spearsmen got together, and were bound to go, we could hold them at all; no more could Bishop. There has been no preaching here for about three weeks, consequently some men will kill time by killing fish. And now to the man, woman or child, who tattled to Bishop about this Sunday fishing, we would say, Don't do it any more; you might as well teach it to a parrot, as the Devil man (whose papers circulate very extensively) tells all he knows, and this magpie, J. J. M., judging from his last Tionesta letter, tells a great deal more than he knows. In regard to that bible, we've got it yet, but get no salary for proclaiming the Gospel, nor have we a religious department in our paper. That sort of thing we leave to Conver.

The following are the findings and presentations of the Grand Jury: Find a true bill against J. R. Reid for misdemeanor. Not a true bill against Frank Garvey et al. for assault and battery, and that Ellen Constantine, prosecutor, pay costs.

The following presentments: That the road in Green township leading from Lacytown to the County line is impassable, and in an unfit condition for travel. Also the Boro road in Tionesta leading from May St. to the Ferry. Also the road leading from Tionesta Bridge to the Boro line. Also the road leading from Lacytown in Green township to Morgan's Mill. The Grand Jurors further present that the lightning rods on the Court House are in an unsafe condition, and require repairing. Also that the coal cinders emptied on the Court House grounds are a nuisance, and ought to be removed.

And now, if you must have fishing tackle, gotten up in the highest style of the art, and just as cheap as any reasonable man can want it, just go to Tidioute, and call on Pappy Baldwin. His store can't be beat, and sells at living rates. Likewise, he sells the best quality of guns, revolvers, cartridges, and that same world-renowned Grover & Baker Sewing Machine. Horace Jones does gunsmithing in the same establishment, and is the best gunsmith in that or the seven adjoining localities. Give them a call, at any rate, when you go to Tidioute.

If you want the best quality of Jewelry, Gold or Silver Watches of any pattern or movement, go to the extensive establishment of M. P. Janks, corner of Water and Chestnut streets, Meadville, Pa. Or, if your watch should get out of repair, send or take it to the same establishment, and it will be fixed up by an experienced watchmaker.

It is astonishing to see the amount of pious patriotism which animates the breasts of the citizens of the intensely Democratic county of Clarion; to note the number of those who are willing to serve their country in the way of taking the burdens (and fees) of the various offices to be filled next fall. At present there are four candidates for nomination for the office of Assembly, ten for Sheriff, eight for Treasurer, six for Commissioner, and one for each Auditor, Coroner and Jury Commissioners. There won't be any soreheads in that county after the nomination—Oh, no!

It's almost as hard work now to get fishing worms as it is to catch the fish. The dry weather has made the little angle-worm delve deeper into the soil, and one has to dig a cellar before he can fill his bait-box. The signs of the times all indicate a draught, but we understand that Judge Proper predicts a flood next week, and if he has made up his mind to that effect, the signs must give it up.
