Time of Trains

At TIONESTA STATION, on and after Monday, November 4th, 1872:

Table with 3 columns: Train No., Direction, and Time. Includes Southward and Northward trains.

Passengers will have to understand that "Northward" in the table is down the river, and "Southward" is up the river.

LOCAL AND MISCELLANEOUS.

Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper.

We are informed that Philetas Thompson lost a valuable horse last week, the animal having taken sick and died inside of half an hour.

"Squire" Fleming, one of the old settlers of this place, was in town last week. He is one that his old acquaintances are always glad to see.

New and tasty fences have been put up about the Tionesta House garden, about part of A. B. Kelly's premises, and about the Lawrence House.

G. W. Robinson will resume work on his house in the course of a week. The roof is to be raised, another story added, and other material improvements made.

Our County Treasurer, Fred. Glassner is making the rounds of the County after the taxes. From what he says we judge money is pretty scarce.

Where is our Street Commissioner this year? It is high time roads were repaired that are going to be repaired at all; and our's need it bad enough.

Samuel Riddle caught a young porcupine just below the blacksmith shop, last week. Its objections to captivity were rather pointed, so Sam. let him go again.

Next Saturday, we believe, is the time when the Democracy of Forest county holds its primary elections. The principal excitement is on the question of Assembly. May the best man win.

The frame of the first story of Dithridges mill is raised, and is strong enough to bear up about seventy-five thousand tons of weight. If the rest of the mill is built as strong it will come down in a hurry.

Mrs. Price, a daughter of Col. Thomas of this place, and wife of Dr. Price, of West Chester, Pa., has been visiting her friends in town for about a week past. A very pleasant lady, and one whom all are glad to meet.

Joe. Hulings, the Thompson Brothers and Jas. Black are pulling the arches of the old bridge out of the water, and are to deliver the same on the cars. It is a slow job, but will be accomplished in good time.

The work on S. H. Haslet's house is going on; the plasterer, we believe having the floor just now. We are a little sorry about this, as we wanted Samuel to go fishing with us, and he cannot leave on account of the house.

Bridge work is lively just now. Messrs. Wolcott & Grove have a large force at work on the river bridge and are driving ahead fast. The stone work of the creek bridge will be done this week, and the iron is on the way, and with no bad luck or high water, will be up and ready for crossing by the end of the month.

Why is it that we cannot have preaching every Sabbath. As it is there is only preaching every two weeks. If there is no one denomination in town able to support a regular preacher, let us all join together and get a preacher every Sunday—one Sunday have one denomination, and the next another, and so have preaching of some kind every Sunday.

J. Hood is getting the materials ready for his house, and Charley Hinton is, also; the next we expect to hear is that D. W. Clark has sold out and bought a lot up Tuba's run, as he comes from an old stock of pioneers, and since Tionesta began to improve has been the one to build the furthest out of town.

The correspondent of the Derrick finds fault with the way the new piers of the bridge are being constructed, i. e. with the ends heading up the stream being square. For his information we will state that there are to be ice-breakers built of logs, and filled with stone; joined to the square end of the piers aforesaid.

M. Itel, proprietor of the Tionesta House, is building an addition to the South side of his hotel, large enough to make plenty of room for two billiard tables, which are on hands waiting for the room. The structure is to be finished by Saturday next.

Col. Thomas is preparing to build a very neat house (according to the plans which he showed us) on the lot just east of Cobbs new house, and just across Hellen St. from the Sheriff's house. It is to be ready for occupation by the 1st of September next.

Our Borough Dads done a good thing when they passed the ordinance for property owners to repair the sidewalks in front of their property, but the property owners aforesaid, don't repair worth a cent. We hope to see the ordinance enforced at once.

Postal cards having written or printed thereon matter of a vulgar or indecent character, scurrilous epithets or disloyal devices will not be forwarded in the mail. Any person depositing postal cards, having written or printed matter thereon, as above for bidden, or causing to be deposited in the post-office for mailing or for delivery, is subject to a fine of not more than five hundred dollars, or imprisonment of not more than one year, or both, according to the aggravation of the offense.

Postmasters are not, under any circumstances, permitted to redeem or exchange postal cards, that may be misdirected, spoiled in printing, or otherwise rendered unfit for use.

In their treatment as mail matter they are to be regarded by postmasters the same as sealed letters and not as printed matter, except that they are not to be returned to the writers or sent to the Dead Letter office. If not delivered within sixty days from the time of receipt, they will be burned by postmasters.

Brainards' Musical World for June is on our table, and contains a full and very interesting report of the great Cincinnati Musical Festival, also the usual amount of musical stories, news, gossip, reviews &c. Three pieces instrumental music, and a beautiful new song are given in this number, which are alone worth the price of the Musical World a year. No person interested in music can afford to be without the Musical World, and the low price at which it is furnished, (one dollar per annum) brings it within the reach of all. Specimen copies are sent to any address on application to the publishers, S. Brainards' Sons, Cleveland, O.

The July number of Ballou's Magazine is already issued, and a nice number it is, one of the best that has appeared since the great fire, when the office of the publishers was burned. It is a marvel of neatness and good taste, and contains such a brilliant list of stories and illustrations that we do not wonder at its popularity, gained in spite of competition. It is just the book for the household, and such being the case we recommend it to our readers. Address Thomas & Talbot,

The famous Watkins Glen, located at Watkins, Schuyler Co., N. Y., which has become one of the most popular Summer Resorts in the United States, and is annually visited by tens of thousands of people from all sections of the country, will—with its two Mountain Houses—be open this season, for visitors, on or before the 1st of June. The entire Glen property has recently been purchased by John J. Lytle & Co., of Philadelphia, who have made many important improvements—nearly all the staircases, bridges and railings having been renewed—and the Glen is in a much better and safer condition than ever before. These gentlemen will personally supervise and manage the Glen, and its Summer Hotels, during the season of 1873, and spare no time or expense in endeavoring to make it an attractive and pleasant place of resort for the public.
