Time of Trains

At TIONESTA STATION, on and after Sunday, June 23rd, 1873.

Table with columns for Train No., Class, and Time. Includes South-1st Class and North-1st Class trains.

LOCAL AND MISCELLANEOUS.

No Paper next Week.

In accordance with a custom which we much admire, which gives county editors and printers a breathing spell in July, no paper will be issued from this office next week. Where we will celebrate, or how we have not yet decided, but will endeavor to remember to do nothing that would put any of the old signers to the blush, should they be there to see. Our office will be open a good share of the time, and we shall be prepared to do job work just the same as if we weren't resting. Our next paper will be issued July 16th.

Fire crackers and Lemons just arrived, and for sale at the "American" Drug Store. Also a fresh lot of fine candles.

Somebody's borrowed Robinson's wheelbarrow, and he'd like to borrow it back, if the individual who's got it will accommodate him so far.

Geo. Haslet has a beautiful fawn, which he captured in Old Forest a short time ago. The little creature is as tame and affectionate as any household pet, and I expect to be fondled.

J. R. Stroup has accepted the office of Street Commissioner for the borough, and work will commence at once. A consummation devoutly to be wished.

Work on the two bridges is going steadily on, without much fuss being made about it. The creek bridge will probably be finished before the 1st of September, and the river bridge about the 1st of October.

J. T. Dale and J. E. Wenk start to-morrow for Cleveland, where they will take a boat to Du Luth; they are to be absent a couple of weeks, and will probably get sea-sick and have a very nice time, provided they don't get wrecked.

Some burglars recently broke into the house of the editor of the Emporium Press. It is needless to say that they were strangers, or they would know better than to break into an editor's mansion. The misguided thieves didn't find anything worth carrying off.

A boy named Wm. Cole, who is not quite level in the head, being a simple, but harmless fellow, was bitten by a rattlesnake near his home, on Stewart's Run, about two weeks ago. He was going across a cleared field, and his boots hurting him, he drew them off, and walked barefoot. As he was stepping across a log, the snake sprang from under it and bit him on the foot. For a time his life was despaired of, but he is now improving.

Mason & Hamlin Organs for Rent, with privilege of purchase for monthly payment, to responsible parties. The "Weber" "Steak" and six other makes of Pianos, also the Smith Organs and Estey Organs. Sheet music and Music Books. Five years guaranty on every instrument. Address Jos. Steinberger & Co. Oil City Pa.

For those who do not want to stay in Tionesta on the Fourth there are a variety of alternatives; of as many different classes as there are different characters in our midst. The Odd-Fellows of Warren county held a basket picnic at Irvineton, to be topped off by a Cornet Band Hop in the evening. The Tidioute indulge in trotting matches, horse races and foot races for purses large enough to make it an object. The Oil City folks have a celebration, the procession to be headed by two celebrated Brass Bands, Military Companies and the fireman with their "mansheens." The noise will be furnished by field pieces and the bursting of hose belonging to the fire apparatus. The exercises will be varied by sliding down the hill from Clarks Summit, mule races, sack race, boat race, base ball and greased pole. Alf. Burnett is to polish the whole arrangement off in the evening. Barnum Shows in Corry on the Fourth, and Meadville celebrates. Dutch Hill will keep up its reputation this year as usual, and Bear Creek will have a time which will be remembered years hence. Now citizens, "you pays your money and you takes your choice."

The Meadville Republican says "Tionesta has a sulphur spring, but this is not an indication that the crust is thin in the vicinity of that place, as some bad meaning newspapers affect to believe."

Tionesta has no sulphur spring. The crust is not as thin as that story. No newspapers affect to believe it. With these slight exceptions, the Republican item is correct.

It isn't near as hot here as it was when Reisinger was here raising sulphur fumes by red-hot political articles, and we are much nearer heaven by reason of his absence. If we hear any more scandal from that quarter, we will go up to Meadville and eat up all the Col's provender.

Swaggart & Smearbaugh have combined forces, and propose to have fresh meat constantly on hand. They will sell none but the best quality. Both shops will be open mornings and evenings.

The new time table on the O. C. & A. R. Ry. went into effect on Sunday last. In its proper place will be found the time of trains at this Station, for which we are obliged to Mr. Craig, the gentlemanly agent of the road at this point. Up the river in the new time table is now North. Down the river South.

In its proper place will be found the announcement of M. E. Porter, of Barnett twp., as a candidate for county commissioner. Whether he is a candidate for nomination according to Republican usages or not, has not transpired. If so, there is plenty of time to change the announcement.

The money market here is getting no better fast. Those lumbermen who could just as well wait awhile for their returns, mostly have their lumber on hands yet; preferring to wait for a rise in the price to selling at the present low rates and taking paper at that. Hence the scarcity of cash.

C. B. Ely, corresponding Secretary of the Northwestern Agricultural Society, has our thanks for a complimentary ticket to third annual Fair of that Society, which takes place at Corry, Sept. 16th, 17th, and 18th, 1873. Should the weather prove favorable this fair promises to exceed any heretofore held by the society.

We have printed bills for a festival to be held at the mouth of Bear Creek, on the Glorious Fourth. The Bear Creekers have put up a platform for dancing, large enough for three sets to dance on at once, and tables capable of seating as many as will be liable to come. Good music and refreshments will be provided. All who go may rest assured they will have a good time.

On Thursday last, while excavating for the foundation of Reck's new house, the workmen threw out the upper part of a skull, and other portions of a human skeleton. The bones were in a decayed state, and are supposed to be those of an Indian, no white man having ever been buried there within the recollection of the oldest settlers. Some of the bones were taken in charge by Dr. Blaine, who is supposed to be practicing for the duties of coroner.

The last Jacksonian says: "One sorehead stopped his paper last week, but ten others subscribed." That was a pretty good week for soreheads subscribers; but then we predicted how it would be, when we saw all those announcements in the papers of Clarion. As near as we can find out about half the population of that county were out for office, and only one to each office got the nomination. This makes soreheads, but we don't consider it exactly courteous to his subscribers, for Porter to come right out square and call them "soreheads." They are undoubtedly just what Mr. Porter calls them but it sometimes happens that nothing makes men "madder" than to tell the truth about them.

District Attorney Mason has erected that awning in front of his office, and has treated the office as well the awning, to a new coat of paint. The improvement is remarkable.

Mr. H. G. Tinker, the Hardware merchant, of Oil City, called on us yesterday. He is a good business man and supplies a good part of this region with his wares. We can conscientiously recommend him to our dealers as a man who will do as well by them as any one in his line of business.

Monday afternoon as S. C. Sloan and Jas. Black were boating some stone to fill up the ice-breaker now being constructed, the load being a little heavy, the boat foundered. Black went in, and displaced so much water that the lumberman below went immediately to look at the cables on their rafts, thinking a flood was coming that might carry away their lumber. When Black got out the river fell, and now meanders along the low water channel.

A gentleman in Harmony twp. called on us a little over two weeks ago and asked us to say through our columns that the road in Tionesta twp., from the depot to the Harmony line was badly out of repair, and that the Supervisors had better fix it up at once. We charged our mind especially with that suggestion, and calculated to put in an item which would make the aforesaid supervisors tremble in their boots; but we were making preparation to go fishing, and forgot that such a thing as a road in Tionesta twp. ever existed. In our cooler moments it comes back to us like a comet, and we haste to say "Supervisors, repair those roads!"

M. P. Jenks, Jeweller, Meadville Pa., has the largest and best selected stock of Watches, Jewellery, Silver and plated ware to be found in any establishment of the kind in Northwestern Pennsylvania. Also one of the best Watchmakers in the States. Everything warranted as represented. Remember the place, corner of Water and Chestnut Sts., Meadville Pa.

Peters Musical Monthly for July comes to us filled, as usual with beautiful music, both vocal and instrumental. The Sheet music, of the pieces contained in this number would cost upwards of \$3.00, and yet the price of this periodical is only \$3.00 per year, or 30 cts. per number. Address J. L. Peters 599 Broadway N. Y.

Wood's Household Magazine for July is ahead of any previous number, and when we consider its usual standard of excellence, this is rare praise indeed. It is household, not only in name but in character, and its table of contents shows a wonderful adaptation of articles to the individual members of the family circle. "Sam's Little Girl," a temperance story by Mary Hartwell, "Weather-tough Block," by Karl Kaese, "How The Vow was Kept," by H. V. Osborne, "Lunatics at Large," by Rev. F. W. Hollau, and "The Declaration of Independence," by J. B. Wenkeley, D. D., are among the more noticeable articles. The Children's Department is crowded full, and contains a poem, in baby-talk, which without doubt, will be very acceptable to the little ones. The price of the magazine is one dollar a year. Address, Wood's Household Magazine, Newsburgh, N. Y.

Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper.

Robinson & Bonner have a full stock of Palm, Leghorn, Wool and Fur Hats for men and boys. Also Ladies' and Misses trimmed Hats.

School Tax Notice. In pursuance of act of April 21st, 1869, Sec. 2, P. L., page 87, I will attend at my store, in Tionesta Borough, on each Saturday for the next two months, at which time any person wishing to pay his or her school tax for the year 1873 can do so and receive a deduction of 5 per cent. on the amount of his or her tax. After that time no abatement shall be made, but after three months, their will be an additional 5 per cent. added on all tax not collected, or paid into the hands of the Treasurer. D. S. Knox. Tionesta, June 16, 1873.

The colored address label on each paper shows the date to which the subscriber has paid, thus: This Turner 1874,

signifies that Mr. Turner has paid for his paper until March 1st, 1874. The mail list is corrected weekly. By consulting the address label every subscriber can tell how his account stands. Our accounts go back no further than the 1st of January, '73, the accounts previous to that time being payable to the old firm. The old subscription book is yet in our hands, and our receipts will be recognized by the old firm.
