**LOCAL AND MISCELLANEOUS.**

—Rev. Reeser will preach in the M. E. church on Sunday next, morning and evening. Sunday School in the Presbyterian church at 9:30 A. M.

—In another column will be found the marriage notice of Judge Brandon, formerly of this county. The Judge has many friends in the county, all of whom will wish him any amount of happiness and comfort.

—John Reck showed us the plan of his new house, recently, which we consider convenient and tasty. He calculates to have the building enclosed some time this fall, and will finish it at his leisure next summer.

—Wm. Cole, the boy recently bitten by a rattlesnake, near Stewart's Run, is all right, and on his taps again. He is mending around, singing through his nose, and looking as though it wasn't much of a trick, after all, to survive a rattlesnake bite.

—Our readers will notice the professional card of Dr. J. H. Hively, Surgeon Dentist, of Oil City. The Dr. is satisfied that he can do good work, and wishes those of our citizens who are in need of his skill, to call on him. His office is in Schonblom's Building, Oil City.

—Zach. Shriver's horses started up a little too suddenly, one lay last week, and in the scuffle Zach. got a pitchfork tang run through his foot, which will cripple him for some time to come. He don't get that sympathy from the boys that one might expect, however. They tell him he hadn't ought to lay his feet all over the wagon.

—The Fourth of July was a dull day in town, but we understand that Dutch Hill celebrated in a lively manner. The "light fantastic" was tripped all that warm day, and far into the night. Ross Run also celebrated in a like manner, and one of the participants assures us they had a very nice, quiet time.

—The Democratic District conference, to put in nomination a candidate for Assembly, was to have met at Tylersburgh, yesterday, but Mr. Williams, the Clarion county nominee objected, at a late hour, and named either Clarion or East Brady as the place for holding the convention. Dr. Winans, the nominee of the Forest county Democracy, chose East Brady. The conference will take place on the 22d inst. Its none of our funeral, but if they by any means fail to make a nomination, we must try to put in a Republican Assemblyman from this district.

**Mason & Hamlin Organs for Rent,** with privilege of purchase for monthly payment, to responsible parties. The "Weber" "Steck" and six other makes of Pianos, also the Smith Organs and Estey Organs. Sheet music and Music Books. Five years guaranty on every instrument. Address Jos. Steinberger & Co. Oil City Pa. 14-3m

**PERSONAL.**—Since our last issue Miss Florence Knox has returned from her school in Cincinnati, bringing a friend with her.

Miss Clara Hunter, a teacher in the Beaver Seminary is also at home spending her vacation.

Miss Adelta and Mr. H. W. Roberts and Alex. Dale are at home from the Carrier Seminary.

Miss Abbie Partridge, of Jamestown, N. Y. is visiting her friends in this section.

A. B. Kelley, Esq., is at home for a time, but goes back to Capa May soon.

Prof. Weber is in town spending a vacation, which may last until the 1st of September.

Mr. E. H. Savage, formerly of this place, but for the last four years a resident of Louisville, Ky., is at present in town, on a visit to his friends.

Mr. T. B. Cobb is at home from Pittsburgh, where he has been for some time, on business connected with the lumber interests of Jno. Cobb & Son. His new house will be ready for occupation shortly.

—According to previous announcement, a meeting was held in the Presbyterian church on Sunday last, for the purpose of getting the feeling of the congregation on the question of calling a pastor to fill the pulpit of that church.

S. D. Irwin, Esq. was chosen President of the meeting, and A. B. Kelly, Esq., Secretary.

It was moved that Rev. Brown, recently of Rouseville, be called to fill the pulpit for a year, carried unanimously.

S. D. Irwin, Esq., A. B. Kelly, Esq., and Capt. C. W. Clark were elected Trustees of the church.

A committee was appointed to procure a minister to moderate a call for a pastor for the church [Dr. Blaine, from that committee, informs us that he has procured the services of Rev. McFetridge, of Oil City to act in that capacity.]

The trustees were instructed to report at the next meeting, the extent of repairs needed to the church, and to suggest ways of raising funds for said repairs.

The meeting then adjourned, and will meet again on Monday evening next, the 21st inst., when Rev. McFetridge will be present to attend to the duties to which he is called. It is desirable that as many of the congregation as possible will be present.

—To those who intend to be candidates for nomination at the Republican Primaries, we will say, You might as well come out, and be well canvassed and slandered before the heat of the battle commences, or something will be sprung on you that you will not have time to go around and controvert. It won't cost you any more, and you will have time to get used to it before you are nominated; and of course a nomination is equivalent to an election. The county offices are something that every property-owner in the county is interested in, and none but our best citizens should be trusted with them. Come out then, all of you, and let us take our pick out of those announced. And don't be discouraged, if you fail the first time, for candidates cannot always see their faults as well as their neighbors can. Each may be riding some hobby visible to every one but himself, and to have it pointed out to him may be doing him a favor which they would feel free to do upon no other occasion. Again we say, come out, and let's see your paces.

—This morning we noticed a horned beast with its head fast in a fish cask, where it had been licking salt, making frantic attempts to get loose. Animated by a charitable desire to liberate the beast, we procured a hatchet and knocked six hoops of that cask, and helped the animal to life, liberty and the pursuit of happiness. Scarcely had we turned our back before that depraved beast stuck its head into the cask again, striving, we suppose, to get its head fast, and lure some other charitable individual to its rescue. Proceeding into Robinson & Bonner's store, Mr. Robinson informed us that he had liberated that bovine three times in one morning, and had "sworn off." If, hereafter, we see that critter running around with a cask, or a hog's head, or a meeting-house on its head, we will laugh a flendish laugh, and pass by on the other side.

—Job work is crowding us just now, and if it would hold out as well on an average, we would at once procure a job hand. But it seems to come in spurts, and we cannot risk it as yet.

—We have it from one of our townsmen that Jno. Cobb & Son have shut down their mills for the summer, having all the lumber on hands that they care to have at present prices, and the present state of the lumber market.

—Geo. Haslet shipped two fawns to some party who was willing to pay for them, on Monday. He caught one of them, and bought the other. There is a good demand for these pretty creatures, both at home and abroad, but we believe the foreign parties are generally willing to pay more for them than the natives are.

—The dirt which was hauled in to fill up the abutment on this side of the river, last fall, is being scraped back to the bank proper, to let the river have its natural channel. There is talk, every few days, of changing the plans and specifications of the bridge, but as yet, we believe, no change has been made.

—Part of the iron for the creek bridge has arrived, and at least one span will be put up this week. Mr. West, under whose superintendence the iron was put up on the river bridge last fall, is present, and doing the same office for the creek bridge. By those who profess to know about such things, he is said to be one of the best superintendents in the business.

—The Premium List, Rules and Regulations of the Sixteenth Annual Exhibition of the Clarion County Agricultural Society, in pamphlet form, has been sent us. The Fair will be held on Tuesday, Wednesday, Thursday and Friday, September 23d, 24th, 25th and 26th, 1873. The list is liberal, and if the weather is favorable, the fair will probably be a success.

—Street Commissioner Stroup is busily engaged in mending the borough roads, and as far as we are a judge of such things, we believe he is doing a good job. The mud-holes are being filled up with stone, and a bed of gravel laid over the whole road. Ditches are being opened on both sides of the road, as the work proceeds, and we live in hopes that Tionesta will soon be celebrated for good highways.

—Two Base Ball Clubs, known as the "Rocky Mountains" and the "Buckwheats," have been organized up the creek, from Ross Run to Newtown, and report says they play a lively game. There is talk of a match between one of these clubs and the White Pines, during the first week in August. Our boys have had no practice whatever, this summer, and part of their club has moved away, and under the circumstances, they are liable to get "scopped."

—Not to be outdone by Oil City, Corry, Titusville, or any other place Forest County had a case on the 4th which we hesitate to mention. A young man in Hickory township attempted an outrage on the person of a lady over fifty years of age. A warrant is in the hands of the constable for his arrest. Out of respect for the parents of the young scamp, we suppress his name, but sincerely hope he may be captured and made to suffer the full penalty of the law in such cases made and provided.

—Mr. Eli Holeman, of Tionesta township killed a rattlesnake "the other day," which measured four feet in length, and was upward of twelve inches in circumference. The snake was disposed to run rather than fight, at first, but Holeman soon overtook it and put it out of harm's way and out of the way of harming anybody. They are an insect for which the natives have no love, and every man's hand is against them. Notwithstanding the loss to Naturalists, we hope they may all be destroyed this season.

—Peterson's Magazine for August is at hand, and is a number of which the publishers may well be proud. The steel engraving entitled "The Masqueraders," is indeed a beautiful picture, reflecting credit upon both artist and engraver. The reading matter is very entertaining, and the information for ladies varied and useful. Terms \$2 a year. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia.

The following is the table of contents of the July number of *The Republic Magazine*:

Appropriations at the Last Session of Congress; Louisiana; "Oh Consistency, Thou Art a Jewel"; Michigan Senators and Back Pay; Louisiana and the Supreme Court; The German Empire; Louisiana Rebellion—Proclamation by the President; The New Pension Law; Training Schools and Model Workshops for Boys; The Ohio State Convention; The Assassination of the Swards; The Late Chief Justice Chase; Death of Joseph Hay; Departmental; Shipping Iron to England.

**BALLOU'S MAGAZINE FOR AUGUST.**  
 —The August number of *Ballou's Magazine* contains, among other good things, a most wonderful story of Arctic adventure, written by an old whaler who passed a winter among the ice and snow, frozen in for nine months. It is a thrilling story of peril and excitement, and quite seasonable at this time, after reading of Captain Hall's death, and the escape of some of his crew. Besides this story, there are a dozen or more of others, all of the best quality, and just the thing for a hot afternoon, or seaside reading. The *Magazine* is a household pet, and some people think they can't keep house without it. It is cheap but real good, and one hundred pages of reading matter are supplied for fifteen cents, or \$1.50 per year, and a pretty Chromo as a premium. All the back numbers from the first of January supplied by the publishers, Thoms & Talbot, 36 Bromfield Street, Boston, and for sale at all the periodical depots in the country and Canada.

**BERRY SHORT CAKE**—Take one pound of flour, mix well through it one-and-a-half measures Banner Baking Powder, and two tea-spoonfuls salt; then rub in one-half pound shortening, add with a spoon one-half pint sweet milk; bake in jelly cake pans. When cold and just before eating, place in layers, covering each one with berries which have previously been sugared. This cake is equally good with any kind of fresh fruit.

Each can of the *Banner Baking Powder* contains a small measure, to be used even full, according to printed directions. If you cannot obtain this really valuable article from your grocer, send twenty-five cents by mail, address to *Banner Baking Powder*, P. O. Lock Box, 317, Pittsburgh, Pa., and you will receive, postage paid, a quarter pound package, together with a list of fifty valuable Recipes.

—The colored address label on each paper shows the date to which the subscriber has paid, thus

*This Turner 1874,* signifies that Mr. Turner has paid for his paper until March 1st, 1874. The mail list is corrected weekly. By consulting the address label every subscriber can tell how his account stands.

Our accounts go back no further than the 1st of January, '73, the accounts previous to that time being payable to the old firm. The old subscription book is yet in our hands, and our receipts will be recognized by the old firm. 1f.
