

A labor-saving young genius in Evanston, Ill., recently saddled the duty of drawing the baby out for an airing upon a noble mastiff. He made a nice harness out of the clothes-line and had just got it nicely adjusted, to the evident delight of the cooing-occupant of the carriage, when the noble mastiff's favorite playmate of the other sex frolicked past. Utterly oblivious of the new duty enjoined upon him, the dog sprang after his companion, and the two started for a run at a reckless pace. A howl from the startled hopeful brought both parents to the scene, and then ensued a chase for dogs and baby which beggars description. Up one street and down another, through blind alleys, across crowded streets, and all that time that baby gathered lungs as the crowd in pursuit gathered members. At length a friendly stump precipitated the precious infant, all in its lovely white embroidered clothes, plump into a choice mud-pond, from which he was fished, dirty, but unhurt. But the boy genius! Well, he stands around or leans on chairs, occasionally lying down on his side.

A merchant's daughter at Columbus, Ohio, kicked off a young man's hat the other day because he sat down in her parlor with that article of wearing gear upon his head. She used her foot instead of her hand, because she happened to be carrying an armful of books, and was too indignant to postpone punishment.

An old lady of Norfolk, Va., is the proprietor of a venerable mule that has been an inveterate chewer of tobacco for many years. Whenever he becomes obstinate, as mules occasionally do, it is only necessary to give him a chew, when he becomes perfectly kind and gentle.

There was less than ordinary satisfaction mingled with the feelings of five Yale Students who were arrested and locked up for the night for serenading a young ladies' boarding-school last week, when they found that all the occupants had gone home the day before they tuned up their lyres.

A Wall street broker, on being elected trustee in one of the New York City churches, accepted the position with the assurance that he was not expected to stand up in meeting and pray, but that the principal duty would be to make up deficiencies in the running expenses of the church.

Some sportive draymen employed in a grain store at Portland, Oregon, dropped a bag of wheat down a hatchway upon the head of a fellow drayman, named Blake, the other day, just for a joke. It was no joke for Blake, however, as it broke his neck.

A Wisconsin Congressman is perplexed about his back pay. He is afraid if he takes it he will be called a thief, and if he refuses he will be called a fool. As he is still undecided, his friends have agreed to end his trouble by calling him both.

A boarding-house fiend tells the story that in a recent thunder-storm the warring of the elements was so awe-inspiring that the hair in a dish of butter in the pantry turned completely white during the night.

The St. Louis Democrat says it is a notable fact that the first victim of cholera in Indianapolis was a bartender who wore a diamond pin and had taken other precautions against the plague.

A Memphis lawyer fell down while speaking the other day. It will render the case clearer to say that an inkstand, thrown by the opposing counsel hit him just before he fell.

A Toledo girl broke off an engagement because her lover wore cheap paper collars, and yet at the same time, (the story may not be true) she was wearing garters torn from an old pillow slip.

At a recent woman's meeting in a San Francisco public hall, the lady in the chair requested the audience not to make quite so much noise in their applause, "as it would scare the horses in the stable below."

The Australians never sue for a divorce. When a husband gets discouraged, he takes his wife to the brow of a cliff to view the gorgeous sunset, and over she goes.

The difference between a country and a city greenhorn is that one would like to know everything and the other thinks he can tell him.

Potatoes are two cents a bushel, in Douglas county, Minn., and the editorial fraternity have been compelled to let out their vests in the back.

A GREAT HORROR DOSE AWAY WITH.—House cleaning is a great horror to nine men out of every ten. When that time comes the "men folks" as a rule, give the domestic heretics a "wide berth." Oceans of suds—the product of tons of soap—fairly flood every part of the house. The women, from the mistress down, labor as they never worked before, and what with the discomfort, the smell of suds and the dampness, and not unfrequently sickness, matters are generally disagreeable. The simple use of Sapolio instead of soap does away with all this discomfort. It lightens the labor a hundred per cent., because it removes dirt, grease, stains and spots, with hardly any labor, with but little water, and in one tenth the usual time.

Enoch Morgan's Sons' SAPOLIO
is a substitute for Soap for all household purposes, except washing clothes.

SAPOLIO
for cleaning your house will save the labor of one cleaner. Give it a trial.

SAPOLIO
for Windows is better than Whiting or Water. No removing curtains and carpets.

SAPOLIO
cleans Paint and Wood, in fact the entire house, better than Soap. No stopping. Saves labor. You can't afford to be without it.

SAPOLIO
for scouring Knives is better and cleaner than Bath Brick. Will not scratch.

SAPOLIO
is better than Soap and Sand for polishing Tinware. Brightens without scratching.

SAPOLIO
Polishes all Brass and Copper utensils better than Acid or Oil and Rotten Stone.

SAPOLIO
for Washing Dishes and Glassware is invaluable. Cheaper than Soap.

SAPOLIO
removes Stains from Marble Mantels, Tables and Statuary, from Hard-finished Walls, and from China and Porcelain.

SAPOLIO
removes Stains and Grease from Carpets and other woven fabrics.

There is no one article known that will do so many kinds of work and do it as well as Sapolio. Try it.

HAND SAPOLIO
a new and wonderfully effective Toilet Soap, having no equal in this country or abroad.

HAND SAPOLIO
is an article for the Bath, which "scrub" the "foundation" of all dirt, opens the pores and gives a healthy action and brilliant tint to the skin.

HAND SAPOLIO
cleanses and beautifies the skin, instantly removing any stain or blemish from both hands and face.

HAND SAPOLIO
is without a rival in the world for curing or preventing roughness and chapping of either hands or face.

HAND SAPOLIO
removes Tar, Pitch, Iron or Ink Stains and Grease; for workers in Machine Shops, Mines, etc., is invaluable for making the skin White and Soft, and giving it a "blooming" effect. It is unsurpassed by any Cosmetic known.

HAND SAPOLIO
costs 10 to 15 cents per cake, and everybody should have it. You will like it.

DON'T FAIL TO TRY THESE GOODS.
Buy it of your merchant if he has it or will procure it for you. If not, then write for our Pamphlet, "All about Sapolio," and it will be mailed free.

Dyspepsia or Indigestion. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints. In young or old married or single, at the period of menstruation, or the time of life, these Tonic Bitters display a decided superiority, that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout. Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal.
