LOCAL AND MISCELLANEOUS.

-Mrs. Bronson, of Corry, formerly Miss Brownlee, of this place, is at present in town on a visit to her friends.

-A majority of the Odd Fellows of Tionesta went out to Lickingville, to help organize a lodge there. From reports we believe a good society will be formed there.

-Jno Hulings, who now occupies the house recently vacated by T. B. Cobb, is putting a new fence around the property, which the same will add 50 or 60 per cent. to the looks of the same.

-Scott, the victim of the Siverleyville tradgedy, of which we published an account last week, was quite low at jast accounts. The same mystery still surrounds the case as when the deed was perpetrated.

-From the Derrick of yesterday, we learn that a man named De Haven was stabbed by one George Read, on Monday evening, in three places. None Read is in custody.

-The house occupied by Al. Parprobably be finished in the course of a ocratic press of the State.

-Just at this season of the year it will be interesting to sportsmen to know when they may kill game without breaking the laws of Pennsylvania and thereby incurring a fine, and imate \$75,000. The cause of the fire perhaps imprisonment. Deer may be has not yet been ascertained. The Burgess-J. G. DALE. Connectimen-W. P. Mercilliott, W. B. Barlan, P. D. Thomas, S. J. Wolcott, Geo. Bovard, T. B. Cobb. Justices of the Peace-W. P. Mercilliott, O.S. Knoz. Constable-Geo. Haslet. Chaste Directors-S. D. Irwin, M. W. Talo, H. O. Davis, D. S. Knoz, S. J. Wol-cott, L. L. Hackott. killed from September 1 to December burnt district will be immediately April 20; woodcock from August I to much diguised. from November 1 to December 31; pheasants pinnated grouse from September 1 to December 31; rabbits from October 1 to December 31; rail birds and reed birds from September 1 to December 31; wild tarkeys from Octoher 1 to December. No person

shall at any time, within this State, kill any robin, thrush, lark, flicker, flinch, or woodpecker, or any other insectiverous bird under a penalty of five dollars for each bird.

-- The stone work on the Lacytown bridge is now progressing rapidly. On Friday morning last, eight feet of the abutment on the other side of the constantly employed on the work, which will probably be ready for the iron this month. With their present force, and one derrick, they can put up 50 perches of stone in a day. From the appearance of the work we should think it was intended to stand for eight or ten centuries, at least, barring earthquakes. Mr. West, who is well known about here in this connection, will put up the iron work. In the meantime he goes to Irvinetop to put the iron on a bridge over Brokenstraw at that point.

-The commissioners to select a site for the proposed insane asylum, visited our place on Friday last, and were show around by several of our citizens. The Oldtown flats were seen and admired by the commissioners, and should Tionesta be selected as the place for the asylum, the flats will an doubtedly be the site thereof. All the supposed-to-be-eligible sites in the district will be examined before the commissioners report, but we beleive Tionesta will be the place selected. There is not a healthier nor more convenient place in the district, at any rate. As will be informed of the fact.

-The Democratic State Convention, which assembled in Witksberre, on Wednesday last, placed in nomination for State Treasurer, Frank M. Hutchinson, of Allegheny, and for Philadelphia. As far as the characters of these gentlemen are concrned, we know nothing against them, but of the wounds are necessarily fatal. the fact that they are on the wrong side of the house to be elected. We state the facts thus fairly, although tridge, is undergoing some repairs, our candidates, Judge Gordon and among others, having a cellar dug and R. W. Mackey have received nothing a large kitchen built. The job will but abuse from almost the entire Dem-

-It will be seen by reference to the announcements that we have now a candidate for Assembly. We would like to say a good word for Mr. Allison, but that might deter some other man from coming out, which would be money right out of our pockets, and

-Another big fire at Titusville on Sunday morning last, which hurned down a wooden row of seven large buildings. The entire lass will approxcovered over with first class structures. The fire, therefore, may prove a blessing in disguise; but if it is, it is very

-The Titusville cricket club has been out on a "tower," and was very badly scooped at Syracuse, N. Y., the score standing 146 to 74. The St. Catherina's Club, of Buffalo got away with them, also, to the tune of 162 to 46. The next time those Titusville chaps take a "tower" they won't go up into York State.

-On the outside of to-day's paper will be found the election proclamation in full. It will bear perusai, especially by those whose duties are pointed out by the registry law. Of course while this interesting document remains in our paper we can not give our usual amount of reading matter, Cromer, Charles Murphy, James Hencreek were np.
