OUR CANDIDATES.

STATE TREASURER.
Of State Treasurer Mackey, it is only necessary to say he was the unanimous choice of the State Convention last August. Such an expression of the popular will, after one term of faithful service, is enough to secure his election on the fourteenth.

JUDGE OF THE SUPREME COURT.
Judge Gordon is well known in this county to attempt to elaborate his claims against those of the Philadelphia "Ring" candidate, Judge Ludlow. He will receive more than a party vote.

ASSEMBLY.
"Doc" Allison is calculated to win in any race he may run, but the "Harmonious Democracy" finally succeeded by sheer meanness, in running Dr. Winans, their rightful candidate off the course. The right-minded men of both parties in each county will teach the leaders of this flagrant wrong that Forest county's claims to the member this year shall be respected. F. E. Allison is a popular man at home, and would serve the interests of his district with ability.

COUNTY COMMISSIONER.
James K. Clark, enlisted at the first call of President Lincoln for troops, with other Forest county boys, in Co. E, 10th Pa. Reserves. He was a vigilant soldier and won the admiration of his comrades for valor, until he was disabled at Burnside's Fredericksburg by a rebel ball, which destroyed the use of his arm, and made him a cripple for life. He is over thirty-two years of age; has lived in Forest county all his life, and is well known over the county as a man of fine business qualifications and ability. The time has not yet come when Forest county will "ignore" a man of ability and fitness merely because he fought for his flag. We of Tionesta, and this end of the county generally, do not think we have been particularly ill-treated in the matter of county offices. At least we think "old Forest's" claim, through her banner township, Barnett, to one of the number is entitled to respect. Tionesta has had three associate judges, two prothonotaries, two sheriffs, one auditor, and coroner; and to this end belong all the rest of the county offices, at the present time, with the exception of one auditor and one commissioner, both of whom are old Forest men, but one retires after the coming election. The mileage question is of but small weight; about as much as the inference "that a man could not be well posted in regard to the demands of the whole county," because he doesn't live at the county seat. It is not the logic of money we adduce, but the logic of fair dealing and the equal distribution of offices, as nearly as may be, through different townships, which is the way, and the only way to conserve the interests of the whole county.

DISTRICT ATTORNEY.
Mr. Irwin has a free course to run and be glorified, as there is no opposition candidate in the field. He was the first practicing lawyer who located in Tionesta, has been elected to various positions of honor and trust, in the borough and county, and is at present one of the members of the State Historical Society. The interests of the commonwealth will be

taken care of with ability and integrity under his administration.

AUDITOR.
The election of Gilbert Jamieson, one of oldest and most respected citizens of Tionesta Township, for auditor, is sure.

CORONER.
Michael Ittel will poll an almost unanimous vote.

JURY COMMISSIONER.
Wm. Patterson's friends will all vote for him, which will elect him by a large majority.

Rally to the polls once more on the second Tuesday of October! with such a ticket, worthy the full support of every good citizen, success is certain, and defeat impossible. Let every man go to the polls and cast his ballot. One vote may decide the election of the candidate of your choice; a failure to cast that ballot might elect a less worthy man. See to it that duty in this matter is discharged faithfully.

Communication from Clarion County.

The following communication reached us just before going to press. The writer is entitled to a hearing through our columns, as the Clarion papers, and Forest Press refused to publish it, from what motive intelligent men will readily perceive:

ED. REPUBLICAN:
I reside in one of the obscure corners of Clarion county. Our county can boast of many glorious Democratic victories, fought and won under the banners of Democracy. For nearly two score years the enemy have been bravely met, and routed. And Democratic majorities ranging from ten to fifteen hundred were rolled up. The sacred usages of the old Democratic party, descending from the days of Jackson, and which have retained gloriously, have been trampled upon. We pause to ask how stand the time-honored usages of the great party in Clarion county to-day? God forbid, that we should now find her fast passing into the hands of the enemy. Fellow Democrats, we ask you who is responsible for those intercal ruptures in our party? Every Democratic voter in Forest and Clarion counties who looks with open eyes on these abuses, without rebuking them. Unscrupulous politicians thrust themselves forward, and if the party fails to recognize them, or to place them in high positions, that moment they become "bolters" and "disorganizers," and then set at defiance the time-honored customs of the Democratic party. One year ago we suffered our first humiliating defeat. Again we ask, who was responsible? Rule or ruin sore-heads.

To-day we are in a worse position. Mr. Williams, contrary to precedent and county, knowing the member belonged Forest county, violates all party usages, when he runs against Winans, whom he knows is entitled to the office, and in the face of his announcement, which was "subject to party usages." He now by his actions sets his honor at naught and his party at defiance. Through his selfish motives he will again defeat the party and turn the office over to a Republican.

Five years hence, under existing disorders, our long-established Democratic stronghold will be battered down and our guns in the hands of the enemy, and turned against us. Fellow Democrats take warning; what can we expect of a candidate after his election, if he should violate his pledges to get the nomination? What can we expect from the man who will compel you to vote for him against your choice to save the district from being turned over to a Republican? Forest county Democrats, we sympathize with you; we must sacrifice party principles and vote for a "bolter." We are aware that your rights have been tampered with; party principles have been thrown aside; the honors have been taken from Dr. Winans by the iron hand of tyranny. Fellow Democrats we say to you that you are not bound by any principle, precedent, or rule, to support a Clarion county candidate. Party usages by both rule and precedent, make Dr. Winans the candidate, and no Fryburg convention can take away his rights without a direct violation of Democratic principles.

We don't agree with the Forest county teamster who was frightened off the road. We would rather vote for a Republican in Forest county than to vote for a Democrat who would sacrifice every party principle for the sake of getting into office.
A SIMOS PURE DEMOCRAT.

A WORD TO WORKING PEOPLE OF BOTH SEXES.—Mechanics, artisans, factory hands, and people who labor for a living, find it very difficult if not impossible to keep the hands free from stain. Hand Sapolio will not only remove every particle of stain, and what is called "grained in dirt," but it will also keep the skin soft and pliable, rendering the muscular action as quick and easy as the case with those who do not perform hard labor. It is only 10 and 15 cents a cake, according to size. Every mechanic should use it constantly in place of all other soaps.
