LOCAL AND MISCELLANEOUS.
To the Republicans and Democrats
of Forest County.

The time for submitting the New
Constitution to a vote of the people is
fixed for Dec. 16, 1873. We heartily
and cordially commend it to the fa-
vorable vote of our people. No party
can claim the merit of its production.
It is the triumph of the people of the
Commonwealth through their best re-
presentatives of both parties, over po-
litical and public corruption.

We therefore earnestly urge our
Committeemen in the respective pre-
cincts, to secure a full attendance at
the polls, and our people generally to
turn out and cast their vote as one
man for the adoption of the New Con-
stitution.
ISAAC C. SIGGINS,
Chairman Democratic Co. Com.
MILES W. TATE,
Chairman Republican Co. Com.

Business of all kinds moving on
pace, but the currency, which has
heretofore been deemed indispensable
to traffic, is woefully short.

Dr. Blaine has erected a new barn
on his lot opposite the Lawrence house
and Sheriff Van Giesen has erected
one on his lots above the Court House.
Improvements are making, slowly but
surely.

Thanksgiving passed off after the
old fashion, with the exception that no
services were held in any of the
churches on that day or evening; an
omission which many very seriously re-
gretted.

James Foner, at the American
Drug Store, has just received a large
amount of fresh candies of all grades,
for the holidays. All sold cheap for
cash. Also a fine lot of toys for holi-
day presents.

The people are now anxiously
praying for the river to be bound in
icy chains, in order that they may
cross the stream without taking their
hands from their pockets. From the
other standpoint they are praying for
an open winter, and between them
both they manage to keep a heavy lot
of slush running.

The next court will be held on
Monday the 22d inst., continuing un-
til the trial list is disposed of in some
way or other. Law, justice, litigation,
&c., must be kept up, no matter how
hard the times may be. Court week
always makes a difference for the bet-
ter in the business of town; more es-
pecially in that of Hotels and board-
ing houses.

A sleigh appeared on our street
the other day and discoursed sweet
music as long as it remained in hear-
ing. It made more melody than 300
roof-wandering cats. The great draw-
back on the effect was the monotony.
If their had been a little snow now
and then to give relief, it would have
taken better with the general commu-
nity.

Geo. Latimer, who for several
months past has been clerk of the
Tionesta House, recently leased that
Hotel, and will hereafter run it in his
name. M. Ittel, the proprietor there-
of, has rented the Fisher House, and
will move there shortly. Mr. Latimer
has our best wishes for success in his
new role.

The boom at Dithridge's mill one
day last week parted and a large num-
ber of logs escaped and floated in free-
dom down the stream, and if they
have not stopped, are on their swift
way to the Gulf of Mexico. A man
from Sweden, who was on the boom,
narrowly escaped drowning by running
in quick polka step over the floating
logs to the shore.

Remember to go to the polls on
Tuesday the 16th inst. and vote for
the New Constitution.

James Swales, a former resident
of Kingsley, has just returned from
Kansas. From his report of that
country we don't believe we are the
young man to go west.

During the fore part of this week
the weather has not been such as to
cause us to anticipate a hard winter.
Rain has fallen every day of this
month, thus far.

The Co. Commissioners are in
session this week. James K. Clark
our new commissioner took the place
of Jacob Merrellott. The assessors
are returning their duplicates for the
triennial assessment.

Superintendent Rohrer has come
to town, and our street blossoms
as a rose in the spring time with the fair
faces of the female chalk wielders
who are here to attend the institute.

Some deer come through town on
their way to the depot, occasionally.
The are dead, however, and will in
all probability be exposed for sale
at some of the down-river meat mar-
kets.

John Hulings arrived at home
from the happy hunting grounds in Old
Forest a few days since. He reports
five deer killed up to the time he left.
Billy Grove and Davy Hilands are
still on the war-path and may not be
in for some months yet.

Samuel Clark, the assessor is
around, putting down the names and
taxables of property holders in good
shape. There is no use to hide from
him, for if he don't find the owner of
the property he just "estimates" it.

Prof. W. N. Hall, of Pittsburgh,
will give an entertainment consisting
of readings and recitations, in the
Presbyterian Church, on Thursday even-
ing of this week, commencing at 7 1/2
o'clock. Those who have heard his
recitations at the Institute at present
in session, will not fail to attend. Ad-
mission 25 cts.

Money, money, everywhere, but
not a cent to spend; when will these
adamantine times approach their latter
end? Will Congress vote for an "in-
flate" and Grant approve the bill? we
cannot state, but rather judge from
latest news, they will. "Hard times
come again no more," a modern poet
wrote, but his appeal was not approved,
and they come before you know't.

M. Ittel, formerly landlord of the
Tionesta House, has taken the agency
of the Western Pennsylvania Odd
Fellows Relief Association, and will
take applications for the same a any
time. Mr. Geo. O. Nevins, general
agent for said association called upon
us on Saturday last. We believe the
principle is a good one, but none but
Odd Fellows need apply.

There is a man without any fam-
ily in this vicinity who says, modestly,
and without any over-weening egotism,
that he can tan all kinds of hide in
the short lapse of time of 2 hours by
any eight day clock. We have those
persons on our beautiful thoroughfare
this week who have tanned many a hide,
on the subject alive and kicking, in
waltzing time.

Geo. Kinstiver has purchased the
store building recently erected by
Wm. Lawrence, and it is said that in
company with T. D. Collins, he will
start a feed store soon. Mr. Lawrence,
we understand, will put up another store
building right along, but where or of
what size, we are not informed. Cer-
tainly some one will take it off his
hands as soon as he has it finished.
Lawrence is a wonderful help to the
growth of our place.

The President's Message was read
to Congress on Tuesday. We propose
to lay it before our readers this week,
or if not, next week without fail. Our
type and space are both used up clean,
and we are obliged to get the message
printed abroad, in supplement form.
Our time being limited, we have not
given the Message a careful reading,
but from the remarks of the Republi-
can dailies, we believe that the docu-
ment reflects credit upon the President
or, as the Democratic papers say, upon
those who got the Message up for him.

C. Wheeler, of Erie, aged 17
passed the best examination for the
cadetship for this district, and has been
recommended by the committee. Mr.
Curtis will secure his appointment.

The stone-work of the Lacytown
bridge is finished, accepted by the
Commissioners, and pronounced a
good job. Mr. Clary, the contractor,
understands his business, and makes
good work wherever he takes a job.
The iron will not be put on for some
time yet, owing to Mr. West having
other bridges to look after just now.
He is at present putting iron on a
bridge in Niles, Ohio.

According to the latest accounts,
the Virginians difficulties are practical-
ly settled, in this wise: The Spaniards
are to deliver up the Virginians to the
United States, along with the survivors
of that vessel, and are to fire a
salute to our flag on Christmas, if in
the meantime it is not proven that the
Virginians was sailing under the Ameri-
can flag without proper authority. The
Spaniards are also to see that their or-
ders are hereafter to be obeyed by their
forces in Cuba. According to our
ideas, the U. S. Government has either
got too much or too little. If the vessel
in question had a clear right to sail
under the American flag, our govern-
ment should have insisted upon the
delivery of the men instrumental
in the murder of the crew, to be dealt
with as should seem just and proper.
If, on the other hand, the Virginians
displayed the flag without proper au-
thority, our Government had no right
to interfere, whatever. If no punish-
ment is to be inflicted upon the mur-
derers of that crew, it would have
been far better had the U. S. authori-
ties never interfered, as in settling the
affair in this manner we only lose
caste with the nations of the world.

A preliminary injunction has
been filed in the Court of Common
Pleas of Allegheny county to restrain
the Sheriff, election officers, and Secre-
tary of the Commonwealth from pro-
ceeding with the election on Tuesday,
Dec. 16, for the adoption or rejection
of the New Constitution. Among other
objections, the document claims that
the election of delegates to said
convention was illegal, and that the
convention was illegally organized,
and the amended Constitution uncon-
stitutionally and illegally framed. The
Court is asked to restrain the defend-
ants aforesaid from holding the elec-
tion, and to declare the Act of Assem-
bly authorizing a popular vote upon
the question of calling a convention,
to be unconstitutional and void.
Messrs. F. M. Magee, George Shiras,
H. B. Swoope and Thomas M. Mar-
shall appear as solicitors for plaintiffs.
When we reflect that the Pittsburgh
Telegraph, of which paper Mr. Swoope
is editor, supported the New Constitu-
tion when it was first published, and
been has since finding fault and pick-
flaws in that document, this proceed-
ing looks a little fishy. Wonder whose
money pays for the steps which are be-
ing taken to procure said injunction?

The following recommendation of
the New Constitution by the members
of the bench and bar of Venango
county, we find in the Venango Specta-
tor:

MR. EDITOR:—In presenting you
the enclosed paper for publication I
desire to state that a very few names
of the members of our Bar are not at-
tached thereto, some being absent, and
two because they had not yet examined
the instrument, and had not leisure to
do so at present, being engaged in
Court. No judge or lawyer to whom I
presented the paper, and who had
examined the Constitution, refused to
endorse it. I believe the Venango
Bench and Bar is a unit in favor of
the New Constitution.
S. C. T. DODD.

We, the undersigned members of
the Bench and Bar of Venango coun-
ty, having examined the proposed
Constitution, approve its leading fea-
tures, and consider it an improvement
upon our present Constitution. We
respectfully urge the people of Venan-
go county to give it their support at
coming election.

This is signed by fifty-one members
of the bench and bar of Venango
county. A strong recommendation.

We desire to call the attention of
our readers to the prospectus of the
Pittsburgh Gazette, published in this
issue.

G. W. Dithridge is building a
boom, opposite his extensive lumber-
ing establishment, which, it is firmly
believed, will hold the logs run in
there for sawing. He has suffered two
or three times in the loss of logs, from
the insufficient strength of his boom,
and doesn't propose to be annoyed in
that particular any more. Sixteen
ice-breakers are to be constructed to
be placed "where they will do the
most good," and a boom made of square
timber below them. The job of build-
ing the ice-breakers was let to Jos.
Grove, who built the piers for the
Hunter bridge.

Take one quart of flour,
one measure of Banner Baking Pow-
der, and one tea-spoonful of salt; mix
thoroughly, and sift; then rub in one
tablespoonful cold shortening, and
mix in with a spoon a pint of cold
milk, or water; this makes a dough
too soft to be rolled; turn it out on
your tray lid, well floured; press with
your hand to the desired thickness,
cut in shapes, and bake at once in a
very quick oven. When mixed with
milk you may leave out the shortening
if you prefer not to use it. If your
oven is at the proper heat, ten minutes
will suffice to bake them.

Each can of the Banner Baking
Powder contains a small measure, to
be used even full, according to printed
directions. If you cannot obtain this
really valuable article from your gro-
cer, send twenty-five cents by mail,
addressed to Banner Baking Powder,
P. O. Lock Box, 317, Pittsburgh, Pa.,
and you will receive, postage paid, a
quarter pound package together with
a list of fifty valuable Recipes.

1784. THE 1874.
Pittsburgh Gazette.

DAILY AND WEEKLY.
Oldest, Largest, Cheapest and Best.

Leading Reliable Republican Newspaper.

THE PAPER FOR THE
FARMER,
MECHANIC,
MERCHANT,
MANUFACTURER,
BANKER,
PROFESSIONAL MAN,
and THE FIRE-SIDE.

The general character of the Pittsburgh
Gazette is too well established to need re-
capitulation. The reader has known it as one
of the great newspapers of the country, ever
Republican in opinion, independent in char-
acter, and yielding to none in its efforts
to obtain the news and to present the same to
its readers in the most attractive shape.

An intelligent public has looked favorably
upon our efforts in maintaining the high
character of the Gazette, and to-day, in re-
spect to circulation, material prosperity and
influence, it stands in the front rank of the
Republican press.

What the distinguishing features of the
Pittsburgh Gazette have been in the past are
a sufficient guarantee for its conduct in the
future.

It will continue, as it has ever done, to ad-
vocate the cause of the people, without re-
ference to the interests of individuals.

Our great care will be to make it a better
paper than ever. Our means for obtaining
all important news are as complete as those
of any other journal in the country, and we
shall not spare energy and expense to em-
ploy them.

In political matters, crop and market re-
ports, and in the whole field of general and
local intelligence, the Gazette will be found
fully alive to the demands of each day in the
year.

The Pittsburgh Daily Gazette
will provide its readers with the latest and
most reliable telegraphic news, timely editor-
ials on all important subjects, and intel-
ligent comments on passing events, whether
religious or secular, political or civil.

Its Local intelligence is gathered by a
corps of active and reliable reporters, securing
to our readers the first news of most im-
portant home events.

During the sessions of Congress, and the
Legislature of Pennsylvania, special corre-
spondents at Washington and Harrisburg will
group in attractive form the salient features
of their proceedings.

The highest aim of journalism is not the
speedy and correct transmission of news in
all its important details. The Gazette ac-
cepts this as the only limit to its enterprise.

The well known reliability of its com-
mercial columns has ever made it indispen-
sable to every business man, and in every counting
room where reliability is a controlling fea-
ture.

It tells of the commerce and finance of the
world; the grain, produce live stock and
money markets at home and abroad, and the
manufacturing and mining interests of the
entire country.

The Pittsburgh Weekly Gazette
is essentially a paper for the people—and
is essentially a FAMILY NEWSPAPER, con-
taining, as it does, a "complete summary of
the latest and of all the important news from
all parts of the world; a number of editorial
on current topics; a carefully selected and
interesting Miscellany; valuable matter for
the benefit of the farmer, merchant, mechan-
ic and housewife; the latest and most reli-
