LOCAL AND MISCELLANEOUS.

Mrs. H. H. May arrived yesterday from a visit to her daughter at Mansfield, Ohio.

Judge Thompson of the Supreme Court of Pennsylvania, died on Wednesday last after a long and useful life.

We see by the license applications that W. A. Hilands is about opening another hotel in Banner & Agnew's block.

Geo. Scott says the business of the bridge is at present extremely dull, and the nickles drop not rapidly into toll house till.

The liquor business is the only thing that prospers at Oil City. "We'll drown our sorrows in the flowing bowl."

There are several splendid openings in this town. Some of them are in the side-walks and some of them in the bar-rooms.

M. Einstein has put some new shelves under his goods this week. That's right; give our carpenters employment "these weather."

Rev. O. B. Clark has arrived and will take charge of the upper school on Monday morning next. All young searchers after knowledge are requested to be on hand.

A poor imbecile wretch undertook the following to wit: "Who are the most self-fish men in the world?—The ones who keep fish stands. Give him a drink."

If any fool of a ground hog came out last Monday, he didn't see his shadow. Any well educated and sane animal would have remained in the house however.

On Wednesday last Mr. Ab. Grove was taken suddenly ill. For some hours his life was despaired of, but the efforts of our doctors brought him through, and the prospects are now favorable for his recovery.

A slight spurt of this sleighing is now delighting those who have the necessary animals and vehicles to go sleighing. We would suggest in this connection that Ferd. Wenk keeps a good assortment of rigs on hand.

Quite a number of loaded and empty and semi-vacant sleds, were drawn up before various doors Tuesday. This shows that a "little snow storm now and then is relished by the dutch hill men."

A slight misunderstanding took place last evening, between two of the boys. The feud, it seems was one of long standing, and had to be washed away in blood. It is rumored that the cloud of war has not yet lifted and they may meet again.

Mr. J. H. Fones, our druggist, informs us he has on hand a splendid lot of Valentines—serious, comic and sentimental, and if want to please your friends, neighbors, and relatives that are and are to be, send your "change-fal" way in that direction and you can be doubt find your hearts desire.

Under the head of "Envious Neighbors," the Free of last week out-herods Herod, or in other words shows how much more envious of us it is than any of our more distant neighbors. It is much offended bec use we did not take the trouble to contradict the Spectator's statement that we were a transcribing clerk, and ends up by characterizing our situation as "a dirty little position." Now Mr. Conyer, you are at perfect liberty to say all these things about us, but don't, for God's sake, do it in the name of Friendship.

We want no such Judas-like friends, who will cast all our enemies in the shade saying men things about us, and stab us in the back directly after having received a very substantial favor of us. As for the Spectator's mistake, we were away when it occurred, and did not see it, and have been unable to take full charge of business since our return, on account of illness. We say this in justice to ourself, not in apology to any one who finds fault with us.

The Nast lectured at Oil City on Friday evening as announced. All those who had seen his cartoons embellishing the pages of Harper's Weekly, of course felt called upon to attend, and although public expectation was raised to so high a pitch, he failed not in pleasing every one of his audience. The latter filled almost every seat which the Opera house contained. His rapidity and accuracy of drawing seemed wonderful, and like witch-work. He was necessarily much restricted in his choice of illustrations on account of his mixed audience, venturing of course on little of a political nature. His lecture consists of a few general remarks made for the sake of getting something to make a picture of. He will probably be the best paying man of the season.

The trial of Charles Larabee for the murder of Lewis Williams, a colored man, who was found dead in the woods near Oil City last fall, commenced on Monday afternoon of last week, and continued until Thursday. The jury brought in on Friday a verdict of "Murder in the first degree." After the sentence the prisoner confessed the deed, and said in extenuation, that the deceased wished him (Larabee) to shoot him (Williams) and the deed was done as a matter of accommodation to the deceased. Larabee will suffer the full penalty of the law.

In all beautiful poems one of the principle ingredients is scenery, and Sabbath scenery besides. It is always in good taste, and adds to the flavor, to bring in the chiming of the "mel low church bells"—or Baptist church bells for that matter. Now it is sad to think, that if any incipient "musers" are among the children of this oasis, they can never use this important feature of poetical description. Now, rather than by neglect of opportunity to allow the loss of any such warbler to the world, let bells be rung on Sunday morn, even if there is no gathering of the humble hearted.

God proposes and the School Board disposes. On Wednesday evening they met, and after a stormy debate or hot discussion, discharged Mr. Bates from his position as teacher of the Borough School. We feel it our duty to state, that the young man bore the severe blow like a Spartan hero, and has not as yet suffered from brain fever or any terrible disturbance of mind. Considering the stain cast up on his character thus in his youth, we think his calmness an example for all the poor future pedagogues of this Eden.

The latest concerning holy things. A man inquired of one of our most prosperous merchants, for silk twist to line button-holes. The bland man of the yard-stick told the inquiring questioner, that another store, far up the avenue, kept ready made button-holes. Wholly satisfied, the weary traveler on life's highway went to the store named and inquired for his desire. The store man explained to him, that he was sold. The old man, supposing the button-holes were meant, went away satisfied.

The scarcity of snow thus far has proved a sore blow to those whose almost sole dependance is on teaming during the winter. A gentleman told us recently that he had fed his horses upward of 200 bushels of oats, and had only gotten "four days" work out of the a this winter. We are very much in hopes that we shall have at least six weeks of sleighing before spring sets in.

In the teachers' institute in Clarion, a great deal of interest was manifested in the pronunciation of the word "oblique," which came nearly setting the whole town by the ears. It appears that the proprietor of the Jacksonian maintained it should be pronounced one way, and the proprietor of the Democrat stuck up for the other. The proceedings of the institute were brought to a stand-still in consequence of the difference of opinion of those two Websters. How it was settled we are not informed.

The National Bank of Connecticut was robbed on Sunday mid-night. The Cashier, Mr. D. D. Williams, who was at the time in the bank was overcome by the burglar, and very severely handled and his recovery is doubtful. The affair is very unexplainable at present, Mr. W. being unable to give any intelligent account of the proceedings. The amount missing is about \$16,000 in current funds and a large amount of bonds, special deposits &c.

The extreme disgust, despair, and sorrow, mingled with anger, upon the faces of the small boys as they try to slide down the rock-bound hills, just covered with two inches of snow, shows how this changeable weather is to be lamented. "Then hang up the skate and the sled; lay by the mitten and the scarf. There's no more fun for Thomas or Ned; they're too much warm weather by harf."

On Saturday evening next there is to be a debate at Cooksburg, on the question of "Capital Punishment." The literary gentlemen of Scotch Hill will support the measure, as far as the argument is concerned, and those of Cooksburg will try to show why it should not be permitted. The question will no doubt be definitely settled.

A horse of our place showed his dislike of "foul play" by bolting with an open wagon out of the yard of one of our prominent citizens, where some chickens with wide spread pinions attempted to perch upon his crest. Nothing was broken but one of the shafts, although the disgusted animal passed through two open gates.

The Lacytown bridge by this time is in all probability nearly completed. As we said before, the want of some permanent means of crossing the stream at that point has been deeply felt, and it should be a reason for a little well controlled thanksgiving and rejoicing that the structure is so nearly ready to be left alone.

Our Post-master Mr. McKay, says that he must have his postage. Delinquents, of which there are many, are requested to visit him confidentially and square the matter up, otherwise their unpaid mail-matter will not be delivered.

The grist mills are the only ones flour ishing at present, but they have a grinding manner of doing things. They cannot fail to rise, and big rains are what they gloat over, and it's not amazing how they proceed these stony times.

Mr. Henderson, manager of the Superior Lumber Co. Store has departed for Brookville on a visit of a couple of weeks. When he returns he will take up business where he left it. We hope he will have a pleasant time.

Co-Partnership Notice.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Remover and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in treating the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, removing congestion of Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Astringent, Diaphoretic, Carminative, Nutritive, Laxative, Diuretic, Sedative, counter-Irritant, Sulfuric, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained a sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bowels are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent throughout the United States, especially throughout the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and occasionally so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal "organs. In their treatment a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Congestive Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Serofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Scars, Etc., &c. In those, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS best show their great curative power, in the most obstinate and intractable cases.

For Infammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Discharge of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life are subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Bubbles, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scars, Discolorations of the Skin, Itchings and Diseases of the Skin of whatever nature or origin, are literally dispelled and expelled out of the system in a short time by the use of these Bitters.

Pin, Taps, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, by vomiting and cathartics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of manhood, or the term of life, these Bitters display an essential influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find it impurities breaking through the skin in Pimples, Eruptions, or sores, cleanse it when you find it obstructed and sluggish in the veins, cleanse it when it is foul, your system will tell you when. Keep the blood pure, and the health of the system will follow.
