LOCAL AND MISCELLANEOUS.

—An argument court will be held in the court house, commencing on the 4th Monday of this month. No juries are drawn for this court.

—Reports from the lumber country say that the loggers are taking advantage of this snow fall and things are looking better for the lumbermen than at any time before, this winter.

—Quarterly meeting will be held in the M. E. Church in this place, commencing on Saturday next. The Presiding Elder will be present and conduct the services.

—J. B. Agnew has the lumber on the ground for a house to be built on Vine street, near Alex. Henage's place. The work will commence as soon as the weather moderates.

—On last Thursday evening the stars were wonderfully bright, and together with the snow made the night, although the moon had not yet risen, almost like twilight. Quite a number noticed the uncommon display.

—The bridge at Lacytown is completed. A gentleman of that place was down on Saturday and informed us that their tribulations were over, and the crossing henceforward was assured. We congratulate the citizens of that burg on their new bridge.

—Some suckers are being caught in the river nowadays, which are all very well in thir way, but everybody along the river would be better satisfied if the proprietors of the ice houses were taking out cakes of ice a foot or two thickness.

—The building formerly occupied by Mrs. Riddle, on River street, is being moved up to Elm street, and will be adorned just above C. D. Mahle's residence, and we believe, when fixed up, will be occupied by Jas. Fones' Drug Store.

—Thirs Savage the irrepressible, is at work in Knox's mill, constructing skiffs for the navigation of the river and creek. He has several orders ahead of him, and will undoubtedly make a good living at the business. The prices of his skiffs range from $12 upwards.

—Next Tuesday the spring elections take place. As yet we have heard of no candidates for any of the town offices. We presume a caucus will be held some evening during the latter part of this week, to nominate candidates for the several positions to be filled.

—Instead of the tones of the solemn church bells floating on the circumambient atmosphere, last Sabbath evening, fleet hoofed and elastic ankled steeds caused the more diminutive bells to tintinnabulate deliciously throughout the congealed air. And with sparkling eyes and blooming cheeks some feminine constitutions, together with a smattering of downy cheeked incipient manhood, glided with slippery velocity along the crystallized vapor. Besides some married people were out sleighing.

—A reunion of the members and officers of the Legislature who served prior to 1850 is to take place at Harrisburg on the 26th instant. They will celebrate the occasion by a supper reading correspondence, telling reminiscences, and speeches. The oldest member now living is Hon. Daniel Sturgeon, in his 85th year, who was a member of the House 1819, 1820 and 1821. He also served in the State Senate, was Auditor General under Governor Wolf, State Treasurer in 1838-9, and broke up the Buckshot war by refusing to honor Gov. Ritner's warant for $20.000 to pay the troops. He was elected U. S. Senator in 1840 and served two terms. In 1853 he was appointed Treasurer of the Mint by President Pierce, holding the position five years. Nearly two hundred of these old veteran office holders will be present.

—D. D. Williams, cashier of the Conneautville Bank, which was recently robbed, was arrested last week by a special detective, and taken to Erie for examination. If the detective really thinks Mr. Williams was implicated in the robbery, we believe he is the only one who does think so. It is not at all likely that Mr. Williams would submit to the torture he was subjected to, if he had any hand in the robbery. Mr. W. has been the cashier of the above bank ever since its first organization, and has always enjoyed the confidence of the people. Three years ago he was elected to the Legislature, in a strong Republican county, notwithstanding the fact that he was a Democrat. There is no doubt in our mind but he will be fully cleared of any complicty in the crime.

—The sleighing has continued about a week, and hasn't it been improved? At several of the mills situated off the creek, teams have been hauling boards day and night. The teams and drivers are divided into two reliefs, and work six hours at a stretch, and rest six, each team working twelve out of the twenty-four hours. Never, we believe, in the history of the lumber regions, have the lumbermen been so cramped about getting their boards to the creek. One thing, however, is always certain: as much as can be done by the perseverence and energy of those interested, will assuredly be accomplished. Notwithstanding the poor chance the lumbermen have had, we look to see almost as much lumber taken out Tionesta creek next spring as is usual in good seasons.

—G. S. Berry, of Titusville, wants the State to pay him sixty thousand dollars, because the Superintendant of the Orphan Schools of the Commonwealth agreed to furnish him a certain number of Soldier's Orphans to educate, and failed to do so. General Allen refused to audit the bill, and the case was taken to the Supreme Court, which sustained the Auditor General.

—Some of the enterprising capitalists of Erie have organized a company for the manufacture of "fuse matches." This species of match lights readily and burns regardless of wind or weather. The manufacture is protected by a patent. The capital of the company is $100,000, and it is proposed to give employment to a large number of hands.

—A literary society was organized at the Sheriff's house on Wednesday evening last, with Mrs. T. B. Cobb for President; Dr. Blaine Vice President; Mrs. Van Giesen, Secretary; Miles M. Tate, Esq. Ass't Secretary, and other officers whose positions or names we do not recall. The society, we understand, is to meet weekly at the houses of the members.

—It appears from the bill reported by Senator Rutan, on the Judicial Appointment of the State, that our county is to be districted with Venango. This will do very well for Judiciary, and now if the law makers will do as well by us on a Senatorial District, we shall feel pretty good.

—A man named Joseph King, was burned to death at triumph, on Wednesday evening last. It is supposed that the oil, which the family used for heating the house exploded, causing his death. When found he was a mass of charred flesh and bones.

—Another change has taken place in the time of trains on the A. V. R. R., which will be found in the corrected time table in this issue.

—Dithridges mill is running whenever logs can be procured to saw. As soon as spring opens this mill will run full time.

—The Tidioute *Journal* gently insinuates that we want to take a hand in the "little game" which is going on between that paper and the Warren *Ledger*, and bars us out because we "don't carry sand enough." It's a fact that we don't carry any "sand" about us, but that would never bar the Tidioute man out for he always carrys enough around between his toes to "ante" every time, and "straddle" all his opponents' "blinds"

—The *American Manufacturer* has achieved an enviable reputation as the representative journal of the manufacturing and mining interests of the United States. Its very reliable Weekly Reports of the Iron, Metal and heavy hardware Markets of this country and England must be worth many times its subscription price to our manufaturers or merchants. Its page of condensed Manufacturing Notes, averaging weekly one hundred different articles, contains more of real value to a business man than any other class publication in the country; while its weekly letters from England and the various business centres of the United States, always give a wide range of information. We do not see how a merchant, blacksmith or manufacturer could afford to do without the very reliable Price Current and reports of the iron, steel, white lead and paints, hardware, tinners' stock and and glass markets which its columns furnish. We are sure that many times the subscription price could be saved to parties consulting its condensed tables of business information.

Only a very efficient corps of editorial writers could maintain a journal of such varied, authentic and practical business information, and we trust it will secure many readers in our community.

—The colored address label on each paper shows the date to which the subscriber has paid, thus

Thos Turner 1Jly74,

signifies that Mr. Turner has paid for his paper until March 1st, 1874 The mail list is corrected weekly. By consulting the address label every subscriber can tell how his account stands.

Our accounts go back no further than the 1st of January, '73, the accounts previous to that time being payable to the old firm. The old subscription book is yet in our hands, and our receipts will be recognized by the old firm. [tf.

—Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper. tf.

VINEGAR BITTERS

VEGETABLE — PURELY — DR. WALKER'S CALIFORNIA — VINEGAR BITTERS — FREE FROM ALCOHOL

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against Disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Scald Head, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases. Persons engaged in Painting and Mineral Occupations, such as Plumbers, Typesetters, Engineers, and Miners, as they advance in life are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many children and others, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, your feelings will tell you when, and health will follow.
