WEDNESDAY MORNING, MARCH 26, 1874.

-The following items are from the Brookville Republican of last week : On Monday night last, the store of Messrs. Steiner & Rinert, at Knoxville, was broken open and a small amount of money and over \$300 worth of goods The door of the store was pried open with a crow-bar. No clus

gone in that direction. on Saturday night bers, who helped by some reb-Amount of about \$20 and the contents of the money drawer, about \$20. The same tactics were used as at Knoxville, the bolt of the lock being pried off with some kind of heavy lever,

and it is possible the same parties were

interested in the deed.

During the latter part of last week stock that is on bands to be marketed by the old process. We understand 1872 that nearly 100,000 feet of boards per Ti day have been shipped by the cars dur-ing the past month, which, with the small stock on hands, will make raff-ing a rather short job this spring.

-Shooting matches appear to be a sort of a mania in St Mary's, as witness the following from the Gazette:

Martin Huber, a famous shot me suceptis to contest with Frank Sosenheimer and our humble self for the prize. The al States, and it is proposed to supply our streams with such fish as remain batching grounds. The distance is 50 rods open sights breech our streams with such fish as remain loading guns. We have no doubt but near their batching grounds. The Martin will win the prize with his State has employed but a small handsome Excelsior gun.

On the second day of May there is to be a grand shooting match between Hod. Warner, of Ridgway and Joe. Haines of Benzinger township. The match to take place near St. Marys. Warner shoots with a muzzle leader and Haines with a Winchester repeating Rifle. Distance 100 rods open sights, guns to weigh not more than 15 pounds.

-The following items are taken from the Venango Citizen:

Last night W. A. Horton's store was entered by burglars, who effected an entrace through the cellar, and who aucceeded in carrying off several boxes of honey, a lot of pocket knives, and numerous other articles. There is no clue to the thieves.

Thirty-one persons joined the M. E. church, iff this city, on last Sunday, with quite a number of seekers. Eighty-seven in all have united with the charch since the meeting commenced, some four weeks ago. The good work continues with unabated interest.

-The first accident of the present rafting season, among our Clarion river lumbermen, is the death of LY SIX PER CENT. last Friday. The particulars of the sad event are as follows: Mr. Elgin has been for some time a resident of Scotch Hill, this county. On Friday morning he started down the river on one of Cook's rafts, Harmon Knight pilot. At Wilson's Bend, Elgin was thrown off the raft, by an oar. At the same time several boards were torn loose from the bottom of the raft. and Elgin succeeded in getting hold of them. He could not swim, but with the aid of the boards, he floated down the river two or three miles. Knight gave notice to all the men he anw along the river, of the condition of Elgin, and efforts were made to save him by throwing out ropes, but these failed. Two skiffs finally star-ted to his assistance, but when within a few rods of him, his strength failed, and he sank, being evidently overcome by the cold. At last accounts his remains had not been recovered, but diligent search was being made. He leaves a wife and four children, who, we are informed, are in needy circumstances .- Clarion Republicaa.

-Col. V. G. Terrell, the Covington correspondent of the Cincinnati Commercial, shot and killed Hon. Harvey Meyers, in Covington, Kentucky, on Saturday. Both were very prominent agen in Kentucky politics. The shooting was the result of a long-standing grudge.

-The great event of the year, among university and sporting men in England, is the annual boat race between the Cambridge and Oxford clube. That for this year came off on the Thames on Saturday. The course was the same as that rowed over when the American club contested with the Oxfords. The Cambridge erew came off victors in the race Saturday, and received the plaudits of a throng of a buiring friends.

PHILADELPHIA, March 23. - The Democratic State Central Committee resolved to hold the State Convension in Pittsburgh in May. A resolution was adopted that where representative and senatorial delegates have been already selected, they shall be taken to be delegates from the districts in which they saverally reside, and that to be delegates from the districts in which they severally reside, and that elections shall be held for all other districts not represented or not fully represented in accordance with and on the basis of the apportionment. The new elections shall be held at such times and places as the City or County Executive Committee shall designate.

to the perpetrators, but small portions of goods found on the Punxsutawney condition the latter part of last week, road would indicate that they had square timber were run out. The Ishelman & Son, of Dowlingville, freshet being so early, and very some after the recent cold snap, only a part of the timber was rafted in. There was not near as much timber taken out this year as usual owing to the monetary panic, and scarcity of snow. The prospects are good for a fair market this season, though the want of money may make each sales difficult. — Clarion Democrat.

-A statement prepared by the Di-rector of the Mint shows the amount of gold and silver bultion, including there was a fine rafting flood in Red of gold and silver bultion, including bank creek, and a large number of rafts were safely fun to the river.

There seems to be quite a lack of the usual harry among lumbermen at this season of the year, occasioned doubtless by the diminished amount of \$60,881,666 84, or \$36,279,956 more York, during the six months ending December 31st, 1873, to have been \$60,881,666 84, or \$36,279,956 more than for the same period of the year

The gain to the stock of coin in the country during the first six months of the current fiscal year is given at about \$30,000,000 gold and \$1,000,-000 silver. The number of trade dol-lars issued was \$1,225,000.

-The State fish batching house at Donegal, three miles from Marietta, has proved an entire success. Enough There will be a shooting match in this borough on Easter Monday after-noon for a cheep. Mr. Windfelder do-mates the sheep and the tonsorial artist, tern part of the State. The principal amount of money in developing its fisheries, but the enterprise has been very successful, as far as carried.

The opinion held by many that the building of our railroads depends largely on foreign capital is an erroneous one. According to the American and Gasette, the whole amount invested in fallroads in America is \$4,000,000,000, and scarcely ten per cent. of it is owned abroad.
