LOCAL AND MISCELLANEOUS.

-Jo. Jefferson plays Rip Van Winkle in the Opera House in Oil City, this evening.

The brush factory in Franklin is to be started up in July, or sconer. It will be a great help to the place.

-A son of Sam'l Grubbs, of Lacytown, died on Monday evening of brain fever. The boy was aged about six or seven yours. ZAM O

-The Superior Mills started up on Monday morning last. There are enough logs on hand now to make it interesting for awhile.

further privileges to the commissioners of the Big Level Road is in circulation and is being numerously signed.

-Spring chickens are making their appearance, notwithstanding frequent snows and frosts ; these chickens are not yet large enough for the market.

-Sucker fishing has suffered a dethese fishes from their usual haunts. It takes an old stager to find them now.

-Lawrence, of the Lawrence House, and Wm. Smearbaugh, went out trouting on Saturday, and were overtaken by a snow storm. They caught four trout, however.

-As a result of the women's temperance movement we notice that, far vouchers have been presented for

inflation bill," which action causes those who have money to rejaice, and Mercer, Mercer county, Pa., on Tuesthose who haven't it to mourn. The object of the veto, as explained by the President, is to throw no hindrances in the way of a speedy raturn to specie payments. There is undoubtly more currency needed to set our manufacturing interests on their feet, but on the other hand, were the infintion bill to carry, the gamblers of Wall Street stand ready to put gold up to a figure, which, to say the least, Corresponding Secretary, W. S. Caldwould put it out of our reach. The best minds of the country are divided ler. Colonel John S. McCalmont is on the subject, and it is somewhat the orator of the day; Colonel J. B. doubtful which side will carry the day. Nobody doubts that if the bill is passed over the President's veto the day of the return to specie payments will be postponed for some time. -The Democratic County Commit-

Without any action as to primaries or other business, the committee adjourned to meet at the call of the chairman, un less the State Democratic Convention is deferred until a later day, in which case the committee will meet during the September Court. It is a question whether the Democratic State the Oil Creek & Allegheny River convention will be deferred, but we understand that a strong pressure will be brought to bear to have it put off. \$1,100,000. -The wife of Adam Zendell, of Dutch Hill, died very suddauly on Thursday evening last. In the morn. ing she milked the cows, and was going into the house, when she complained of feeling dizzy. She was taken to bed, and Dr. Winans sent for. When the Dr. arrived she was too far gone for medical aid. She was previously was seldom ever sick. The bereaved family have our sympathy.

-A man was in town last week telling about four poun I trout which were being caught when he left Wisconsin. Everybody felt pretty good about the trouting here, where it takes four or more trout to weigh a pound, until this stranger with the large fish story came around. There will probably be a large emigration to Wieconsin -A remonstrance against granting from this section during the coming year, solely on account of the size of its trout.

-If we had nothing but the weather to write of, there would be variety enough to satisfy all who take an interest in that particular subject. As we write, on Tuesday, the ground is covered with a thick coat of suow, and cline, on account of the scattering of no signs of clearing up. At this rate harvest will not commence until the latter part of August.

-The official report of the Conneautville Bank shows the "shortage" to be \$20,825 17, of which about \$13,-500 was taken on the night of the robbery, leaving over \$7,300 to be accounted for. Of the bonds stolen, claims have been made for \$25,000, but thus

-The annual re-union of the Tenth Regiment P. R. V. C., will be held at day, May 19th, 1874. We are not aware whether or not there are members of that regiment in this county, but if there are they will know where wear a specialty. 4tf to meet their comrades in arms. The following are the officers of the organization : President, Captain Thos. McConnell ; Vice Presidents, Liouts. W. J. Carson and David Farrell ; Secretary, Lieutenant G. W. McCracken, well; Treasurer, Captain P. E. Ship-Knox alternate, and General A. J. Warner historian. It is desirable that all arrive at Mercer on Monday, the 18th prox., or in the morning trains of Tuesday. The Shenango and Allegheny Valley Railroad, and New Castle and Franklin Railroad runs to Mercer. Parties can reach Mercer from either New Castle or Greenville by these routes. For further particulars address W. S. Caldwell, Corresponding Secretary, No. 10

Sixth street, Pittsburgh. -The Philadelphia Ledger says "There is a report on the street that Railway may be sold under foreclosure of its second mortgage, which is for \$2,580,000, in all \$3,680,000. The alleged reason for this is a determination not to pay, under any circumstances, certain litigated claims of old standing against the company, on one of which judgment was recently given against the company in a lower court. This particular suit, we understand, is to be carried further. There are, considered a very healthy woman, who however, several other claims of large amounts of similar character, but so unjust are they esteemed by some of the parties of largest interest in the company that the threat has found circulation that the company will default in the interest of the second mortgage bonds and permit the road to go to sale under foreclosure rather than pay them." -The Directors of the Allegheny

Valley Railroad Company have elected Mr. John Scott, of Pittsburgh, President vice Colonel W. Phillips. The Dispatch says of the new incumbent of this important position : "Mr. Scott is a gentleman of fine business qualifications, sound judgment, rare energy and large experience in railroad affairs. Following such a man as Col. Phillips hus capability will necessarily be measured by a high stan lard, but we think he will more than meet the expectations of his friends in this respect and prove one of the most active, efficient and popular officers the Company has ever had. We congratulate Mr. Scott upon his election to a position so responsible. and the Company in having thus secured so excellent and capable a gentleman for its chief officer."

There is "shoddy" in glass, as well as in in woolen fabrics. Consumers of kero-sene arc sometimes almost dissouraged, so frequently do chimneys break, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Chesp-ness using the order of the day, a great many manufacturics make chimneys from silicate of lime, instead of from lead. The initiated may sell the different qualities of glass by ringing them : t.e vibrations of the lead glass have a clear, ringing, hell-like sound, possessing the requisite strength to willbatand expansion and conlike sound, possessing the requisite strength to withstand expansion and constrength to withstand expansion and con-traction, as well as the general pressure of use act will outlast half a-decen of the lime glass chimneys. Fifteen cents in-vested in one of the lead chimneys is mongy well spent, even though it injures the "irade" in the cheaper kind, which it most assuredly ought to, and doubless will.
