 Levington, up the river is North; down  
 the river, south.

LOCAL AND MISCELLANEOUS.

—Preaching in M. E. Church next  
 Sunday evening.

—Daniel Black is farming the  
 Lower Flats this season. May his  
 harvest be plentiful.

—The May party at the Lawrence  
 House, on Friday evening last, passed  
 off to the satisfaction of all who at-  
 tended.

—J. T. Dale returned from Louis-  
 ville last week, looking hearty. He  
 enjoyed his trip very much, and was  
 benefited thereby.

—A new library is to be purchased  
 for the Union Sunday School soon.  
 The school is well attended, and is  
 very interesting.

—People are getting pretty nearly  
 enough molasses for one spring,  
 and are now sighing for fresh vegeta-  
 bles and early strawberries.

—Ducks have been quite numerous  
 on the river this spring, but not very  
 many have been bagged, on account  
 of the scarcity of sportsmen.

—Carpenters are at work on Eli  
 Holman's new residence, which will  
 be ready for whoever is going to occu-  
 py it in the course of a few weeks.

—M. Smith, jeweler, in the Superior  
 Lumber Co. Store, has just received a  
 new and beautiful show case, oval on  
 one side, wherin to display his wares.

—Work has commenced on the  
 foundation of M. Ittel's new house,  
 which will be rushed through to com-  
 pletion in the shortest possible space  
 of time.

—Some improvements in the way of  
 new crossings, have been made in our  
 town during the past week. There are  
 still a number of sidewalks that need  
 repairing badly.

—Mrs. Clapp, widow of Rev. Ralph  
 Clapp formerly of President, is visit-  
 ing in town at present. She is quite  
 an aged lady, but seemingly strong and  
 hearty for her age.

—During April the public debt was  
 reduced \$2,965,451. At that rate we  
 will be able to return to specie pay-  
 ments in the course of a few years,  
 more or less.

—Hon. L. D. Wetmore, of Warren  
 will preside over the May term of  
 Court, and will probably preside here-  
 after until his time is out. He is  
 spoken of as an able jurist.

—None of the youngsters of our place  
 have yet had the hardihood to go  
 swimming this season. The water  
 in the river is yet many degrees too  
 cold for comfortable bathing.

—Some efforts are being made to  
 establish a base ball club in town this  
 summer, but whether the requisite  
 number of players can be secured is a  
 question not yet fully demonstrated.

—Some attention is being given to  
 gardening now. Fresh seeds of all  
 kinds are for sale at all our stores.  
 Robinson & Bonner have some Blue  
 Jeans, for lawns, which is said to  
 make the hardest and most beautiful  
 sort of any grass, extant.

—We hear with regret of the death  
 of Mr. N. H. Siggins, of Harmony  
 township, which occurred at his resi-  
 dence on Saturday morning last, at 2  
 o'clock. His age at the time of his  
 death was sixty-nine years. He was  
 born and raised in Venango county,  
 and was a resident of that county un-  
 til the section in which he lived was  
 made a part of Forest. He was a  
 faithful member of the M. E. Church,  
 and lived in the faith. Mr. Siggins  
 was highly respected by all who knew  
 him, and his descendants have the sat-  
 isfaction of knowing that he was one  
 of "the noblest works of God, an  
 honest man."

Mrs. Alfred Allender, his daughter,  
 died at Parkers on Thursday last and  
 was brought home for burial, arriving  
 at her father's house on Friday eve-  
 ning. He only lived a few hours after  
 her arrival. Both were buried in the  
 Stegari's Run cemetery, on Sunday last,  
 and were followed to their graves by a  
 numerous procession; numbering some-  
 thing over eighty vehicles. The stricken  
 mourners have the sympathy of the  
 entire community.

—The St. Mary's Gazette complains  
 of rowdiness among the young men of  
 that place. Now we must say for the  
 young men of this place that they  
 have very little if any tendency that  
 way. Nearly all of them are temperate  
 and gentlemanly at all times. It  
 seems to be tacitly understood among  
 them that rowdiness is not the right  
 road to pursue, and they do not pur-  
 sue it. Some older ones might take  
 example by them.

—In company with a few others of  
 our place, we had the pleasure of see-  
 ing Jo. Jefferson in Rip Van Winkle,  
 at Oil City, on Wednesday evening  
 last. Everybody who has heard of  
 Jefferson has heard of his peculiar fit-  
 ness for the character of Rip Van  
 Winkle, and we will not waste words  
 on the subject. Suffice it to say we  
 were amply repaid for our trip, and  
 came home with an exalted opinion of  
 Jefferson.

—On Saturday morning last the jury  
 in the case of Charles Larabee, in-  
 dicted for the murder of Lewis Will-  
 iams, found a verdict of "Murder in  
 the First Degree." When the verdict  
 was announced the prisoner sank into  
 his chair, and covered his face with  
 his hands. Sentence will be passed  
 today, C. E. Taylor, Esq., was Coun-  
 sel for the defense, and did all in his  
 power to clear the guilty man, but the  
 evidence was too conclusive.

—M. Carpenter is taking new licks  
 on his sky-light, and making new holes  
 in his building to admit the pure, un-  
 adulterated rays of light through the  
 clearest atmosphere in this region, fa-  
 mous alike for the purity of its air,  
 and richness of its scenery. When  
 Mr. Carpenter once gets his light to  
 suit him he will not stand back for  
 any artist in the country. Give him  
 a call.

—The Arkansas muddle increases  
 in interest, and news from there are  
 anxiously looked for. Troops of the  
 different parties in the fray met at  
 Pine Bluff on the 30th ult., and the  
 result was the defeat of the Brooks  
 men, with a loss of nine killed and  
 twenty wounded. Seven of the Bax-  
 ter men were wounded. The whole  
 party of Brooksites were captured, dis-  
 armed and sent home.

—Rev. E. D. McCreary and family,  
 of Shefida, N. Y., are at present in  
 town on a visit to their relatives and  
 friends. Mr. McCreary is in rather  
 poor health, caused by too close an  
 application to his pastoral duties, but  
 hopes by careful treatment to be ready  
 to fill his pulpit again in the course of  
 a few weeks.

—Senator Wallace has introduced a  
 limited liability bill, which limits the  
 liability of corporations organized un-  
 der it to the stock and franchises of  
 the subscribers. Its value is in per-  
 mitting employes to become partners  
 in a business on a basis that does not  
 endanger involvement beyond the in-  
 terest taken.

—The Democrats have changed  
 their tactics in regard to the judicial  
 appointments. On Thursday last they  
 voted to confirm the nomination of the  
 Governor, which they had heretofore  
 opposed. They covered themselves  
 with glory in their selfish attempts at  
 opposition.

—A junk boat is anchored in the  
 harbor just below the river bridge. As  
 to the amount of business done by this  
 craft we are not posted, but we would  
 advise parents owning male juveniles  
 to carefully lock up their tea-kettles  
 and boilers, especially if these utensils  
 are copper-bottomed.

—M. Einstein departed for Phila-  
 delphia on Monday last, for the pur-  
 pose of purchasing goods. He will  
 also visit New York, and he informs  
 us that he will bring on an extensive  
 stock peculiarly suited to this section.  
 He will be absent about ten days or  
 two weeks.

—Everybody knows that counterfeit  
 five-cent nickels are in circulation, but  
 everybody does not know to what ex-  
 tent they are used. If any one knows  
 of an infallible remedy for detecting  
 the bogus article, there are several of  
 our readers who would like to know it.

—The stockholders of the Conea-  
 ville Bank, at a special meeting re-  
 cently held there, decided to make an  
 assessment of twenty per cent on the  
 stock to make up the deficiency caused  
 by the robbery of that institution. A  
 little rough on the stockholders.

—A reduction of nearly \$3,000,000  
 in the National Debt for the month of  
 April speaks well for the flow of re-  
 venue to the Treasury.

—A Luchey, of Meadville has pre-  
 sented to the First Presbyterian  
 Church, of that city a large and beau-  
 tiful bell, from the Maudslough Foundry,  
 Troy, N. Y., which is to be placed up-  
 on the new church edifice when com-  
 pleted.

—A boiler used on the well of C.  
 C. Selden and others, at Petrolia, ex-  
 ploded on Saturday morning last,  
 killing the engineer, A. H. Warm, a  
 resident of East Brady, aged twenty-  
 six. The cause of the explosion is un-  
 known.

—Geo. Hunter has got a little ex-  
 cited about the crusaders. He re-  
 marked the other day that "if these  
 creatures come fooling around him, he  
 would get about two shirts to the wind,  
 and would make it warm for them."

—Rev. Dr. Loomis, of Allegheny  
 College recently tendered his resig-  
 nation as President of that institution,  
 which has been accepted, to take effect  
 July 1st. His health is assigned as the  
 cause of the resignation.

—Charley Hinton, at his ranche  
 near Tubbs Run, is making barrels,  
 kegs, irons and casks of all kinds,  
 suitable for all the various purposes  
 to which these useful vessels are put.  
 "Patronize home industry."

—Wm. B. Washburn was sworn in as  
 U. S. Senator, in place of Chas. Sum-  
 ner, last week, by Mr. Carpenter. He  
 will undoubtedly fill the place assigned  
 him with honor to himself and con-  
 stituents.

—One night last week, burglars en-  
 tered the house of Hon. G. W. Allen,  
 of Tidouste, and extracted therefrom  
 the sum of twelve dollars. The per-  
 petrators of the robbery are yet at  
 large.

—A new stock of spring hats, caps,  
 and men, women and children's Fur-  
 nishing Goods, just opened at the Hat  
 Store—sign of the Big Red Hat,  
 Main, 3 doors from Depot—St. Tidi-  
 ouste. Gentlemen and ladies, look  
 wear a specialty.

—Ladies' neck wear in great varie-  
 ty, and corsets from seventy-five cents  
 up, at the Hat Store, Tidouste.

 Pleas and Quarter Sessions in and for  
 the county of Forest, has issued his pro-  
 ceed for holding a Court of Common Pleas  
 Quarter Sessions, at Tionesta, in the  
 County of Forest, to commence on the  
 fourth Monday of May next, to-wit, the  
 25th day of May 1874. Notice is therefore  
 given to the Coronor, Justices of the Peace  
 and Constables of said county, that they be  
 then and there in their proper persons at  
 ten o'clock, A. M., of said day, with their  
 records, inquisitions, examinations and  
 other remembrances, to do those things  
 which to their offices appertain to be done,  
 and to those who bound in recognizance  
 to prosecute against the prisoners that are  
 or shall be in the jail of Forest County, that  
 they be then and there to prosecute against  
 them as shall be just. Given under my  
 hand and seal this 29th day of April A. D.  
 1874. T. J. VAN GIESEN, SH. CL.

There is "shoddy" in glass, as well as in woolen fabrics. Consumers of re- spective articles almost discouraged, so frequent do the cheap breaks, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheapness being the order of the day, a great many manufacturers make chimneys from silicate of lime, instead of from lead. The latter may be felt the different qualities of the glass by ringing them in a vibration of the lead glass has a clear, ringing, bell-like sound, possessing the requisite strength to withstand expansion and contraction, as well as the general pressure of use, and will outlast half a dozen of the lime glass chimneys. Fifteen cents invested in one of the lead chimneys in- stead will spend every cent, and give you the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it. The genuine lead glass chimneys may be had at wholesale or retail of

**WATERS' CONCERTO & ORCHESTRAL ORGANS.**  
 The best and most perfect tone ever made. The Concerto Organ is a new and improved instrument, with a grand and powerful tone, and a variety of voices, and is the best ever placed in any Organ. The price is extremely low for cash or part cash, and balance in monthly or quarterly payments. Second-hand instruments bought in exchange for new ones. GREAT AGENTS WATERS' CONCERTO AND ORCHESTRAL ORGANS. U. S. and Canada. A large dis- count to Teachers, Ministers, Churches, Schools, Lodges, &c. ILLUMINATION CARDS. **Testimonials of Waters' Pianos and Organs.**

"Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the soft, sweet, charming, and its imitation of the human voice is superb. For sweetness of tone and orchestral effects it has no equal."  
 —N. Y. Times.

"The Concerto Parlor Organ is something entirely new. It is a beautiful and ornamental possession, sweet and musical tone is a most commendable invention, and holds a high place in public favor."  
 —N. Y. Evening Post.

"As ORCHESTRAL AND PARLOR.—The orchestral organ is the most complete and organ recently manufactured by Waters & Son. The instrument takes this name from its recently invented orchestral stop. The voicing of this is peculiar, producing the effect of a full sweet orchestral voice. Its finest effect is produced when the stops are drawn out, thus the orchestral effect is given. The case is unique and makes a handsome article of furniture."

There is "shoddy" in glass, as well as in woolen fabrics. Consumers of re- spective articles almost discouraged, so frequent do the cheap breaks, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheapness being the order of the day, a great many manufacturers make chimneys from silicate of lime, instead of from lead. The latter may be felt the different qualities of the glass by ringing them in a vibration of the lead glass has a clear, ringing, bell-like sound, possessing the requisite strength to withstand expansion and contraction, as well as the general pressure of use, and will outlast half a dozen of the lime glass chimneys. Fifteen cents invested in one of the lead chimneys in- stead will spend every cent, and give you the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it. The genuine lead glass chimneys may be had at wholesale or retail of

**Testimonials of Waters' Pianos and Organs.**

"Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the soft, sweet, charming, and its imitation of the human voice is superb. For sweetness of tone and orchestral effects it has no equal."
