Meeting of Republican County Committee.

There will be a meeting of the County Committee, Tuesday evening of court week, May 26, 1874, at 71 P. M., at my office in Tionesta. A full importance will be considered. The following named persons are members of the Committee :

J. B. Agnew, Tionesta Borough. John Huddleson, Tionesta Twp. James Green, Hickory Wm. A. Dusenbury, Kingley " Lewis Arner, Green Hon. Wm. R. Coon, Barnett " John Mercilliott, Jenks Robert D. Black, Howe

MILES W. TATE, Chairman

-The Raftman's Journal, Charfield, of last week contains the following: CURWENSVILLE, PA., May 7, '74.

T. H. MURRAY, Esq., Chairman Republican Co. Com. -Dear Sir: As the time is approaching for your call for a County Convention, and my name having been mentioned as a candidate for the nomination for Lieutenant Governor, I desire to say to you, what I have said to a number of friends, that I will not be a candidate. I am not indifferent, but feel exceedingly gratified at the kind mentioning of my name, and offers of support, for so im-portant an office. I fully appreciate the honor those friends would confer, but I must respectfully decline. Please accept my sincere thanks for words of others through you.

Very Truly Yours,

John Patton. encouragement had from yourself, and

We regret that Gen. Patton does not consent to be placed before the people for this office. Other good and competent gentlemen have been named for the position, yet we think Mr. Patton's nomination would have been generally hailed throughout the State. as one of the best proofs the party could have given, of sincere and earndistinguished alike for his public and private virtues.

-We copy the following from the Washington correspondent of the Philadelphia Press, under the date of Thursday morning last:

"It is stated that Judge Scofield one of the Representatives at large in Congress from Pennsylvania, is to be appointed associate justice of the Court of Claims in place of Judge Milligan, deceased. Various other candidates have been pressed upon the President, essee, and Senator Scott, of Pennsylva-The President, it is beleived, will decide the question in a short time, and the indications are that the posi-tion will be offered to Judge Scofield. It is not yet known whether he will accept. In this connection it is proper to state that no movement has been made either by Judge Scofield, or any of his friends with his consent, to secure the place. His name was presented to Pennsylvanians who are aware of his qualifications for the position."

-Since the trial of Samuel Jordan, the jury, and the sentence, and also who pronounce him not sane. The fol-lowing letter from the Warden of the Western Penitentiary, while hearing out the latter in their evidence, also indicates that no injustice has been done, and that Jordon was not responsible for his terrible deed:

WESTERN PENETENTIARY OF PA.. ALLEGHENY CITY, Apr. 27, '74. MR. JORDAN:

I am directed to give you information that steps will be taken to have your son Samuel transferred to Dixmont. He is not near so well as at first, and we all beleive him entirely unsafe to be at large.

Very respectfully, EDWARD S. WRIGHT, Warden. - Brookville Republican.

-D. B. Watson, esq., of Scotch Hill, while stopping at the St. Clair house, Pittsburgh, on Thursday night of last week, had his pockets picked. He lost a gold watch, and his pocket book containing some money and val-uable papers. -The citizens of this county will feel grateful toward our members Hons. D. Maclay and Martin Williams, for their unceasing efforts to secure the passage of the Normal School bill. Only for the influence they were capable of exercising in the two Houses and with the Governor, this important bill would have failed, with a thousand others not reached. — Clarion Jacksonian.

XX FLINT GLASS LAMP CHIMNEYS,

There is "shuddy" in glass, as well as is in woolen fabrics. Consumers of kerosene arcsonetimes almost dissouraged, so requently do chimneys break, without any apparent cause, rendering the coal of chimneys about squatto that of oil. Cheapness being the order of the day, a great many manufacturies make chimneys from silicate of lime, instead of from lead. The initiated may tell the different qualities of glass by ringing them; the vibrations of the lead glass have a clear, ringing, bell-like sound, possessing the requisite atrength to withstand expansion and contraction, as well as the general pressure of use, and will outlast half adozen of the lum glass chimneys. Fifteen cents invested in one of the lead chimneys is money well spent, even though it injures the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it. The genuine lead glass chimneys may be had at whelesale or retail of GEO, W. DITHRIDUE & CO., 2-11 Tionesta, Pa.
