A meeting of the owners of the Oil Creek and Allegheny River consolidated seven per cent, bonds, the May interest on which was defaulted, was held in Philadelphia on Tuesday. It appears that, by the terms of the mortgage under which the bonds were issued, one-fourth of the bondholders can, within three calendar months of the non-payment of the semi-annual interest, empower the trustees to take charge of the road, and a resolution was offered and adopted requesting these officers at once to institute the legal proceedings necessary to bring the road into the market for the benefit of the holders of the consolidated bonds. These securities amount to \$1,000,000. Most of the bonds are held in Philadelphia.—Pittsburgh Commercial.

-The resignation of Secretary Richardson, and the appointment of Gen. Bristow as Secretary of the Treasury, seems to be accepted favorably, as re-gards the fact of change. Yet the new appointee must win confidence for himself in actual service. He is a lawyer, not known to be skilled in finance, and yet may succeed in making a good Treasury official. It is a singular fact that skill in the management of large fiscal concerns of a private or even public nature, does not always prepare for the administration of the Treasury Department of the United States. On the other hand, inexperience is not fatal to success. Chase, Boutwell, or Fessenden, were not practical financiers, yet they were good financial Secretaries. McCulloch was thus skilled, and was a poor Secretary. So Bristow may be a success. -Pitteburgh Gazette,

-The Camp Meeting at Chautauqua Lake, this year will be held on Fair Point, commencing July 7th and continuing one week. The Camp Meeting Association has tendered the use of its grounds at Fair Point to the National Sunday School Association. Association, and the next meeting of the organiza-tion will be held there in August, opening on the 5th, and continuing fifteen days. Sunday Schools of all denomina-tions from all parts of the country will take part and many eminent men will be present, among whom are Henry Ward Beecher, Bishops Simp-son, Havens, Ames, Janes, Rev. T. DeWitt Talmage, Pr. Hatfield, and Chancellor Mitchell, of Syracuse University. It is a great enterprise, this bringing together of the Sabbath schools of the country, and will cost a large sum of money, but earnest men have the work in charge and will carry it through to success. Surely no hetter location than Fair Point could have been chosen, its large and beautiful woods, its easy access by both land and water, extending far out in the clear pleasant water of Chautauqua lake, with an atmosphere healthful and invigorating, it seems the place of places to bring the children from the hot towns and cities to spend a few days and enjoy the country in its most pleasing aspect.

To-day Mr. John S. Wilson, while mounting his horse was thrown to the ground, striking on his head and severely bruising it, caused by the turn-ing of the saddle. --With the expiration of the Legislature, expired the terms of eleven Scontors, namely: F. D. Collins, Luzerne county, Democrat; Wm. Me-Sherry, of Adams county, Democrat; Wm. Wallace, Clearfield, Democrat; B. B. Strang, of Tioga county, Repub-lican; James M. Weakley, of Cumlican; James M. Weakley, of Cum-berland county, Republican; Lafay-ette Fitch, of Susquehanna county, Republican; E. W. Davis, Philadel-phia, Republican; Jas. L. Graham, of Allegheuy, Republican; M. S. Hum-phery, of Allegheny, Republican; Harry White, of Indiana county, Re-publican, and A. K. McClure, of Phil-delphia, Liberal Republican.

Hrriet Beecher Stowe,

Author of "Uncle Term's Cabin," "The Minister's Woolng," "My Wife and I," and other powerful stories, each the literary sonsation of its period; and this story promition a like gonuine and wholesome sensation. It bears directly on social toples of interest, embracing the romanco of youthful companionships, the brightness f happy home-life, the spicy complications of neighborhood associations, and such follies and profound domestic miseries as have led to the widespread Temperance movement of the day.

Mrs. Stowe is now in the prime of that genius which wroto "Uncle Tom," ripened by years of study and observation. Her novels are immensely popular, "Unele Tom's Cabla" alone out-selling by hundreds of thousands any edition of any original work ever published-save the Bible. Her book two years ago, "My Wife and L" outsold every contemporary. Such a pure and every contemporary. Such a pure and ennobling story as "We and Our Neighbors" should be read in every home. WASHINGTON & FRANKLIN STS .. • PITTSBUSCH, PA. There is "shoddy" in glass, as well as in in woolen fabrics. Consumers of kero-sene are sometimes almost discouraged, so frequently do chimneys break, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheap-ness being the order of the day, a greas many manufacturies make chimneys from silicate of lime, instead of from lead. The initiated may toll the different qualities of glass by ringing them : I e vibrations of the lead glass have a clear, ringing, bell-like sound, possessing the requisits strength to withstand expansion and con-traction, as well as the general pressure of strength to withstand expansion and con-traction, as well as the general pressure of use, and will outhat half a-dozen of the lime glass chimneys. Fifteen cents in-vested in one of the lead chimneys is money well spent, even though it injures the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will.
