LOCAL AND MISCELLANEOUS.

-Rev. Lusher will preach in the M. E. Church on Sunday evening next. -Dithridge's Mill is running full time and turning out lots of lumber. -We understand that there has been a little too much cold weather for the corn this season, and a little too much rain for the wheat and oats. However, there is plenty of time for these crops to regain lost ground be fore harvest.

-Eleven condidates for the Republican nomination for Sheriff of Venango county, are announced in the Oil City Derrick ; five for Assembly ; two for State Senate, and one each for Congress, District Attorney, and County Commissioner.

-Several "skippers," or light rafts passed down the river on Sunday last. They were rafted eighteen to twenty courses deep. If the lumber market one seems to take any interest in this is not better than it was in the spring branch of business. Here's a chance the owners had better keep their lumber at home.

-We hear of two or three Democrats who propose to run for the Democratic nomination for Assembly. If the one who gets the nomination makes the election we will be materially mistaken. The Republicans of this county propose to send the Assemblyman this year.

-The St. Mary's Gazette man was trouting a short time ago, and says that on his way home he stopped in to see the trout ponds of Mr. John Creich, at Kaul's mill. "The proprietor showed us all about the premizes. He has about 300 trout in his ponds, all of good size. He has been selling a great number lately. He designs, this summer, to build a dam capable of raising about 10,000 every season. We have no doubt but Mr. C., if he gives the matter a little attention, will make this quite a lucrative business."

We cannot imagine why some of our people who have fresh spring runs on their premises do not engage in raising trout both for the market and for home consumption. At the present rate of fishing our streams will soon be fished out, and unless trout ponds are started we shall all soon be strangers to the taste of this most del-

icate of fish. There's not much trouble, and a deal of money in the business, Since Mr. Shriver's death no for somebody to make some money easily.

-A son of Wm. Haslet, of Green township, aged eighteen or twenty years, died on Sunday last from the effects of sprains received a few weeks ago, occasioned by heavy lifting. We are without particulars, but enough is known to warrant a slight warning to the working men of Forest county. In the lumber woods every man is liable to lift more than is compatible with his future usefulness. We scarcely meet a men who has been long in the woods but who has received more or less injuries through heavy lifting; injuries from which he will feel the the bad effects as long as he lives. The only way is to limit yourselves to a certain weight easily within your muscle, and never go above it. If this advice were heeded there would scarcely be an unsound in man Forest coun--The Grangers, as well as all who possess ground enough to plant a few hills of potatoes, are waging a war of extermination against the potato bug. There are a great many plans in vogue to destroy these bugs. Some plant buck wheat in the potato hills. Others scatter Paris Green over the plants. Some sprinkle salt brine between the rows, while others gather the insects alive in a tin can and cremate them. the average business men of the place. This being the case, why would it not be a good idea for the present council to purchase some fire apparatus? A hand engine which will cast a few hundred dollars, may save our town thousands of dollars worth of property. No man can tell, Odd Fellows Lodge Room once in two unless he starts it, what hour a conflagration may take place, which will, in our powerless condition, endanger the whole town. Gentlemen, suppose you

talk the matter up. -Some unregenerate cuss, who will undoubtedly bring up in the Penitentiary or insane asylum, sent us two columns of advertisements purporting to come from our New York Agents, Geo. P. Rowell & Co. On the same day we received a postal card from C. Scott, to pay the costs. There was Messrs. Rowell & Co. saying that their name was forged to the circular. Words fail us when we attempt to paint the depth of cussedness possessed by the sforesaid forger or forgers. If ever we had been betrayed into putting those ads. in, we would have been enraged. As it is we are glad that our agents keep their eyes open so wide, and we feel pretty good because we were not sold.

-W. H. Dimmick, the Democratic Assemblyman from Wayne county, who set up a job last winter to make some money out of the banks of the State, and to a certain extent succeeded, but who was detected in the act, has been discarged by the U.S. Court because the grand jury failed to find a true bill against him. We have heard no comments from our Democratic exchanges on this escape of an acknowledged blackmailer, but we tremble when we think of the columns of abuse the radical courts would have received, had Dimmick been a Republican instead of a Democrat. Motes and beams.

-The Clarion Democrat is undertaking to run the Armstrong County Democratic nominations. How it will succeed is a question for the future. We don't believe, however that more than seven-eighths of the Democrats of Armstrong county take Brown's paper. He reserves about two inches of space in the last week's paper to give Maclay a left-handed puff, which will probably result in making more votes for Mac. It would be a good speculation if Maclay would pay Brown advertising rates to abuse him during the canvass.

-We wish to call attention to the new advectisement of E. A. Baldwin, of Tidioute. Should any of our readers need anything in his line, we can conscientiously recommend them to go conscientiously recommend them to go to Baldwin, feeling assured that he will do unto them as he would be done by were he the bayer and they the sellers. If any one finds that he does sellers. If any one finds that he does not do just as he advertises, we will take his advertisement out, and give him a left-handed puff. We don't anticipate having those things to do, however.

-The Charion Democrat is saying mean things about Sam. Young, and none so base as to take Sam's part.

-While the Rev. O. L. Mead, of the M. E. Church, was immersing a convert in the creek last Sunday, it rained. This caused one of the brethren to remark-It's done right; the parson immersed him and the Lord sprinkled him."-Spectator.

-The Tionesta Grange meets in the weeks, on Tuesday evening. Next Tuesday evening is the regular meeting night. The grange is said to be gaining members, not rapidly but surely. Those who belong to the organization profess to be highly pleased with its workings.

-In the case of Com. vs. J. N. & D. Bolard, of Tidioute, indicted for selling liquor on Sunday, the verdict was not guilty, and the prosecutor, R. evidently a little spite-work connected with this prosecution, but the Messrs. Bolard are gentlemen who are at all times willing to have their records overhauled.

-The July number of Ballou's Magazine is really superb. It contains some thirty nice stories, and poetry which the higher price magazines would be glad to print. The illustrations are timely, and those of the Fourth of July are amusing, and will be particularly relished by the younger portion of the community, while the sedate will be reminded of their youth, and love of fun and gunpowder. Ballou's Magazine is the best cheap serial in the country, and this the people have discovered a long time ago. It is only \$1.50 per year, and to each subscriber is given a nice chromo. Price fliteen cents single number. For sale at every periodical depot in the country. Thomes & Talbot, Publishers, 36 Bromfield Street, Boston.

-B. L. H. Dabbs, the celebrated Photographer, No. 46 Sixth street, Pittsburgh, has intoduced an entirely new picture called Portrait Glace, is much more beautiful than the Porcelain picture, perfectly durable, and much cheaper. One of the most important requisites in getting a good picture is to have a good and natural position, and in giving such Mr. Dabbs excels any one we know, and that is likely the reason of his doing the largest business of the kind in the 10 4t city.

Special Notice.

All persons having unsettled accounts with J. B. Pearsall, of Clarington, Forest county, Pa., are hereby notified that settlements are requested on or before the first day of July next, by note or cash. As no account will
