"WE AND OUR NEIGHBORS,"

is the latest and richest work by Harriet Beecher Stowe,

Author of "Uncle Tom's Cabin," "The Minister's Wooing," "My Wife and I," and other powerful stories, each the literary sensation of its period; and this story promises a like genuine and wholesome sensation. It bears directly on social topics of interest, embracing the romance of youthful companionships, the brightness of happy home-life, the spiky complications of neighborhood associations, and such follies and profound domestic miseries as have led to the widespread Temperance movement of the day.

Mrs. Stowe is now in the prime of that genius which wrote "Uncle Tom's Cabin," ripened by years of study and observation. YOU ARE LOSING YOUR TIME OF CURABILITY.

DR. SYKES' Mode of Treatment,

Is the fruit of over twenty years of exclusive attention to Chronic affections, and an experience embracing many thousands of cases, and has been blessed in the recovery of hundreds of those who were deemed past hope. It consists in selecting for each case the remedial means best adapted to its cure. His patients have the benefit of every new discovery and theory of value. His remedial resources include medical inhalations both of vapor and of atomized fluids, together with tonics, cleansing and regulating medicines, with an adrocity, and hygienic and mechanical remedies of great value.

RESULTS OF Dr. Sykes' Mode of Treatment. Case of S. H. Sittler, Esq., Of Lexington, Ohio, Sick Fifteen Years—Disease of the Lungs and Heart, Frequent Hemorrhages, &c., &c.

LEXINGTON, Ohio, Dec. 22, 1870. DR. J. W. SYKES—Dear Sir: I feel it my duty to make a just acknowledgment to you of the benefit I received of your treatment from April to September, 1870. When I resorted to you I had but little hope of a recovery, as I had hemorrhage of the lungs almost daily during 22 months previous, together with an affection of the heart, so that I could not lie on my left side during a period of fifteen years. The cough, pain, and constant oppression of the breast made life a burden. After taking your treatment for three months, I felt a decided improvement; the hemorrhage of the lungs had ceased altogether; the oppression of the breast, cough, &c., were much better, with a decided improvement of my general health; so that I commenced the second course of three months' treatment with more hope. After continuing the treatment (altogether five months), I felt myself entirely well, could lie on either side, and breathe freely. Yet I could hardly believe the cure a permanent one. But now, fifteen months have passed, and no recurrence of hemorrhages, or cough, and I have regained my former weight so that I now feel thankful to God and to you for your invaluable treatment in my case, and shall not cease to recommend other, similarly afflicted to your treatment. Yours respectfully, S. H. SITTLER.

Home Estimation of Dr. Sykes. Among others received by us, we take pleasure in transferring to our columns the following testimonials from the editors of the Pittsburgh Christian Advocate and United Presbyterian:

Pittsburgh, May 16, 1867. Publishers Religious Telescope: Dear Brother:—I take pleasure in stating, for your information, that Dr. J. W. Sykes, of this city, is a reliable and skillful medical practitioner, and justly distinguished in his specialty—the treatment of the lungs. Office of the United Presbyterian, No. 74 THIRD STREET, PITTSBURGH, May 20th, 1867. Ed's Religious Telescope—GENTLEMEN: Dr. J. W. Sykes having applied to us for a letter of recommendation, we take pleasure in stating that he has the reputation here of being at the head of the medical school in the treatment of the lungs, and other kindred diseases. And further, we are gratified at being able to say that he is a Christian gentleman, and in every way worthy of any commendation that you may give him in your influential and widely-circulated paper. With much respect, we are, Your obedient servants, D. R. KERR & Co., Editors and Prop'rs United Presbyterian.

FARMERS

Money Saved is Money Earned

The undersigned are about introducing in Western Pennsylvania the celebrated Handell Fanning Mill, Grain Separator and Grader Combined, which has attracted marked attention in the Western States wherever exhibited among the farmers. As a Fanning Mill it cannot be surpassed, and it is the only real separator and grader in the U. S.

It is simple, rapid and complete, and gives you perfect control in chaffing, separating or grading your grain.

The use of the Handell Mill will improve the condition of your grain, enhance the price from five to fifteen cents per bushel, and besides will largely increase the yield per acre, by the higher grade of seed you are enabled to obtain.

With the Handell Separator you can also clean your own Grass Seed, thus saving a large annual expense for grass seeds.

This mill works on an entire new principle as applied to Fanning Mills, and does its work to perfection.

Canvassers will exhibit it during the season when you will be able to judge for yourselves of its merits. Do not buy until you see it work. For information, address
