LOCAL AND MISCELLANEOUS.

No general celebration is to take place in town this year. The Sunday School will picnic in the woods. When not raining the weather seems to get clear out of range of the thermometer. The last three days have been terribly hot. A spearing party was out on Monday night, and bagged fourteen suckers and ten frogs. They were not complimented on their return. Judge Campbell, of Clarion, was last week chosen as Republican candidate for Congress subject to the decision of the District Conference. The Indians in some parts of the West are on the war path covered with paint. They have Custar to deal with and will undoubtedly receive the worst of the bargain. Col. Roberts, of Titusville received a head at the hands of one Chas. Cannel. The Courier says the row was occasioned by lots of abuse heaped on Cannel by Roberts. The Democratic Assembly question does not present that rarity which was observable last summer. At present there are only two candidates on the track and there is a prospect for a fair race. Turkeys are excellent potato-buggers. A couple of them will keep the vines in a half acre lot perfectly clear of these pests. How the turkeys will eat about Christmas we haven't determined. There is much talk of prolonging the present session of Congress. There are important bills unacted on, and it is feared they cannot be satisfactorily disposed of in time to adjourn at the date fixed upon. The festive bass is, just now, being caught with a rifle. Whether the game law covers this style of fishing we know not, nor do we want to know, until that mess of bass which was promised us is brought in. The Republican primary meetings of Crawford County took place last week, and one of the results was the nomination of Hon. S. Newton Pettis as a candidate for Congress, subject to the decision of the district conference. A man named Shean was stabbed in the back, in Meadville, on Thursday evening last, by a rough named Rushenberger. It is expected that the wound will yet prove fatal. Rushenberger is in jail awaiting the result of Shean's injuries. The Commissioners of the Insane Hospital at Warren, have rejected all bids for the construction of the same, believing they can build it cheaper themselves. They have now 70 men and about a dozen horses at work on the excavation. Vegetables, notwithstanding that the season is pretty well advanced, are a scarcity in our market. There are some in town, it is true, but those who own them are unwilling to sell them, and those who have no garden are in danger of scurvy.

The Union Sunday School of Tionesta has decided to celebrate the glorious Fourth by having a Basket Picnic in some of the groves adjacent to the town. A Committee of Arrangements was appointed last Sunday, consisting of T. J. Van Giesen, G. W. Robins, Mrs. J. G. Dale, Miss Clara Hunter and Miss Florence Knox. A committee was also appointed to select suitable grounds for holding the picnic; this committee consisted of J. N. Teitsworth and Jas. H. Fones. Full particulars will be reported next Sabbath and published in next week's paper. It is hoped that the parents of the children belonging to the Sunday School will take a proper interest in the preliminaries, so that the picnic may be an enjoyable event. It is also necessary that the teachers, officers, and advanced scholars take such an interest in the event that its success will be assured. We hope to report after the event is over, that it has been the most successful and enjoyable occasion ever experienced by a Tionesta Sabbath School.

The Library Festival comes off to-night; do not forget it. The object is a laudable one, and should be encouraged by every citizen of the county. The funds are to be used for the purpose of purchasing a library of standard works, which shall be open to all who can give proper guaranty for the return of books within a specified time, in good condition. Moreover, the entertainment is fully worth all that is charged for it. Nowhere that we know of, can strawberries and ice cream be bought at retail for less than is proposed to charge on this occasion. Added to this, the members of the Literary Society, who do all the work and take all the responsibility, pay their entrance fee and buy refreshment tickets the same as outsiders. Rally, then, from all quarters, to the Court House, this Wednesday evening, where mirth and music, joy and gladness, cream and strawberries will rule the hour. A good time will be experienced by all who attend. Come forth!

On Thursday last, a man named Frank Wheeler, met with an accident at Dithridge's mill. It appears that he was changing the guide of a saw which was running, when a wrench in his hand, slipped off a nut he was turning, bringing his right arm with a jerk down on the running saw. The flesh on the fore-arm was badly torn, and the bone slightly splintered. Dr. Blaine dressed the wound, and the patient is doing well. The day before this accident occurred, Wheeler received a slight wound on the right hand in precisely the same manner.

Mr. Chas. M. Cott, of the firm of Smythe & Co., Job Printers, of Columbus, O., was in town a few days this week, on a visit to his friends. He reports business in that section as being rather better than could have been expected from the depression in other places he has visited. The business of the firm of which he is a member is increasing daily. The work from their office will compare favorably with that of most other offices in the city.

About 9 o'clock yesterday morning an alarm of fire caused a general excitement in the centre of the town. Following the crowd we were just in time to see a small column of smoke issuing from the house now occupied by Alex. Henage, and to see Davy Hilands put a quietus on the affair with a bucket of water. The fire caught on the roof from sparks from the chimney. A few buckets of water sufficed to put the building out of danger.

The following counterfeits are said to be afloat; look out for them: tens on the First National Bank of Lockport; twenties on the First National Bank of Plainfield, New Jersey; tens on the Central National Bank of Rome; tens on the Flour City National Bank, Rochester; twos on the Westchester County National Bank, Peekskill, and twos on the City National Bank of Poughkeepsie.

A jam of advertising prevents the insertion of our usual amount of reading matter this week. Although this may not be acceptable to the "general reader," it causeth the printer to shout aloud for joy, and in fancy to count the ducats which are to accrue from the publication of the said advertisements.

Horses and Cows for sale. Orders from a distance solicited. D. G. HUNTER, Tionesta, Pa.

Meeting of Tionesta Cemetery Association.

There will be a meeting of the Board of said association at the Central House in Tionesta, on Saturday, June 27, at 7 o'clock, p. m., concerning building of a fence, and election to fill vacancies in office. The plans and specifications of the fence can be seen at the Secretary's office.

Board consists of H. H. May, President; D. S. Knox, Treasurer; S. D. Irwin, Secretary. Trustees, J. A. Proper, J. G. Dale, Jacob Wenk, P. D. Thomas. One trustee to elect and a superintendent.

We have printed bills for a picnic and dance to be held at or near Ross Run, on Friday, July 3d. In addition to the facts stated in the bill, we are authorized, by the committee to state that the platform for dancing is roofed, so as to protect those participating from rain and sun; also that Wm. Evans is to be one of the musicians.

In last week's paper we stated that Bishop, formerly of the Derrick, had taken a position on the editorial staff of the Buffalo Express. This report turns out to be untrue. He is resting his wearied frame under his own vine and figtree, in Jamestown. It is altogether probable that he is "only waiting" for such an opening.

It will be seen by reference to our new advertisements that Jacob Smearbaugh has opened a Restaurant in the building lately occupied by Jas. Huling as a barber shop. Mr. Smearbaugh proposes to keep refreshments of all kinds on hand, and will probably do a big business in the oyster season.

Gen. Clover, some years ago Canal Commissioner of this State, now a resident of Kansas, we believe, has been sojourning in in these parts for a few weeks past, looking after his land interests. The General is hale and hearty, and bids fair to live long enough to see the first quarter of the next century.

Dithridges Mill, we understand, is to be stopped for the present, on account of having no more logs on hand. The time of the stoppage we suppose will depend upon the water in the creek. If these rains continue we should think that a pond flood could be made most any time.

Robinson & Bonner and Prothontary Agnew are building a tank in the rear of the Central House, which is to be sunk in the ground and kept filled with water from the spring. The capacity of the tank will be about 75 barrels, which will come very handy in case of a fire.

A law has been passed by the Legislature requiring the Auditors of the several townships, boroughs and cities, immediately after their annual meeting on the first Monday in June, to publish, by posting handbills, either printed or written, in at least five public places within their respective townships or boroughs, an itemized annual statement of the receipts and expenditures of the borough councils, road commissioners, supervisors, overseers of the poor and school directors, for the year preceding the annual settlement for their respective districts. Said handbills to be posted within ten days after such settlement; and further, it shall be the duty of said Auditors to file a copy of the same with the town clerk, in their respective district, and also with the clerk of the court of quarter sessions, which will at all times be subject to inspection by any citizen thereof; Provided, That where two of said offices are exercised by the same person, only one statement shall be required; Provided, That nothing in this act shall be construed to interfere with the present law, which requires annual statements of the receipts and expenditures of the borough councils, road commissioners, overseers of the poor and school directors, to be advertised in the daily and the weekly newspapers published in the respective localities. For neglecting or refusing to comply with this act the Auditors shall each pay a fine of \$20, to be recovered by law as debts of a similar amount are recoverable by suit instituted in the name of any tax-paying citizen. Said penalty to be paid into the school treasury of the district.

Dr. Bosland, Dentist, of Franklin, will visit Tionesta on Thursday, July 9, 1874. Office at Central House. Will remain three days. A full set up or lower teeth for \$15.

Boys who light fire crackers and throw them under the feet of horses that may be tied in front of any of our stores, are a nuisance which should be abated by a liberal application of strap oil. We noticed several instances of this kind yesterday afternoon.

Strawberries in small quantities have made their appearance in town. All we know of, however, have been ordered by private families; no dealer apparently having confidence enough in the firmness of the market, to order them for sale.

Go to Robinson & Bonner, if you want Grain-craddles, Scythes, Snaths, Rakes, Forks &c. 131f

B. L. H. Dabbs, the celebrated Photographer, No. 46 Sixth street, Pittsburgh, has introduced an entirely new picture called Portrait Glass, is much more beautiful than the Porcelain picture, perfectly durable, and much cheaper. One of the most important requisites in getting a good picture is to have a good and natural position, and in giving such Mr. Dabbs excels any one we know, and that is likely the reason of his doing the largest business of the kind in the city. 10 4t

Special Notice.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded, possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases. The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with WALKER'S BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Congestion, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Glands, Scrophulous Inflammations, Indolent Inflammations, Mercurial Affections, Ulcers, Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Disease of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Palms and Minerals, such as Plumbers, Tinsmiths, Gold beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Itch, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pain, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, those Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
