Republican Primaries.

The Republican voters of Forest County will meet at the usual places for holding the primary elections, SATURDAY, AUGUST 15, 1874, at 2 o'clock P. M., to nominate as follows:

- One person for Assembly.
One person for Associate Judge.
One person for County Treasurer.
One person for Co. Commissioner.
One person for Co. Auditor.

The Polls will remain open until 7 o'clock P. M.

Each township will elect and return the name of one person as a member of the County Committee for the ensuing year.

The meeting of the Return Judges will be had at the Court House on the Tuesday following, to-wit: the 18th, day of August, 1874, at 2 P. M.

MILES W. TATE, Chairman.

To the Republicans of Forest County

You are once more summoned to the Primary, for Saturday August the fifteenth next. There are three duties every Republican in this County owes his party:

- First, To attend the nominations.
Second, To attend the nominations.
Third, To attend the nominations.

Happily the hazard of selection is quite overcome by the worthiness of the candidates who have announced. Yet out of these, however worthy, one only for each position can be chosen.

Political parties now are taking good heed to bring out only the best men for position. The demand of the hour is for purity, honor and integrity in politics. Let our choice fall upon the worthiest.

This year our nominations assume a new interest in virtue of our right to a member from this county to the Assembly. The opposition have their eye upon the contest, and wait to profit by any errors we may make. A mistake in August may be a disaster in November. Don't fail therefore to attend the nominations.

MILES W. TATE,

Chairman Republican Co. Com.

Rules for the Forest County Republican Primary Election.

1. The voters belonging to the Republican party in each township or borough, shall meet on a day to be designated by the County Committee, at the usual place of holding spring elections, at 2 o'clock, P. M., and proceed to elect one person for Judge, and two persons for Clerks, who shall form a Board of Election to receive votes and determine who are the proper persons to vote, and who shall hold the polls open until 6 o'clock P. M. After the polls are opened, the candidates announced shall be balloted for; the name of each person voting shall be written on a list at the time of voting, no person being allowed to vote more than once for each office.

2. After the polls are closed the board shall proceed to count the votes that each candidate has received, and make out the returns accordingly, to be certified by the Judge and attested by the Clerks.

3. The Judge (or one of the Clerks appointed by the Judge) of the respective election districts, shall meet at the Court House, in Tionesta, on the Tuesday following the Primary Meetings at 2 o'clock P. M., having the returns and a list of voters, and the person having the highest number of votes for any office, shall be declared the regular nominee of the Republican party.

4. Any two or more persons having an equal number of votes for the same office the Judges shall proceed to ballot for a choice, the person having the highest number to be the nominee.

5. The Return Judges shall be competent to reject by a majority, the returns from any district where there is evidence of fraud, either in the returns or otherwise, and shall reject them where there is evidence of three or more persons voting at the primary meetings who are not Republicans.

6. The Return Judges may at any time change the mode and manner of selecting candidates as they may be instructed by the people at their primary meetings, due notice being given by the County Committee.

7. The Chairman of the County Committee shall be required to issue a call in pursuance of the action of the County Committee.

REMEMBER, that while you are "trying" some "Golden Discovery" or "Linn's Cure," or treatment based on Inhalations,

YOU ARE LOSING YOUR TIME OF CURABILITY.

DR. SYKES' Mode of Treatment,

Is the fruit of over twenty years of exclusive attention to Chronic affections, and an experience embracing many thousands of cases, and has been blessed in the recovery of hundreds who were deemed past hope. It consists in selecting for each case the remedial means best adapted to its cure. His patients have the benefit of every new discovery and theory of value. His remedial resources include medical inhalations both of vapor and of atomized fluids, together with tonic, cleansing and regulating medicines of unsurpassed efficiency, and hygienic and mechanical remedies of great value.

RESULTS OF Dr. Sykes' Mode of Treatment.

Case of S. H. Sitler, Esq., Of Leetonia, Ohio, Sick Fifteen Years—Disease of the Lungs and Heart, Frequent Hemorrhages, &c., &c.

LEETONIA, Ohio, Dec., 22, 1870. DR. J. W. SYKES—Dear Sir: I feel it my duty to make a just acknowledgment to you of the benefit I received of your treatment from April to September, 1869. When I resorted to you I had but little hope of a recovery, as I had hemorrhage of the lungs almost daily during 22 months previous, together with an affection of the heart, so that I could not lie on my left side during a period of fifteen years. The cough, pain, and constant oppression of the breast made life a burden. After taking your treatment for three months, I felt a decided improvement; the hemorrhage of the lungs had ceased altogether; the oppression of the breast, cough, &c., were much better, with a decided improvement of my general health; so that I commenced the second course of three months' treatment with more hope. After continuing the treatment (altogether five months), I felt myself entirely well, could lie on either side and breathe freely. Yet I could hardly believe the cure a permanent one. But now, fifteen months have passed, and no recurrence of hemorrhage, or cough, and I have regained my former weight so that I now feel thankful to God and to you for your invaluable treatment in my case, and shall not cease to recommend others similarly afflicted to your treatment. Yours respectfully, S. H. SITLER.

Home Estimation of Dr. Sykes.

Among others received by us, we take pleasure in transferring to our columns the following testimonials from the editors of the Pittsburgh Christian Advocate and United Presbyterian: PITTSBURGH, May 16, 1867. Publishers Religious Telescope: Dear Brother:—I take pleasure in stating, for your information, that Dr. J. W. Sykes, of this city, is a reliable and skillful medical practitioner, and justly distinguished in his specialty—the treatment of the lungs. He will not dishonor any words of commendation you may make in his interest in the Religious Telescope. Respectfully, H. W. ESHT.

Office of the UNITED PRESBYTERIAN, No. 74 THIRD STREET, PITTSBURGH, May 20th, 1874. Ed's Religious Telescope—GENTLEMEN: Dr. J. W. Sykes having applied to us for a letter of recommendation, we take pleasure in stating that he has the reputation here of being at the head of the medical school in the treatment of the lungs and other kindred diseases. And further, we are gratified at being able to say that he is a Christian gentleman, and in every way worthy of any commendation that you may give him in your influential and widely-circulated paper. With much respect, we are Your obedient servants, D. R. KEIRA & Co., Editors and Prop'rs United Presbyterian.

FARMERS

Money Saved is Money Earned

The undersigned are about introducing in Western Pennsylvania, the celebrated Randall Fanning Mill, Grain Separator and Grader Combined, which has attracted marked attention in the Western States wherever exhibited among the farmers.

As a Fanning Mill it cannot be surpassed, and it is the only real separator and grader in the U. S.

It is simple, rapid and complete, and gives you perfect control in chaffing, separating or grading your grain.

The use of the Randall Mill will improve the condition of your grain, enhance the price from five to fifteen cents per bushel; and besides will largely increase the yield per acre, by the higher grade of seed you are enabled to obtain.

With the Randall Separator you can also clean your own Grass Seed, thus saving a large annual expense for grass seeds.

This mill works on an entire new principle as applied to Fanning Mills, and does its work to perfection.

Canvassers will exhibit it during the season, when you will be able to judge for yourselves of its merits.

Do not buy until you see it work. For information, address McCLINTOCK & CO., Meadville, Pa.

There is "shoddy" in glass, as well as in woolen fabrics. Consumers of kerosene are sometimes almost discouraged, so frequently do chimneys break, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheapness being the order of the day, a great many manufacturers make chimneys from shoddy glass, instead of from lead. The inflated may tell the different qualities of glass by ringing them; the vibrations of the lead glass have a clear, ringing, bell-like sound, possessing the requisite strength to withstand expansion and contraction, as well as the general pressure of use, and will outlast half a dozen of the fine glass chimneys. Effects are invested in one of the lead chimneys, a money well spent, even though it injures the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it! The genuine lead glass chimneys may be had at wholesale or retail of GEO. W. DITHRIDGE & CO., Tionesta, Pa. 2 1t

Testimonials of Waters' Pianos and Organs. "Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the effect is most charming, and its imitation of the human voice is superb. For sweetness of tone and musical effects it has no equal."—N. Y. Times.

"The Concerto Parlor Organ is something entirely new; it is a beautiful parlor ornament, possesses a sweet and powerful tone, is a most commendable invention, and holds a high place in public favor."—N. Y. Evening Post.

AS ORCHESTRA IN THE PARLOR.—The orchestral organ is the name of a new organ recently announced by Horace Waters & Son. The instrument takes its name from its recently invented orchestral stop. The voicing of this is peculiar, producing the effect of a full sweet orchestral voice. Its finest effect is produced when the stops are drawn, so that an orchestral effect is given. The case is unique and makes a handsome article of furniture. —N. Y. Star.

The Waters' Pianos are known as among the very best. We are enabled to speak of these instruments with confidence, from personal knowledge. —N. Y. Ecologist. 2-1y
