LOCAL AND MISCELLANEOUS.

Church Meeting.

These persons who are interested in
having regular services, once in two
weeks, in the Presbyterian Church, are
requested to meet there, on Thursday
evening next, at 8 o'clock, when the
question will be brought up for their
decision.

Get Registered.

Republicans should remember that
under the new Constitution all voters
must be registered sixty days before
the election. As the election is to
take place on the third day of Novem-
ber, it is the duty of every voter to
get registered on or before September
first.

The Literary Society will meet on
Saturday evening next at the house of
S. C. Sloan.

Mr. J. T. Dale is at present re-
cuperating at Chautauqua Lake. May
he return flush with health and spirits.

J. B. Agnew has moved up to his
new house on the hill; which, by the
way, is a very pretty piece of property.

Mr. Wm. Hulings, of Louisville,
is at present in town on a visit to his
friends. He reports business very
quiet in that market.

G. G. Butterfield is agent for the
Protection Life Insurance Co., of Chi-
cago. Those wishing life insurance at
low figures, will consult their interests
by giving him a call.

Jas. Stroup started for Minnesota,
yesterday, to seek his everlasting for-
tune. He has evidently heard the ad-
vice of the lamented Sage of Chappaqua,
"Go West, young man; Go West."

Charley Bonner and some friends
arrived in town on Monday afternoon.
Charles is looking well, and is wel-
comed generally. We believe he only
calculates to stay a couple of weeks.

Sheffield had a burglary a week
ago Sunday morning. An exciting
chase was had, which resulted in the
capture of one of the burglars, who is
now picking for court in the Warren
jail.

It is rumored that J. A. Paine, of
the Garry Blade, is to succeed W. H.
Shortt, as Consul at Cardiff, Wales.
If this compasses another stoppage of
the Blade, we protest against the ap-
pointment.

The Venango Co. Agricultural
Society will hold a fair in Franklin
on Sept. 30th and Oct. 1st and 2d.
The Northwestern ditto will exhibit at
Corry, on Sept. 29th and 30th, and
Oct. 1st and 2d.

The Republicans of Pennsylvania
must remember that the coming No-
vember election is an important one.
To be successful beyond a doubt, a
thorough organization must be effected
at an early day. Full local tickets
should be nominated in every county,
and only the very best men selected.
Let all bear these facts in mind, and
be governed accordingly.

County Committee Meeting.

In pursuance of the call of the
Chairman, the Republican County
Committee met at the office of M. W.
Tate, in Tionesta, Saturday, August
the first.

The object of the meeting was stated
to be, the propriety of submitting the
Rules of 1868 and 1870 as published
in the FOREST REPUBLICAN of the
29th July, to the people at the next
primary meeting, on Saturday, the 15th
day of August, to determine by ballot
which set of Rules shall govern the
party thereafter.

The Townships present were Har-
mony, Hickory, Jenks, Green, Tionesta
and Tionesta Borough.

It was thereupon moved by James
Green, Esq., that this committee cause
tickets to be printed for distribution at
the polls on Saturday, August the 15th
next, said tickets headed as follows:

For Rules of 1868,

For Rules of 1870,

and that upon vote being had thereon,
the returns thereof be made in the
usual manner of making returns, and
that the Rules obtaining the majority
of the votes cast, shall be declared by
the Return Judges at their meeting
next after the said Primary, to be the
Rules which shall thereafter govern
the action of the party at its Primary
Meetings. Carried.

On motion the committee then ad-
journd.
MILES W. TATE,
Chairman.

PRIMARY ELECTION BOARDS.

The attention of those who may
constitute our primary election boards,
is particularly called to that section of
our rules which provides that the re-
turns of any district, where there is
evidence of three or more persons
voting who are not Republicans, shall
be thrown out. There is no provision
made in these rules to let democrats
vote who promise to support the nomi-
nees of the party; there is absolutely
nothing to be done about it but to re-
fuse to receive any vote which is offer-
ed by any one save a republican. It
is suggested that if the board have any
doubts about the voter being a Repub-
lican, they should take the evidence of
those who have opportunities for know-
ing their political status. The throw-
ing out of the vote of any district, or
township in the county might nominate
persons for every office, who were not
the choice of the majority of the party;
hence it behoves us to keep the ball-
ot of the Primaries strictly pure.

The deficits in six Democratic
counties in Ohio are put down as fol-
lows: Holmes county, \$30,000; Hen-
ry county, \$100,000; Wayne county,
\$23,000; Fairfield county, \$100,000;
Drake county, \$37,000; Butler coun-
ty, \$150,000. Now, although there
was never an instance of any dishonesty
of "radical" office-holders, but that
you might be thoroughly posted
upon, by reading the Clarion Democ-
rat, we have ever searched that paper
in vain for an expose of the dishonesty
of democratic office holders. Why is
this thus? Does the Democrat believe
that it is right for democrats to steal,
while it is a crime for republicans? If
you pretend to keep track of the steal-
ings, Brown, give us both sides, and
see if they don't balance pretty even-
ly.

One of our candidates entertained
us yesterday with an account of a
strange freak of nature: he had seen
a crow with one wing! We asked if
it had lost the other one, and he
solemnly replied that it never had but
one! we began to feel interested, and
to reach for our pencil, when he sud-
denly dampened our ardor by explain-
ing that the "freak" was a man named
Crow, who had promised to "love,
cherish and protect" a lady named
Wing. Now we just want to warn
candidates not to trifle with our pro-
fessional feelings in this manner, be-
cause we have a vote at the Primary
Elections.

Cool nights and warm days are
the latest changes noticeable. These
nights, however, are just right for a
man with clear conscience to rest,
sweetly and refreshingly. We cannot,
of course, answer for those who
lengthen their nights and shorten their
days by keeping late hours, we only
think that these are the particular
nights that "He giveth His beloved
sleep." Young man, improve these
nights as nature intended, and it will
do more to make you grow up hale,
robust and cheerful than seventeen
barrels of Vinegar Bitters in later
life.

Hunter is, in his own mind, un-
doubtedly sure of the Democratic
nomination for Commissioner, and
just as sure that he will get the elec-
tion if he gets the nomination. He
believes, however in a fair fight, and
says, when interrogated, that "Barleen
is a good man, but then it would be a
big joke if he didn't carry his own
township, you know." We believe
Berlin uses the same fairness toward
Hunter, and gives him credit for all
he is, and probably believes it would
be a joke on George if he don't get
any more votes than he usually does.

Politics at this time is "not loud
but deep;" in other words there is not
much angry discussion and violent
comparison; but the leaven is none
the less working. There may be a few
candidates who are keeping perfectly
quiet, but to the best of our knowledge
and belief, the most to them are doing
the very best they know how to come
out of the fight with flying colors.
That some must suffer defeat, is evi-
dent even at this early day, but just
who they are will be made more man-
ifest after the votes are counted.

Since Dithridge's dam has been
built the back water has made the
back channel of the river, and a con-
siderable portion of the creek, below
the bridge, good boating. Owing en-
tirely to the fact of this new boating
district, boat-building has become
quite a business in our place. Big
boats, little boats, john-boats, flat-
boats, and skiffs, line the shore from
the river bridge to the creek bridge.
Some very nice skiffs are now afloat,
but it is said that Ross Freeman's will
be the boss when launched.

Capt. Knox has built a new fence
on two sides of the Cemetery, at an
expense of \$60 to the association.
There is talk of enlarging the limits
of the cemetery, by purchasing land
south and east of it. Until the ques-
tion, to buy, or not to buy is settled,
the balance of the fence will not be
built. It is undoubtedly a fact that
the cemetery is too small, and if it can
be enlarged at reasonable figures, the
bargain should be made, and the fence
finished.

Our National Progress says of
Gen. Harrison Allen, Auditor General
of this Commonwealth, that his office
has been administered in an honest
and business like manner, that doubt-
ful claims against the State have been
resisted, that appointments to office
have been fairly made, and that he
has been courteous and kind to all
who have had occasion to call on him.

The green corn market is not yet
fully opened. Only occasionally we
hear some one, who either belongs to
the grangers or else thinks he is a good
gardener, boasting of having had "a
nice mess of roasting-ears for dinner,"
all the while picking his teeth as if the
corn was quite firm and gave him a
good deal of trouble to get it out of
his teeth.

On Saturday evening last, Floyd,
son of Judge Proper, caught a pike
which weighed twenty pounds, and
was three feet nine inches in length.
This is the largest pike that has been
caught in the river about here in the
recollection of the oldest inhabitant.
Those caught average generally from
four to ten pounds.

Davis' building just above Ma-
bie's, is still in an unfinished condi-
tion. There will in all probability
come a time when that building will
be braced up and beautified so that
those who see it now will then be puz-
zled to recognize it. We suppose it
will be made into a store-building.

Blackberries now. The first of
the season appeared yesterday, in
quantities. There will in all proba-
bility be from 50,000 to 100,000 cans
of them put up in Forest county this
season. This estimate may be a little
large, but if we find out the exact
number we will inform our readers.

A slight pond flood was let off on
Saturday last, but owing to there not
being a proper understanding, or else
owing to some parties not living up to
their agreements, there was only about
half as much as was expected, and
hence nearly everything that started
stuck.

Judge Proper cut, cured and
stored upward of forty tons of hay on
his Dutch Hill farm this season with-
out getting any of it wet. He also
expects to have from four to five hun-
dred bushels of prime oats if he has
good weather.

Glass jars, tin cans, sealing wax,
&c., for putting up berries and fruit,

Jimmie and Toad, Riddle killed a
rattlesnake, at the mouth of Em-
met's Run, yesterday, which was four
feet in length, and sported seventeen
rattles. We believe this is the largest
one that has been killed about here
this season.

Rev. Elliott, of Cherrytree, occu-
pied the pulpit of the Presbyterian
Church, according to appointment, on
Sunday last, morning and evening.
His sermons appeared to be highly ap-
preciated by the large congregations
who listened to him.

Some of the young men have, at
this late hour, conceived the idea of
organizing a base ball club. There
would have been an organization
effected early in the spring, only that
the ground was not available.

W. A. Huddart of the firm of
Huddart & Rigdon, Scale Manufac-
turers, Cincinnati, Ohio, and family,
are at present in town, visiting at Dr.
Blaine's. Mrs. D. Stow, is also visit-
ing at the doctor's.

A new postal card will soon be
out. It will be lighter in color than
the old, probably almost white. The
printing and engraving will be exe-
cuted in black ink and the border will
be narrower and neater in appearance.

Mr. Dithridge brings his freight
across from the depot on a large flat
which he has had in use in the con-
struction of the dam. There is a good
deal of money saved by the operation.

LOST.

On or about the 25th day of May I
lost a Judgment note, against E. C.
Sloan, in favor of Geo. S. Hunter,
dated about the 12th of April, with
Hunter's name on the back, made pay-
able on or before the 4th Monday of
May. The amount of the note was
\$475.00. All persons are warned
against negotiating the above note. A
liberal reward will be paid to the per-
son who delivers the above described
note to me. T. J. VAN GIESEN.

WALKER'S VINEGAR BITTERS
PURELY VEGETABLE
MADE IN CALIFORNIA
WALKER'S BITTERS

Dr. J. Walker's California Vin-
egar Bitters are a purely Vegetable
preparation, made chiefly from the
native herbs found on the lower ranges of
the Sierra Nevada mountains of Califor-
nia, the medicinal properties of which
are extracted therefrom without the use
of Alcohol. "What is the cause of the
unparalleled success of VINEGAR BIT-
TERS?" Our answer is, that they remove
the cause of disease, and the patient re-
covers his health. They are the great
blood purifier and a life giving principle,
a perfect Renovator and Invigorator
of the system. Never before in the
history of the world has a medicine been
compounded possessing the remarkable
qualities of VINEGAR BITTERS in healing the
sick of every disease man is heir to. They
are a gentle Purgative as well as a Tonic,
relieving Constipation or Inflammation
of the Liver and Visceral Organs in Bilious
Diseases.

The properties of Dr. WALKER'S
VINEGAR BITTERS are Astringent, Diaphoretic,
Carminative, Nervous, Laxative, Bilem-
ic, Sedative, Counter-irritant, Stomachic, Altera-
tive, and Anti-Bilious.

Grateful Thousands proclaim Vin-
egar BITTERS the most wonderful in-
gredient that ever sustained the sinking
tongue.

No Person can fake these Bitters
according to directions, and remain long
unwell, provided their bones are not de-
stroyed by mineral poison or other
means, and vital organs wasted beyond
repair.

Bilious, Remittent and Inter-
mittent Fevers, which are so preva-
lent in the valleys of our great rivers
throughout the United States, especially
those of the Mississippi, Ohio, Missouri,
Illinois, Tennessee, Cumberland, Arkan-
sas, Red, Colorado, Brazos, Rio Grande,
Pearl, Alabama, Mobile, Savannah, Ro-
noco, James, and many others, with
their vast tributaries, throughout our
entire country during the Summer and
Autumn, and remarkably so during sea-
sons of unusual heat and dryness, are
invariably accompanied by extensive dis-
rangements of the stomach and liver,
and other abdominal viscera. In their
treatment, a purgative, exerting a pow-
erful influence upon those various or-
gans, is essentially necessary. There
is no cathartic for the purpose equal to
Dr. J. WALKER'S VINEGAR BITTERS,
as they will speedily remove the col-
ored viscid matter with which the
bowels are loaded, at the same time
stimulating the secretions of the liver,
and generally restoring the healthy
functions of the digestive organs.

Fortify the body against disease
by purifying all its fluids with VINEGAR
BITTERS. No epidemic can take hold
of a system thus fortified.

Dyspepsia or Indigestion, Head-
ache, Pain in the Stomach, Consti-
pation, Tightness of the Chest, Dizziness,
Eructations of the Stomach, Bad Breath
in the Mouth, Bilious Attacks, Inflam-
mation of the Heart, Inflammation of the
Lungs, Pain in the Region of the Kid-
neys, and a hundred other painful sym-
ptoms, are the offspring of Dyspepsia.
One bottle will prove a beneficial alter-
ation of its merits than a lengthy advertise-
ment.

Serofula, or King's Evil, White
Swelling, Ulcers, Erysipelas, rashes, Scald
Head, Scrophulous Inflammations, Humors,
Inflammations, Menstrual Affections, A
Pore, Eruptions of the Skin, Sore Eyes, &c.,
In these, as in all other constitutional dis-
eases, WALKER'S VINEGAR BITTERS has
shown their great curative power, and
most obstinate and intractable cases
are cured by VITATED BLOOD.

For Inflammatory and Chronic
Rheumatism, Gout, Bilious, Home-
tepal and Intermittent Fevers, Dropsy,
the Blood, Liver, Kidneys, &c., these
Bitters have no equal. Such Bitters
are caused by VITATED BLOOD.

Mechanical Diseases.—Persons engaged
in Paints and Minerals, such as
Painters, Type-setters, Gun makers, and
Miners, as they advance in life, are sub-
ject to paralysis of the Bowels. To guard
against this, take a course of WALKER'S
VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Itch-
ing, Salt Rheum, Blotches, Spots, Pimples,
Pustules, Boils, Carbuncles, Ringworms,
Scald-head, Sore Eyes, Erysipelas, Itch,
Scour, Discoloration of the Skin, Humors,
and Diseases of the Blood, whether acute
or chronic, are invariably cured by the
use of these Bitters.

Pin, Taps, and other Worms,
burking in the system of an unguineous,
are effectually destroyed and removed. No
system of medicine, no vomiting, no an-
thelmintic will free the system from worms
like these Bitters.

For Female Complaints, in young
or old, married or single, at the dawn of
womanhood, or the term of life, those who
Bitters display their great curative power,
and most obstinate and intractable cases
are cured by VITATED BLOOD.

Cleanse the Vitrated Blood—have
you find its impurities manifest upon the
skin in Pimples, Eruptions, or Spots,
cleanse it when you find it obstructed and
singuish in the veins, cleanse it when this
boil; your feelings will tell you when. Keep
the blood pure, and the health of the system
will follow.
