Announcements.

ASSEMBLY.

We are authorized to announce the name of DANIEL HARRINGTON, of Kingery, as an independent candidate for Assembly. If elected he promises to represent the whole people, and not any party or faction.

THE TICKET.

This week we fly the full ticket at our mast-head, and propose to post our readers in regard to the candidates they are asked to support.

Judge Paxson, of Philadelphia, was a candidate for the nomination for Supreme Judge, against Judge Gordon, and nothing was then urged against him except locality, and now that the East is, by the rules of alternation entitled to the next Supreme Judge, we return to say that no Republican in the State will be found to vote against him. His record as a Republican is pure, and as a jurist is second to none in the State.

Hon. A. G. Olmsted, of Potter county, the candidate for Lieutenant Governor, is well-known all over the State as an able and upright gentleman. He is a lawyer by profession, has served his constituents several terms in the State Senate with distinction and was elected Speaker of that body. He is peculiarly qualified for the position to which he has been named. His service in the Senate has not only made him familiar with Parliamentary usage, but with the inner phases of State politics as well, thus he will be fitted for any of the requirements that may devolve upon him. He is amply qualified to fill the office of Lieutenant Governor, which duty will undoubtedly be required at his hands.

The selection of Surveyor General Beath for the new office of Secretary of Internal Affairs, is a recognition of and appeal to the soldier element in the State. Colonel Beath entered the service as a private soldier, and with his several promotions, continued in the service through the war of rebellion, and closed his record well. He suffered the loss of part of a leg, and has been a sufferer since from the wounds and privations of the war. He was very popular when a candidate for Surveyor General, running ahead of his ticket. He is a modest, unassuming man, faithful and devoted to the duties of his office, and in every sense worthy of the honor bestowed on him.

Our nominee for Auditor General, Harrison Allen, has filled the office for two years past, and has lived down all the slanders which were set going when he was a candidate two years ago. He is well-known in this section, and respected by all. In his office he has been courteous, capable, and efficient. His personal conduct has been such as to elevate him in the estimate of the people. Altogether he has done well, and will receive the full Republican vote of the State. No man has ever filled the office who has given better satisfaction to the people at large than General Allen.

As to our candidate for Congress, Gen. Harry White, our readers by this time know our position in regard to him. That he is eminently fitted for the position no one will gainsay. We

bespeak for him the full Republican vote of Forest County.

As to our County candidates, there is probably not a voter, either Republican or Democratic, but is as well acquainted with them all as we. No one needs to be told anything in regard to them. Their records are before the people, and will speak for them. They are the choice of the majority of the Republicans of this county, and will all, undoubtedly be triumphantly elected.

The report, in one of the evening papers, that Auditor General Allen, personally solicited the votes of delegates in behalf of his renomination, is pronounced by that gentleman to be incorrect. He did not set up a delegate, or in any way seek to control the action of the State Convention. On the contrary he steadily attended to the duties of his office, on the day of the Convention, leaving it to his friends to do as they might think proper.—Gazette.

The Philadelphia North American is out in a very earnest article for the re-election of Senator John Scott. It urges that, as General Cameron has been frequently made his own successor, Senator Scott should be re-elected at least once. It also claims that Senator Scott has maintained a high standing, and has performed valuable services in his present position, which should not go unrewarded. The article is long, forcible, and earnest.

The unceremonious, not to say violent manner, in which Third Termism was hurled out of the Harrisburg Convention, may be accepted as a clear illustration of the average Republican feeling on that subject. We do not know that the person who introduced it had any ulterior purpose, but certainly he did not feel complimented over the result. We hope President Grant, or any sincere friend of his, will not entertain this third term idea for a single moment.—Gazette.

The timber producers in the interior of Pennsylvania have determined to follow the example of the same trade elsewhere, by adopting a policy that will reduce the timber supply. At Clearfield a meeting of lumbermen was held on Tuesday, representatives being present from all the upper Susquehanna region, and after a brief discussion it was determined to reduce the supply for the coming season to the actual wants of the market next spring. The amount of square timber to be put into rafts for the coming season is to be only one-third that of last season. This policy of reduction has now been adopted in nearly every region of timber supply in the United States and Canada.

The Warren Ledger says: For nearly a week there have been reports each day of attempted burglaries, both in Warren and over the creek, in Glade. Corbin's house was first entered, and in locking after the noise he found the burglar, who had entered the house, at the top of the stairs. The burglar fired a pistol, the ball of which passed through Mr. Corbin's shirt front, and nothing more. They have operated around dwellings in the borough, but of late do not seem any ways dangerous. They leave as soon as the household is disturbed. This thing has been going on for some nights, and still there has not seemed to be any effort made to capture the scamps.

On Wednesday afternoon of last week, about three o'clock, a terrible wind, rain and thunder storm passed over this county, doing much damage to property, &c., in the districts where it visited. At Edenburg, about nine miles west of this place, Mr. Abraham Day, a blacksmith by trade, was struck by lightning whilst standing in the door of his residence and instantly killed. Other members of the family were in the house at the time but, strange as it may appear, none were seriously injured. Two little girls who were standing near their father at the time of the sad accident sustained a severe shock from which they recovered in a few hours. The building was not damaged at all and from this fact it is to be inferred that the electric current, or at least a portion of it, struck the body of Mr. Day, where its power became entirely exhausted. Mr. Day was aged about fifty-five years, a good citizen, a kind husband and father, and enjoyed the respect of all who knew him. The deceased leaves a widow and large family of children to mourn his untimely and appalling death.—Clarion Republican.

PROCLAMATION.

WHEREAS, The Hon. L. D. Wetmore, President Judge of the Court of Common Pleas and Quarter Sessions in and for the county of Forest, has issued his precept for holding a Court of Common Pleas Quarter Sessions, &c., at Tionesta, for the County of Forest, to commence on the fourth Monday of Sept. next, being the 25th day of Sept. 1874. Notice is therefore given to the Coroner, Justices of the Peace and Constables of said county, that they be then and there in their proper persons at ten o'clock, A. M., of said day, with their records, inquisitions examinations and other remembrances, to do those things which are their offices appertain to be done, and to those who bound in recognizance to prosecute against the prisoners that are or shall be in the jail of Forest County, that they be then and there to prosecute against them as shall be just. Given under my hand and seal this 19th day of Aug. A. D. 1874. T. J. VAN GIESEN, Sh'ff.

FOREST COUNTY, ss. The Commonwealth of Pennsylvania [L.S.] via to the Sheriff of said County, Greeting:

If John Cobb make you secure of presenting his claim, then we command you that you do command the sheriff, and the jailors, summons, Giles F. Filley, Theodore Laruelle, J. Philip Krieger, John F. IMPORTANT ANNOUNCEMENT.

In 1871 I invented and secured letters-patent for an

Improvement in Wash Boilers,

A simple arrangement by which steam was applied to the washing of clothing. I have heretofore sold this under the name of

Steam Washer, or,

Woman's Friend,

For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canada; also in the leading Secular papers, using double-column advertisements. The readers of this paper may remember seeing my card in the various papers of the county during the past year. Extracts from letters received from my customers, in another column, will indicate how it has been received by the people throughout the country.

300,000 Have been sold already. It is sufficient for my purpose to say that I am satisfied that nothing heretofore advertised ever rendered me so general satisfaction. Yet, still, my first invention was not quite perfect, and for the last two years I have applied myself to the study of constructing and perfecting a

NEW STEAM WASHER.

And as the result of my efforts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1873, is absolutely faultless; so much so that I never knew a single person, who had seen it work, fail to be delighted with it. It has rendered, thus far, perfect and Universal satisfaction, and, such must be the result, for it works like a wonder—never failing to do all claimed for it. In conclusion, let me say, that should any one say that he has seen a Steam Washer, ask him if he has seen the new Steam

WASHER

Of 1873, now being advertised so extensively in whole and double-page advertisements. If he answer in the negative, request him to suspend judgment until a sample can be procured and fully tested. I will send one as

A SAMPLE FOR \$5.

—Just half the retail price, and I fully warrant it. After a person buys a sample he can get them of me at cost.

\$60 Profit can be Made on a Single Dozen.

And I have known agents to take orders for

A DOZEN IN AN HOUR.

There is no way to make money faster. Send for a sample and secure your territory. Make money while you can.

Reader, please calculate the cost of my two page advertisement in the "CHRISTIAN UNION." It consists of 1,480 lines at regular rates amounted to

\$1,750 Each Insertion.

I repeated this "card" four times because my first insertion (Oct. 9) paid me

500 PER CENT.

During the last eighteen months I have inserted my advertisement, occupying one to two pages, in

HUNDREDS OF 1st-CLASS PAPERS,

All of which paid well for the outlay; but the "CHRISTIAN UNION" ("the largest circulation of any religious newspaper in the world") pays me better than any, and the

INTER-OCEAN

PAYS BETTER THAN

Any Other Secular Paper.

I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I sell it entirely on its Merits, and must concede that it sells well, for no article will sell well enough to pay for so expensive advertising without real merits. If I get a sample introduced into a neighborhood it often sells

AN HUNDRED MORE.

Such a splendid chance to make money selling this invention may never occur again. On the receipt of Five Dollars, I will ship you a complete Washer as a sample, copy of the chromo, together with a Certificate of Agency, with full instructions how to conduct the business, and upon the receipt of the Washer you may have time to test it, and if you find it not as represented I will refund your money. The Washer retails at \$10. After I send you a sample I will hold your county a reasonable time for you to decide whether you wish to purchase or not. I will furnish blank deeds, also blanks, for taking orders, and will do all I can to enable you to succeed in the business. Let me hear from you soon, or your choice of territory may be taken by some one else. Address,

J. C. TILTON, 105 Sixth St., Pittsburgh, Pa.

P. S.—Cut this card out and preserve it for future reference. Persons writing me from seeing this card will please say they saw it in the FOREST REPUBLICAN. w19-1t

FARMERS

Money Saved is Money Earned

The undersigned are about introducing in Western Pennsylvania the celebrated Randall Fanning Mill, Grain Separator and Grading Combination, which has attracted marked attention in the Western States wherever exhibited among the farmers. As a Fanning Mill it cannot be surpassed, and it is the only real separator and grader in the U. S.

It is simple, rapid and complete, and gives you perfect control in chaffing, separating or grading your grain.

The use of the Randall Mill will improve the condition of your grain, enhance the price from five to fifteen cents per bushel; and besides will largely increase the yield per acre, by the higher grade of seed you are enabled to obtain.

With the Randall Separator you can save clean your own Grass Seed, thus saving a large annual expense for grass seeds.

This mill works on an entire new principle as applied to Fanning Mills, and does its work to perfection. Canvasers will exhibit it during the season, when you will be able to judge for yourselves of its merits. Do not buy until you see it work. For information, address
