Announcements.

ASSEMBLY. We are authorized to announce the name of DANIEL HARRINGTON, of Kingsley, as an independent candidate for Assembly. If elected he promises to represent the whole people, and not any party or faction.

Voting Requisites.

The election, on the 3d of November next, will be the first general election under the new Constitution. The change from the old to the new system is important and will require careful study, in order to avoid mistakes.

The new duties of election officers cannot be committed to memory, or be well understood by a brief study on election morning. Time should be given to the subject beforehand. Persons who may be members of the Board of Election, in the several districts where they belong, should give attention to the subject now. For their benefit we insert the following carefully prepared summary of voting requisites from the Pittsburgh Gazette.

1. Two months residence in an election district is required, in place of ten days as heretofore. 2. The State or county tax must be assessed at least two months, and paid at least one month before election. 3. Every ballot shall be numbered, and the number recorded on the list of voters opposite the name of the person voting it, and the voter may write, or cause to be written, his name on the ballot. 4. In the trial of contested elections, a witness must testify even though his evidence criminate himself. 5. No person can be an officer of election who holds, or who for two months prior to the election has held a national, or State office, or in a municipal board, commission or trust in any city. 6. Two overseers may be appointed by the Court of Common Pleas on the application of five citizens, and have the right to supervise proceedings, may report to Court, and where election officers differ, may decide the differences. 7. Foreign born citizens must have been naturalized a month prior to the election.

To these merely personal items may be added others that refer to the laws, under the act of 1874. These are sufficiently important to deserve specific mention: 1. One Assessor elected by the people in each district takes the place of three assessors. 2. This Assessor revises the transcript of the preceding year, and rectifies the voting list. From the first Monday in August till the sixty-first day before the election, all persons are entitled to inspect this list free of charge, and during this time rectification may be made. 3. There is a penalty for assessing a person not a voter, or for not assessing one who is a voter. Any person can bring an Assessor before the Court of Common Pleas for the non-performance or wrong performance of duty, and have the list corrected or penalty enforced. 4. The election officers—one Judge and two Inspectors—are elected by the people. 5. The polls are to be opened at 7 a. m. and closed at 7 p. m. 6. In case a person's name is not on the assessor's list, he may vote provided one qualified voter of the district is a witness of his residence. 7. Election officers must regard a challenge, and proof of right to vote must be made before the ballot can be received. 8. Election officers are to be sworn or affirmed not to disclose how any elector shall have voted. 9. Intimidation whether against an election officer, challenger or voter, is made a misdemeanor. 10. Votes are to be counted only at the close of elec-

tion, not hourly. 11. As soon as the votes are counted the result is to be promptly and particularly declared. 12. The returns are to be made in triplicate, with, in addition, a return sheet, one to be placed in the box, and the other two in envelopes, and sealed up, one of which is to be given to the minority inspector to keep, and the other with the return sheet is to be taken to the prothonotary of the Court of Common Pleas. 13. The returns are to be made to the Court of Common Pleas, the second day after the election, and the result determined by the Court. 14. To give receipts for taxes not paid, or to ante-date a receipt are forbidden under penalty of fine or imprisonment; and to present a tax receipt that misstates the time or fact of payment is made an indictable offence.

A man who gives his name as Edward Winnet, one of the three burglars who broke into Horton & Crary's store in Sheffield about a month ago was arrested in Buffalo last Wednesday by two detectives and Mr. Crary. He was brought to Warren, pleaded guilty to the robbery, and put in the lock-up last Thursday and taken to Erie jail on Friday morning. Another man had subsequently been arrested but proved to be the wrong fellow, as Mr. Crary went on from Sheffield to identify him. The detectives had a photograph of Winnet and found him on the street wearing some of the clothes stolen from the store.—Warren Mail.

A Democrat who don't believe in being blinded by a party prejudice, writes to the Harrisburg Patriot commending Auditor General Allen's official course. He says that "since November 1, 1872, to November 1, 1873, he has collected the revenue of the State with such signal ability as to show a clear increase of income amounting to \$600,000; and this, too, after paying all the expenses of the Constitutional Convention, amounting in round numbers to \$430,000, thus exceeding the receipts of General Hartranft's last fiscal year the sum of over \$1,000,000.

IMPORTANT ANNOUNCEMENT.

In 1871 I invented and secured letters-patent for an

Improvement in Wash Boilers. A simple arrangement by which steam was applied to the washing of clothing. I have heretofore sold this under the name of

330012300003 Steam Washer, or, Woman's Friend.

For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canada, also in the leading Secular papers, using double-column advertisements. The readers of this paper may remember seeing my card in the various papers of the county during the past year. Extracts from letters received from my customers, in another column, will indicate how it has been received by the people throughout the country.

300,000 Have been sold already. It is satisfactory to me to say that I am satisfied that my general satisfaction. My first invention, was not quite perfect. For the last two years I have applied myself to the study of constructing and perfecting a

NEW STEAM WASHER.

And as the result of my efforts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1873, is absolutely faultless; so much so that I never knew a single person, who had seen it work, fail to be delighted with it. It has rendered, thus far, perfect and universal satisfaction, and such must be the result, for it works like a wonder—never failing to do all claimed for it. In conclusion, let me say, that should any one say that he has seen a Steam Washer, ask him if he has seen the new Steam

WASHER

Of 1873, now being advertised so extensively in whole and double-page advertisements. If he answer in the negative, request him to suspend judgment until a sample can be procured and fully tested. I will send one as

A SAMPLE FOR \$5.

—just half the retail price, and I fully warrant my advertisement. After a person buys a sample he can get them of me at cost.

\$60 Profit can be Made on a Single Dozen.

And I have known agents to take orders for

A DOZEN IN AN HOUR.

There is no way to make money faster. Send for a sample and secure your territory. Make money while you can. Reader, please calculate the cost of my two page advertisement in the "FOREST REPUBLICAN UNION." It consists of 1,480 lines at regular rates amounted to

\$1,750 Each Insertion. I repeated this "Card" four times because my first insertion (Oct. 8) paid me

500 PER CENT. During the last eighteen months I have inserted my advertisement, occupying one to two pages, in

HUNDREDS OF 1st-CLASS PAPERS. All of which paid well for the outlay; but the "Christian Union" ("the largest circulation of any religious newspaper in the world") pays me better than any, and the

INTER-OCEAN

PAYS BETTER THAN Any Other Secular Paper.

I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I sell it entirely on its merits, and must concede that it sells well, for so articulate will sell well enough to pay for my extensive advertising without real merits. If I get a sample introduced into a neighborhood it often sells

AN HUNDRED MORE.

Such a splendid chance to make money selling this invention may never occur again. On the receipt of Five Dollars, I will ship you a complete Washer as a sample, copy of the chrome, together with a Certificate of Agency, with full instructions how to conduct the business. And upon the receipt of the Washer you may have time to test it, and if you find it as represented I will refund your money. The Washer retails at \$10. After I send you a sample I will hold your county a reasonable time for you to decide whether you wish to purchase or not. I will furnish blank checks, also blanks for taking orders, and will do all I can to enable you to succeed in the business. Let me hear from you soon, or your choice of territory may be taken by some one else. Address,

J. C. TILTON, 104 Sixth St., Pittsburgh, Pa.

P. S.—Cut this card out and preserve it for future reference. Persons writing me from seeing this card will please say they saw it in the FOREST REPUBLICAN.
