WEEKLY, SEMI-WEEKLY, & DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers and which will, we hope, give it many thousands more, are briefly as follows:

It is a first-rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligent and interesting manner.

ner.

It is a first-rate family paper, full of en-tertaining and instructive reading of eve-ry kind, but containing nothing that can offend the most delicate and scrupulous

It is a first-rate story paper. The best tales and romances of current literature are carefully selected and legibly printed

in its pages.

It is a first-rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this de-

partment.

It is an independent political paper, belonging to no party and wearing no collar. It fights for the election of the best men to office. It especially devotes it snergies to the exposure of the great corruptions that now weaken and disgrace our country, and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters. It reports the fashions for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WELL'S LY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only \$1.00 a year. No discounts from this rate.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. \$2.00 a year. A discount of 20 per cent, to clubs of 10 or over. THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or \$5.00 a year. To clubs of 10 or over, a discount of 20 per cent.

There is "shoddy" in glass, as well as in in woolen fabrics. Consumers of kerosene are sometimes almost discouraged, so frequently do chimneys break, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheapness being the order of the day, a great many manufacturies make chimneys from silicate of lime, instead of from lead. The initiated may tell the different qualities of glass by ringing them; the vibrations of the lead glass have a clear, ringing, bellike sound, possessing the requisite strength to withstand expansion and contraction, as well as the general pressure of use, and will outhast half a dezen of the lime glass chimneys. Fifteen cents invested in one of the lead chimneys is money well spont, even though it injures the "trade" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it. The genuine lead glass chimneys may be had at wholosale or retail of GEO, W.
