

IMPORTANT ANNOUNCEMENT

In 1871 I invented and secured letters-patent for an

Improvement in Wash Boilers.

A simple arrangement by which steam was applied to the washing of clothing.

Steam Washer, or,

Woman's Friend,

For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canada.

300,000

Have been sold already. It is sufficient for my purpose to say that I am satisfied that nothing heretofore advertised ever rendered so general satisfaction.

NEW STEAM WASHER.

And as the result of my efforts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1873, is absolutely faultless.

WASHER

Of 1873, now being advertised so extensively in whole and double-page advertisements.

A SAMPLE FOR \$5.

-Just half the retail price, and I fully warrant it. After a person buys a sample he can get them of me at cost.

\$60 Profit can be Made on a Single Dozen.

And I have known agents to take orders for

A DOZEN IN AN HOUR.

There is no way to make money faster. Send for a sample and secure your territory. Make money while you can.

\$1,750 Each Insertion.

I repeated this "Card" four times because my first insertion (Oct. 8) paid me

500 PER CENT.

During the last eighteen months I have inserted my advertisement, occupying one to two pages, in

HUNDREDS OF 1st-CLASS PAPERS.

All of which paid well for the outlay; but the "Christian Union" ("the largest circulation of any religious newspaper in the world") pays me better than any, and the

INTER-OCEAN

PAYS BETTER THAN Any Other Secular Paper.

I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I sell it entirely on its merits, and must concede that it sells well, for no article will sell well enough to pay for so expensive advertising without real merits.

AN HUNDRED MORE.

Such a splendid chance to make money selling this invention may never occur again. On the receipt of Five Dollars, I will ship you a complete Washer as a sample, copy of the chromo, together with a Certificate of Agency, with full instructions how to conduct the business.

J. C. TILTON,

101 1/2 Sixth St., Pittsburgh, Pa.

THE SUN.

WEEKLY, SEMI-WEEKLY, & DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers and which will, we hope, give it many thousands more, are briefly as follows: It is a first-rate newspaper.

It is a first-rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first-rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in its department.

It is an independent political paper, belonging to no party and wearing no color. It fights for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country.

It reports the fashions for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to pay a club in order to have THE WEEKLY SUN at this rate.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only \$1.00 a year. No discounts from this rate.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. \$2.00 a year. A discount of 20 per cent. to clubs of 10 or over.

Testimonials of Waters' Pianos and Organs.

"Waters' Concerto Parlor Organ" possesses a beautiful and "peculiarly soft" tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, particularly voiced, from which the effect is most charming, and its imitation of the human voice is superb. For sweetness of tone and orchestral effects it has no equal. —N. Y. Times.

An ORCHESTRA IN THE PARLOR.—The orchestral organ is the latest and most perfect organ recently announced by Waters & Son. The instrument takes its name from its recently invented orchestral stop. The voicing of this is peculiar, producing the effect of a full sweet concert voice. Its finest effect is produced when the stops are drawn, so that an orchestral effect is given. The case is unique and makes a handsome article of furniture. —N. Y. Sun.
