-The Brookville Jeffersomian is to be enlarged.

Titusville has organized a relief association.

-Greenville enjoyed a prize fight last week

-Gen. Banks will open the lecture course in Altoona.

-A gang of thieves is camped in the woods near Clarion.

Parker City claims a couple who

have raised twenty-one children. -Over 500 teachers were in attend-

ance at the Laucaster county Institute. -A Chester countian has shipped a

barrel of apples all the way to Africa. -They talk of extending the New Castle & Stoneboro Railroad to Meadville.

-Titusville has a water works trouble-all about the purchase of the

-The Mt. Carfon Rolling Mill is to start up again after being idle several years.

-The report from the pipe lines for last month show a decided increase in the stock of all for October. -In Trusville they are trying to

discover which is the worst, Titusville whisky or a Roberts Torpedo.

-Peter Koons, a Bradford county man, recently shot a gray eagle which measured eight feet across the wings.

-The commissioners of Clearfield county will give \$500 to the discover-er of a band of burglars, operating in that locality.

-By the closing of the barrel fac-tory at Titusville 1,000 men are thrown out of employment, and there is great distress.

A German named Long, a resident of Petersburg, Schuylkill county, was attacked with hydrophobia the other day, and will likely die.

-The Good Templars of the North western District of Pennsylvania in Convention assembled, at Warren, have decided that Local Option is not a failure.

-The police of Johnstown have not made an arrest for a month, which evidences a serene town, or a lazy police-"you pays your money and you takes your choice."

-There is said to be over thirteen millions of bushels of coal lying in the pools of the Monougahela river, waiting for a sufficient raise in the river for shipment south.

-A perfectly formed pullet in Warren county is covered with a heavy silky suit of red hair instead of feathers. The pullet's mother has hitherto sustained a good character.

-The scramble for the spoils has

1882, and in 1870 it was 6,164. The population of New Castle is now between 10,000 and 12,000.

-We learn that four children of Mr. Wm. Doak, of South Strabane township, have died within the last ten days, of the fell destroyer, diptheris, which seems to have introduced itself into some parts of this county. Two of Mr. Doak's children, (one but a few days old) were buried in the same coffin on Monday last. The bereaved family have the sincere sympa thy of a large cicle of friends .-- Washington Observer.

-A Mr. Frank Potts, of Warwick Chester county, called an evening or two ago on a physician at or near Pughtown, and said: "Doctor, should any one call upon you this evening to have his arm dressed and a ball extracted from it, you can take it for granted that I put that ball there. The fellow attempted to rob me on the highway," Mr. Potts drove off, and was scarcely out of sight, when the highwayman came to get his arm dresced, and to the surprise of the doctor he found him to be a neighbor,

Apply to GEO. G. SICKLES,

79, Nassau St., New York City.

The Republican Office KEEPS constantly on hand a large assortment of Blank Deeds, Mortgages, Subpomas, Warrants, Summens, &c. to be sold chesp for cash

In 1871 I invented and secured letters-pat-ent for an

Improvement in Wash Boilers.

A simple arrangement by which steam was applied to the washing of clothing. I have heretofore sold this under the name

ACHES HAVILAND SIRIDE Steam Washer, or,

Woman's Friend,

For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canala, also in the leading Secular papers, using double-estumn advertisements. The readers of this paper may remember seeing my card in the various papers of the county during the past year. Extracts from letters received from my customers, in another column, will indicate how it has been received by the people throughout the country.

300.000

Have been sold already. It is sufficient for my purpose to say that I am satisfied that no bing heretofore advertised ever roudered so general satisfaction. Yet Tuis, my first invention, was not quite perfect, and for the last two years I have applied my self to the study of constructing and perfecting a

NEW STEAM WASHER.

And as the result of my offorts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1878, is absolutely faultless; so much so that I never knew a single person, who had seen it work, fail to be delighted with it. It has rendered, thus far, perfect and Universal satisfaction, and such must be the result, for it works life a wonder—never failing to do all claimed for it. In conclusion, let me say, that should any one say that he has seen a Steam Washer, ask blin if he has seen the new Steam

WASHER

Of 1873, now being advertised so extensively in whole and double-page advertisements. If he answer in the negative, request him to suspend judgment until a sample can be procured and fully tested. I will send one as

A SAMPLE FOR S5.

-inst half the r-tail price, and I fully warrant it. After a person buys a sample he can get flom of me at cost.

\$60 Profit can be Made on a Single Dozen.

And I have known agents to take orders

A DOZEN IN AN HOUR.

There is no way to make money factor. Send for a sample and secure your territo-ry. Make money while you can. Reader, please or culate the cost of my two page advertisement in the "CHRIS-TIAN UNION." It consists of 1,450 lines at regular rates amousted to

\$1,750 Each Insertion.

I repeated thus MCard's four times my first insertion (Oct. 8) paid me

500 PHR CHNT

During the last eighteen mentis I have in serted my advertisement, occupying one to two pages, in

HUNDREDS OF 1st-CLASS PAPERS, All of which paid well for the outly; but the "Christian Union" ("the larges circu-lation of any religious newspaper in the world") pays me better than any, and the

INTER-OCEAN

PAYS BETTER THAN

Any Other Secular Paper.

I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I seil it Emirely on its Merits, and must concede that it sells well, for no article will sel, well enough to pay for so exponsive advertising without real merits. If I get a sample introduced into a neighborhood it often sells

AN HUNDRED MORE

Such a splendid chance to make money seiling this invention may never occur again. On the receipt of Five Boliars, I will ship you a complete Washer as a sample, copy of the chromo, to, wher with a Certificate of Agency, with full instructions how to conduct the business. And upon the receipt of the Washer you may have time to test it, and if you find R not as represented I will refund your money. The Washer retails at \$10. After I send you a sample I will be dyour country reasonable time for you to decide whether you wish to purchase or not. I will furnish bank deeds, also blanks for taking orders, and will do all I can to enable you to succeed in the business. Let me hear from you soon, or your choice of territory may be taken by some one else. Address,

J. C. TILTON,

10; Sixth St., Pittsburgh, Pa.

P. S.—Cut this card out and preserve it for turure reference. Persons writing me from seeing this card will please say they saw it in the FOREST REPUBLICAN, will-it

FARMERS

Money Saved is Money Earned

The undersigned are about introducing in Western Pennsylvania the celebrated Randell Fanning Mill, Grain Separator and Grader Combined, which has attracted marked attention in the Western States wherever exhibited among the farmors.

As a Fanning Mill it cannot be surpassed, and it is the only real separator and grader in the U.S.

It is simple, rapid and complete, and

ed, and it is the only real separator and grafer in the U.S.

It is simple, rapid and complete, and gives you perfect control in chaffling, separating or grading your grain.

The use of the Randell Mill will improve the condition of your grain, enhance the price from five to these cents per hushel; and I esides will largely increase the vield per acra, by the higher grade of seed you are enabled to obtain.

With the Randell Separator you can also clean your own Grass Seed, thus saving a large annual expense for guess seeds.

This mill works on an entire new principle as applied to Fanuing Mills, and does its work to perfection.

Canvassers will exhibit it during the season, when you will be able to Judge for yourselves of its merits.

De not buy intil your see it work.
