Time of Trains

AT TIONESTA STATION, on and after October 5, 1874:

Table with columns for Train No., Direction (South/North), and Time (e.g., 9:54 a. m., 2:37 p. m., 9:45 p. m.).

On the River Division, i. e. from Oil City to Irvineton, up the river is North; down the river, south.

LOCAL AND MISCELLANEOUS.

—Rev. Lusher will preach in the M. E. Church on next Sunday morning. Union Sabbath School at 9:30 a. m.

—That inevitable annual assessor, Sam. Clark, was around again last week making the assessment for next year.

—The Institute opened on Monday afternoon with a good attendance of teachers, notwithstanding the inclemency of the weather.

—A social dance is to come off at the Lawrence House, to-morrow (Thursday) evening. The invitations say that good music will be in attendance.

—We learn that Mr. Phil Walters had an attack of cramp which might have proved fatal; whether he is entirely out of danger we are not informed, however we hope so.

—Eleven of our prominent citizens killed a fawn, weighing about thirty pounds dressed, one day last week. After it was divided each had scarcely enough to make a meal in the pan.

—At the welcome extended to the Governor and Mayor elect, at Delmonico's by the club, Free Trade was toasted, and declared to be one of the principles upon which the Democratic party rests.

—Mr. Breckenridge, of the firm of Bell & Breckenridge, paid our town a short visit last week. Mr. B. made hosts of friends in this place while his business kept him here who are all ways pleased to see him.

—We notice Col. Thomas shipping brick by rail last week, to Mr. E. E. Clapp, of President. The Col. has also sold some Pleasantville parties. Although he burned 200,000 last summer he has sold about all he has to spare.

—Hon. Jas. A. Strasaban, of Mercer, Pa., was in attendance at our court, the first of the week. Mr. S., although a democrat, was elected a member of Assembly from Mercer county, which is good evidence of his popularity.

—Friday there was a bracket food in the creek, which enabled Mr. Ittel, Supt. for Dithridge, to get about 500 logs into the boom, at the mouth of the creek. Also Mr. Toly was enabled to deliver the balance of the lumber for Partridges now three story building.

—The editor of this paper authorizes us to sign his name to any receipts for money which might be paid in while he is up in the woods hunting. We sincerely hope some one will leave us a few dollars, as it is the only chance for us and the devil to get any money for the holidays.

—A man started out into the woods to hunt near Marienville, on Saturday, 14th inst., and up to the latter part of last week he had not been heard from, and it is supposed lost his way, and by this time, no doubt, has perished. Some of the citizens of that vicinity have been hunting for him. We could not learn his name. It is very unsafe for any one not acquainted with the woods in that region to venture far.

READING ENTERTAINMENT.—Prof. W. H. Curtis will give an evening of Readings and Recitation, for the benefit of the County Teachers' Institute at the School House, in this Borough, Thursday evening, Nov. 26. Prof. C. has the experience of years as an Elocutionist and Reader; he will give a great variety of choice selections, embracing sentiment, pathos, wit and humor, as "Shamus O'Brien," "The Raven," "The Famine," "The Irish Picket," "Widow Bedott's Poetry," and many others, of a character to please all. Admission 25 cents; tickets for sale at the Central House, and the Post Office.

—Next Sabbath it is to be decided whether Sabbath School shall be continued during the winter. We think parents should attend and aid the children in coming to a proper conclusion. For our part we believe there is no reason why Sabbath School should not continue. The Lesson Leaves are a source of great interest to old and young, and being already furnished some time ahead, would be wasted if the school were to terminate now. Alex. Dale is ready to ring the bell and Tietsworth always has the church comfortably warm, and all seem to enjoy themselves, and why not continue the good work through the winter?

—D. D. Williams, late cashier of the First National Bank of Conneautville, was sentenced in the United States Court, at Pittsburgh to five years' imprisonment in the Penitentiary. George W. Daicy, the defaulting Postmaster at Philipsburg, Centre Co., who had been a good soldier and lost a leg in the service, was also sentenced to two years' imprisonment, at hard labor.

—A fire broke out in Brookville, on Friday last, in a livery stable, and burned every building on Main street, including the Opera House, Oak Hall Hotel, Franklin House, Masonic Hall, Odd Fellows' Hall, Republican printing office, and a large number of stores and dwellings. The total loss amounts to \$250,000; insurance \$100,000.

—Mr. White, of the News, Tidouite, called on us on Monday last. He reports his new paper flourishing, notwithstanding the stringency of the times, which we are pleased to learn. Mr. White aside from running his paper is quite extensively engaged in the lumber business, which occupies a good share of his time.

—Diphtheria to quite an extent prevails in some of the surrounding towns and counties. This dread disease should be carefully guarded against by parents and those having children in their charge. No time should be lost when the least symptoms are apparent, to procure the best of medical assistance.

—The Bill of Particulars demanded by Mr. Beecher's counsel, was denied by the Judge at General Term in Brooklyn, last week. Beecher's counsel will take the case to the Court of Appeals. Probably the case will be tried within a year or two, if not sooner.

—Horses and Cows for sale. Orders from a distance solicited. 31f D. G. HUNTER, Tionesta, Pa.

—We would call the attention of all wishing mantels, furniture, slabs, ranges, grates, etc., to the card of James Old, located at 193 Liberty street, Pittsburgh.

—The majority for Latta (Dem.) over Olmstead (Rep.) is 4,679. The vote for Benj. Rush Bradford (Temperance) was 4,632, which reduces Latta's majority to 47. How long will it be in this State until the temperance vote will hold the balance of power between parties?

WORTH KNOWING.—The oldest, safest and best accident insurance company is The Travelers' Insurance Company, of Hartford, Conn. It has cash assets of over \$3,000,000, has written over 330,000 accident policies, and has paid over 21,000 claims. It has paid over \$2,000,000 in direct benefits to its policy holders.

—At the suggestion of Capt. Grace, of Co. G, 83d E. V. a re-union of that company will be held at the Lawrence House on the 1st of January next. It is especially requested that all the surviving members of this company be present, during the day, to "fight their battles over again," and enjoy for the first time in nearly ten years, the pleasures of each others company. The ladies of the members are also cordially invited to be present. A good brass band will be on hand, and a good old-fashioned time will be had, including banquet, speeches, etc. In the evening a grand ball will be given, and the best of music will be in attendance. It is to be hoped that every member of the company who lives in this vicinity, will be present.

—The elections just over, are variously interpreted. Democrats are gravely jubilant; Republicans comparatively seri us, rather satisfied than otherwise. The truth is the result was a surprise. After sixteen years of power in an unprecedented period of the country's history, the party that withstood the shock of civil war, is suddenly confronted by a corpse, exhibiting unexpected signs of life and motion. Whether it be a real resurrection, or only a moving of dry bones is a matter of much speculation at present.

Some imagine democracy has gained the ascendancy, and republicanism is about to go down in night; others, that it is the natural course of things, and the party having ruled so long already must yield to change and give its place to another.

The causes assigned for republican defeat are quite as various: One attributes it to local causes; another to the President; the President, quietly smoking, wiffs the soft impeachment over to Congress; Congress squeezes back pay between its palms, and answers back "Third Term." So the changes are rung, from General Butler to "General Disgust," both of whom, by-the-way, are entitled to their full share of the business.

We take it the elections do not prove that democrats have obtained the ascendancy in the country. We think republicans voted with them, because many of our party men and measures were distasteful; and that many in all the States omitted to vote, as results show, preferring to kill dead-beats by omission rather than commission; that men who are attached to republican principles, took this method of warning false leaders to quit, or the tenancy would not only be terminated, but the estate turned over to other hands for management and direction. The lesson is certainly a grave one. It is the "tranquil masses" as Benton delighted to name them, whom politics do not sway, and who are not misled by name and pretension, demanded a purer leadership as the price of future fealty.

Nor do the elections prove republicanism at an end. It was rather disclosed that hereafter there can be only two parties, prominent in politics. We had been urged, in certain quarters, to believe that party lines had become confused and no longer discernible. The result, however, put out of view Liberals, monopolists, anti-monopolists and reformers in general, leaving the two parties, clear-cut, distinct, and hostile still. The same democratic party that cherished slavery and secession, that denounced Union soldiers as hirelings, whose smooth-tongued orators pronounced peace dogmas to foster a damnable treason. The same republican party that freed the slave, and saved the Union, that established Christian and Sanitary Commissions for the boys in the field, and rewarded

them with pensions when they came back to civil life, and which is yet the only one that has principles enough to lead the country up through the gates of the future.

Whether the republican party will retain its power, the events of the next two years must determine. With many of the dead branches lopped off, new vigor will diffuse itself and wonted vitality return. Her principles are certainly more enduring than marble or glass. She is still dear in the hearts of the people as the freeman's friend, and savior of the Union; she need only be true to her principles to command the future.

As the republican party cannot live upon its past glorious record, so neither can the democratic party entirely wipe out from remembrance its past damning one. The people may easily consent to make a House of Representatives democratic, and refuse to put an administration into their hands.

Many believe republican victory will come, as a matter of course, by the mistakes of the democrats. It may indeed be that, as they are not united on the currency question, or the tariff question, they will unite on nothing except hostility to the "nigger." It may be when they have no longer radicals to fight they will fall to fight among themselves. It may even be they will bring the government to a dead lock, yet these things they may never allow us to realize. Let us rather imagine our victory as the result of careful and economical government; wise appropriations; curtailed expenditures; complete and permanent ostracism of corruption; the leadership of pure and upright men, and a due regard for the rights of all men, white or black, wherever the flag floats in the whole land.

THANKSGIVING DAY.—In accordance with the usual custom the President has designated Thursday, Nov. 26th, as a day proper to be observed throughout the country as one of general thanksgiving for the reasons which he thus sets forth in his proclamation:

The blessings of a free government continue to be vouchsafed to us, the earth has responded to the labor of the husbandman, the land has been free from pestilence, internal order is being maintained, and peace with other nations has prevailed. It is fitting that at stated periods we should cease from our accustomed pursuits and from the turmoil of our daily lives, and unite in thankfulness for the blessings of the past, and in the cultivation of kindly feelings toward each other.

JOE WORK of all kinds done at this office on short notice.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Astringent, Diuretic, Cathartic, Narcotic, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bowels are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter, with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Congestion, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, with Swellings of the Neck, Pimples, Bores, Gout, Scrofulous Inflammations, Indolent Ulcers, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In those, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS show their great curative power in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pastilles, Itch, Carbuncles, Ring-worms, Scald-head, Ringworms, Eruptions, Itch, Scars, Inflammations of the Skin, Burns, and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no verjuice, no cathartics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the term of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your arteries will tell you when to keep the blood pure, and the health of the system will follow.
