It is estimated that from 7,000 to 10,000 Knights in full uniform will be in attendance, and place in this country.

-On Saturday last being at Newtown, we happened on a meeting of the Kingsley township Road Commissioners. This was of interest to us, from the fact that at this meeting came up a question which had a great deal to do with the defeat of Mr. Heath, Republican candidate for Commissioner at the late election. The Road come the richest man in the country. commissioners of that Township, are - Titusville Courier. Messrs. Heath, Hunter and Cole. Sometime during the summer Heath and Hunter met in accordance with a notice from the township clerk; Cole following is the score as far as heard not having received his notice, was not from : Robt. Watson, one of the path masters, that he had worked out part of his duplicate, allowing \$4 instead of \$3.60 for man and team. It was therefore concluded, that to equalize the matter, it would be right to give all other parties who worked on the roads, at the same rate. This was done at the settlement last Saturday. Sometime during the time the roads were being worked, some one happened in Wheeler & Dusenbury's Store, and asked Mr. D. what he was getting for a man and team, on the roads. He replied that he was charging it up at \$4.75 per day. This we believe, was the figure which had formerly been charged, and Mr. D. was not aware of the difference. The story was immediately circulated throughout the township and county, that Mr. H. was allowing Wheeler & Dusenbury \$4.75 per day, for man and team on the roads, and the balance of the tax-payers but \$3.60. Two of the members of Mr. Heath's family were sick at the time, so much so, that he could not leave home to expose the falsity of this story, which was undoubtedly the means of his defeat. At the settlement, it was brought out that Mr. H. was entirely innocent of the matter, and each team and teamster was allowed \$4 per day. If the truth had
