

IMPORTANT ANNOUNCEMENT

In 1871 I invented and secured letters-patent for an

Improvement in Wash Boilers,

A simple arrangement by which steam was applied to the washing of clothing. I have heretofore sold this under the name of

Steam Washer, or,

Woman's Friend,

For such it is in fact. I have advertised it in nearly every Religious Newspaper in the United States and Canada, also in the leading Secular papers, using double-column advertisements. The readers of this paper may remember seeing my card in the various papers of the county during the past year. Extracts from letters received from my customers, in another column, will indicate how it has been received by the people throughout the country.

300,000

Have been sold already. It is sufficient for my purpose to say that I am satisfied that nothing heretofore advertised ever rendered so general satisfaction. Yet this, my first invention, was not quite perfect, and for the last two years I have applied myself to the study of constructing and perfecting a

NEW STEAM WASHER,

And as the result of my efforts I feel every assurance that I have been entirely successful. My new Steam Washer, patented in 1873, is absolutely faultless; so much so that I never knew a single person, who had seen it work, fail to be delighted with it. It has rendered, thus far, perfect and universal satisfaction, and such must be the result, for it works like a wonder—never failing to do all claimed for it. In conclusion, let me say, that should any one say that he has seen a Steam Washer, ask him if he has seen the new Steam

WASHER

Of 1873, now being advertised so extensively in whole and double-page advertisements. If he answers in the negative, request him to suspend judgment until a sample can be procured and fully tested. I will send one as

A SAMPLE FOR \$5.

—just half the retail price,—and I fully warrant it. After a person buys a sample he can get them of me at cost.

\$60 Profit can be Made on a Single Dozen.

And I have known agents to take orders for

A DOZEN IN AN HOUR.

There is no way to make money faster. Send for a sample and secure your territory. Make money while you can.

Reader, please calculate the cost of my two page advertisement in the "CHRISTIAN UNION." It consists of 1,480 lines at regular rates amounted to

\$1,750 Each Insertion.

I repeated this "Card" four times because my first insertion (Oct. 8) paid me

500 PER CENT.

During the last eighteen months I have inserted my advertisement, occupying one to two pages, in

HUNDREDS OF 1st-CLASS PAPERS,

All of which paid well for the outlay; but the "Christian Union" ("the largest circulation of any religious newspaper in the world") pays me better than any, and the

INTER-OCEAN

PAYS BETTER THAN

Any Other Secular Paper.

I mention this fact, for all can see how extensively I advertise my invention; and taking into consideration the fact that I sell it Entirely on its Merits, and must concede that it sells well, for no article will sell well enough to pay for so expensive advertising without real merits. If I got a sample introduced into a neighborhood it often sells

AN HUNDRED MORE.

Such a splendid chance to make money selling this invention may never occur again. On the receipt of Five Dollars, I will ship you a complete Washer as a sample, copy of the chrono, together with a Certificate of Agency, with full instructions how to conduct the business, and upon the receipt of the Washer you may have time to test it, and if you find it not as represented I will refund your money. The Washer retails at \$10. After I send you a sample I will hold your county a reasonable time for you to decide whether you wish to purchase or not. I will furnish blank deeds, also blanks for taking orders, and will do all I can to enable you to succeed in the business. Let me hear from you soon, or your choice of territory may be taken by some one else. Address,

J. C. TILTON,

101 Sixth St., Pittsburgh, Pa.

P. S.—Cut this card out and preserve it for future reference. Persons writing me from seeing this card will please say they saw it in the FOREST REPUBLICAN.

THE SUN.

WEEKLY, SEMI-WEEKLY, & DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers and which will, we hope, give it many thousands more, are briefly as follows: It is a first-rate newspaper. All the news of the day will be found in it condensed when unimportant, and fully presented in a clear, intelligent and interesting manner.

It is a first-rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first-rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first-rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in its department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country, and threaten to annihilate republican institutions altogether. It has no fear of knives, and asks no favors from their supporters.

It reports the markets for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only \$1.00 a year. No discounts from this rate.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. \$2.00 a year. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 20 cents a month, or \$2.00 a year. To clubs of 10 or over, a discount of 20 per cent.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made entirely from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and life-giving principle, a perfect Renovator and Invigorator of the system. There is "chubby" in glass, as well as in swollen babies. Customers of kerosene are sometimes almost discouraged, as frequently do chimneys break, without any apparent cause, rendering the cost of chimneys about equal to that of oil. Cheapness being the order of the day, a great many manufacturers make chimneys from silicate of lime, instead of from lead. The initiated may tell the different qualities of glass by ringing them; the vibrations of the lead glass have a clear, ringing, bell-like sound, possessing the requisite strength to withstand expansion and contraction, as well as the general pressure of use, and will outlast half a dozen of the lime glass chimneys. Fifteen cents invested in one of the lead chimneys, will money well spent, even though it saves the "trick" in the cheaper kind, which it most assuredly ought to, and doubtless will. Stick a pin there, and remember it. The genuine lead glass chimneys may be had at wholesale or retail of
