Gold in New York is up to 114 1/2 at present writing, but that won't put back specie payments, which are bound to come in 1875.

Allegheny desires to be divorced from Pittsburgh, and prays the Legislature to dissolve the relation.

The mercury yesterday morning indicated 24 degrees below zero; this morning 18 degrees above. And yet are some very healthy people amongst us.

Invitations have been sent out for an Anniversary Dance at the Lawrence House on the 22d inst. McCray's string band, of Fagundus will furnish music for the occasion.

The tract of land advertised in the Sheriff's Sales this week, in which Henry Swaggart is prosecutor, he designs us to say is well timbered with oak and cherry.

Capt. Gray of Titusville, who once lectured here on "Gleanings from the Wayside of Life," was stricken with apoplexy recently, and it is very doubtful if he ever fully recovers.

A slight runaway occurred on Sunday last, which resulted in the breaking of the shafts of the cutter; nothing else was hurt except the feelings of the sleighriders.

The Venango Spectator comes to us in a complete new dress, and is now one of the neatest and best printed papers we have on our list.

Selden Whitman lost a horse by death last week. Mr. W. has had very bad luck with his horses within the past few years. We hope his fortune in this respect will soon change for the better.

The Beecham trial is still on, and has become almost as stale as the church trial was. The daily papers are bound to give the whole proceedings to their readers, however, if it ruins their business.

Plummer, Assemblyman from Titusville, seems to be quite a favorite among the Democracy of this State. Some papers have even gone so far as to recommend him for Governor next Summer.

The Beecham trial is still on, and has become almost as stale as the church trial was.

THE ELECTIONS.

The borough elections yesterday passed off quietly, very little excitement being manifested by candidates or voters. Of course there was the usual uneasiness in regard to the result, among the candidates, but all concealed beneath a placid exterior.

For Burgess John Rock. For Council S. A. Varner, G. W. Robinson, A. H. Partridge, H. O. Davis, A. B. Kelly, S. H. Haslet.

High Constable Henry Swaggart. Justice of the Peace C. A. Randall. School Directors T. J. Van Giesen, G. W. Robinson, E. L. Davis, 1 year.

Overseers of the Poor D. W. Clark, J. T. Dale. Auditor J. E. Blaine. Judge of Election J. T. Dale.

Inspectors of Election John D. Hullings, C. A. Randall. There is no doubt whatever that there is an immense amount of suffering in Kansas and Nebraska, on account of the grasshopper plague last summer.

A bill has been reported from a committee in Congress to increase the duty on sugar, molasses, tobacco and whiskey. We are rather opposed to the increase on the last named article, because so many people are so anxious to get the National debt paid off that they may hereafter drink more than is for the good of their health or their pockets.

This is the way an exchange puts it: "When you want a notice of some enterprise in which you are interested 'sponge' on your local paper; but if you want any printing done, give your order to some drummer out of town, or some job office which cannot aid your enterprise by giving it a notice."

Miss Kate Cobb is up about the house, and bids fair to recover entirely in a short time. We have heard of no spread of the malady, and fervently hope there may be none. We believe there are no bad cases of sickness in town at present.

Valentine Day has come and gone, and yet we have heard of no one who has been favored with his photograph done up in caricature. It looks as if people of all ages and sexes were bound to retrench and reform these times.

A new paper called the Warren County Press, is being issued weekly, at Youngsville, by Mr. Hoag. We have not yet received a specimen of this paper, but understand that it is a well-printed and lively little sheet.

Oil is advancing steadily, and we hope it won't stop until it gets up to \$5; then we will see some more wild-cattling, going on about here, among other ventures, a well in town, which Jos. Grove proposes to put down.

We have received the March number of Ballou's Magazine, and find it as interesting, as instructive and useful as ever. For the price Ballou's Magazine is the best in the country, as it has something to suit every taste. Love stories, sea yarus, adventures, and poetry, engravings of merit, and those of a comic nature.

Among the valuable publications of the day we class the The Republic a monthly published at Washington, D. C., and devoted to the dissemination of political information. It embodies each month a very careful synopsis of political events, is ably edited, and of great value to all who wish to follow intelligently the course of public events. It deserves, and apparently receives, a liberal support.

Our citizens are a little disposed to be nervous regarding the ice, which has become very thick, and is perfectly solid. If the ice goes out with a sudden rain, there is danger that our bridge will go off again, as there is nothing strong enough to withstand this thick, solid ice, if it goes out with a sudden heavy flood.

We have been given to understand that some gentlemen having wild lands in this county, contemplate moving to Tionesta, and erecting a flouring mill, for the accommodation of the citizens of the county, and vicinity. If it were a sure thing we would give the names of the gentlemen, but as some other locality may yet be decided upon, we do not wish to compromise them.

Local option is a question which the Legislature will probably have to dispose of in one way or another during the present session. Petitions as long as the moral law are sent in, praying for its repeal, and remonstrances almost, if not entirely as long, against its repeal, are daily received. It remains an open question, but the prevailing opinion is that the law will not be repealed.

Somebody has charged Mr. Brown, of the Clarion Democrat, with being opposed to the election of Jenks to Congress. This is a mistake, because that was one of our brightest hopes that he would be defeated; and the fact that he was elected notwithstanding Mr. Brown's support, proves him to have been a very strong candidate.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Cathartic, Nutritious, Laxative, Diuretic, Sedative, Counter-irritant, Sudorific, Anæmic, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Forify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sore Eruptions of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Impure Blood. One bottle will prove a better guarantee of its merits than a lengthy description.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrophulous Inflammations, Indolent Inflammations, Mercurial Affections, and Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS is the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Tyrosetters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Psoriasis, Itch, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Discharges of the Skin, whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no cathartics will free the system from such pests like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores, cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the team will follow.
