

BOROUGH OFFICERS.

Burgess—M. ITTEL, Jr.
Chairman—S. J. Wolcott, T. J. Van
Glenn, J. E. Rhine, D. S. Knox, J. W.
Hood, J. A. Propp.

FOREST COUNTY OFFICERS.

President Judge—L. D. WETMORE.
Associate Judges—ANDREW COOK, JON.
G. DALE.

Time of Trains

At TIONESTA STATION, on and after
October 5, 1874:

Table with columns for SOUTH and NORTH directions, listing train numbers and times.

LOCAL AND MISCELLANEOUS.

Bills have been sent out by M.
W. Tala, Esq., for subscriptions due
to the FOREST REPUBLICAN.

Notice.

There will be a meeting of the Tionesta
Literary Society Monday evening,
the 8th, at the residence of Mrs. T. B. Cobb.

Rev. Lusher will preach in the
M. E. Church on next Sunday morning.
Union Sabbath School at 10:00 a. m.

The Public Debt has been reduced
\$6,680,183 during the month of February.

Quarterly meeting will be held at
the M. E. Church in this place, beginning
on Saturday next.

The protracted meetings at the
M. E. Church are still going on, with
considerable interest manifested.

March came in with rain, snow
and sleet. Whether this fills the bill
of "coming in like a lion," we don't
pretend to say.

The ice having gone out Hunter's
bridge will again be extensively patronized.

From the Washington Evening
Star, we learn that among a delegation
from the House of Representatives,
Hon. J. B. Agnew and wife were introduced
to the President on Saturday last.

Rev. Edwards, pastor of the
Presbyterian Church of Tidioute, and
whom the congregation gave a leave
of absence and sent to Europe for his
health, has tendered his resignation,
to accept a parish in Switzerland.

The slab on the Clarion jail which
was put up outside of the contract,
and the bill of which was repudiated
by the Grand Jury recently, cost \$500.
It is no wonder that the grand jury
went back on the item.

A movement is on foot to suspend
drilling from the 1st inst. to June 1st.
There have been so many attempts
to do this, characterized by the same
amount of failures, that our faith in
its success is not great.

The festive jaybird abounds in
this vicinity, and fattens on Robinson
& Bonner's corn. The store cat gets
away with one occasionally, and a few
have been shot, but their number does
not perceptibly diminish.

A young man named Fulton, who
has not graduated from the seminary,
has been called to the pulpit of the
First Presbyterian Church of Oil City,
recently made vacant by the resignation
of Rev. McFetridge.

Communication.

TIONESTA, March 1, 1875.

To the Editor of the Forest Republican:

SIR:—In a recent number of your
paper, I noticed an article in which
was suggested a disposition of the
Library Association Fund.

The object is a charitable one, yet I
doubt the possibility of a fair distribution.
There are so many hands
through which this money must pass;
I fear it would be nearly, if not wholly
consumed, before it reached its destination.

Though not always an advocate of
the old and often selfish adage, "charity
begins at home," yet in this instance
there is in our midst a noble and laudable
cause to be advocated.

As the money in question was raised
for the ostensible purpose of founding
a Library Association at Tionesta, for
the benefit of the people, as well as the
members of the Literary Society. If
it is to be used otherwise than for
what it was directed and originally
intended, why not use it for a purpose
that would benefit the students and
teachers of our Borough school, and
through them, the whole community,
viz: by establishing a School Library
of Reference.

There are a few works that are
indispensable to every well regulated
institution of learning. What these
should be could be determined by the
members of the Literary Society. This
library of reference, if donated, would
become a part of the Borough School
property, and as such would be under
the care and control of the school
directors, it would be the nucleus to a
large library and perhaps to more
extended educational facilities.

Let us try to raise our school from
its hitherto low standard to a higher.
Let us try to retain at home the class
of students that have hitherto gone
abroad. At least let us try to place
within reach of the poorer classes the
means of receiving a higher culture.

I hope there will be a meeting of
the Society with full attendance, at an
early date to consider the matter.

M.

—F. Hyren, "The Prophet," as he
is called, has been making things lively
in our place for a week or more
past, but seems to have steadied down
a little in the past few days. When
he came into town, his first business
was to get the key of the Universalist
church, where he has sometimes held
forth, but the key could not be found;
nobody had it, nor knew where it was.

Disappointed in getting a place to
promulgate his peculiar doctrines, he
went into the M. E. Church on
Wednesday evening last, and after the
regular services were concluded, endeavored
to speak his piece there.
The brethren not wishing to listen to
his discourse, the lights were turned
out, and he was left to self-communion.

On Thursday evening, he was on hand
again, and once interrupted Rev.
Lusher, and again attempted to speak
after the meeting. Sheriff Van Giesen
spoke to him, and asked him to
stop, but proving refractory, the sheriff
seized, and forcibly ejected him
from the church, which he had a perfect
right to do; and his action was
approved of by nearly, if not quite,
everybody present. He was brought
up to the Central House, and informed
that if he kept quiet, he would not be
disturbed, but otherwise he would be
taken to the "cooler." As soon as the
sheriff was out of sight he commenced
to shout and rave, when he promptly
taken in hands and lodged in jail over
night. On Saturday night he was on
hands at the church again, and the
sheriff being absent, he acted up a little,
and, we are sorry to learn, was
backed up and encouraged by those
who should know better, and who used
a good deal of profane language in
the church, in the presence of the ladies.
Such actions can not be too
strongly condemned, and we hope we
shall never be called upon to chronicle
a repetition of them.

—In addition to the Court Proceedings
published last week the following
case was disposed of:

Jas. Baptie vs. J. L. Acomb; verdict
for plaintiff for six cents damages,
and costs.

Chas. Corbet, of Brookville, was
admitted to practice in the several
courts of Forest county.

The following hotel licenses, were
granted:

Leonard Agnew, Tionesta boro;
Wilson Smith, and Samuel Wiggins,
Fagundus; John Peterson, Truckeyville.

—In an article yecept "Brookville
Superlatively Considered," which the
Clarion Democrat published recently,
the following is the winding up:

"Oh, Brookville! thou art more than
is dreamed of in Horatio's philosophy.
Unequaled, glorious and alone!
'Twould take a Dickens to write up
thy little foibles and characteristics,
and a Mark Twain to picture what is
ludicrous in thee. 'With all thy
faults we love thee still.' Hearty and
enthusiastic in thy greeting, magnificent
in thy entertainment, social and
free, yet cultured and refined in thy
intercourse, you make the visitor feel
that your farewell and 'come again' is
from the heart. On the whole, we
rather like Brookville as it is. May
thy glory never depart."

The Brookville Republican retorts in
an article headed "Clarion Frigidly
Surveyed," which closes as follows:

"Sleep on, O Clarion! Great art
thou in thine cause, beautiful in thy
repose, and grand in thine ambitions.
While all else is changed and changing,
we may leave thee alone, and, returning
years hence, find thee still the
same. When the Lethian wave rolls
over thine existence, may thy successor
arise and stand forth an active
centre of pleasure and profit, and a model
in its enthusiastic greetings, magnificent
entertainment, social and free,
yet cultured and refined intercourse."

—The ice went out of the river at
this point on Saturday last, and, to the
great joy of the inhabitants of this
place, did not injure the bridge in any
particular. The ice-breakers worked
splendidly, hashing the ice up in the
easiest possible manner. The thickness
of the ice was about eighteen
inches, and large cakes covering half
the width of the river, would come
crashing against the breakers and be
crushed fine. Our people in general,
and Mr. Hunter in particular are immensely
relieved because the bridge
stands the test so well. It is believed
by many that if the other bridge had
been protected by breakers, as this
one is, it would have been standing
yet. We understand that the ice is
gorged all the way from Henry's
Bend to the mouth of Stewart's Run,
a distance of six or seven miles. We
lose a good highway for sleighs, but
we at the same time throw off a great
burden of solicitude.

—On Wednesday evening about
half-past six o'clock as we were
coming down street we heard the cry of
"Fire! Fire!" Hastening our steps we
soon found that Robinson & Bonner's
store building was on fire in the roof,
just over our office, and, as said office
is only insured about one-third its
value, we immediately took steps to
learn how much of our material could
be saved. Fortunately, the fire was
discovered in time, and a few pails-
full of water extinguished the flames,
but not before quite a hole was burned
in the roof. The fire caught from
sparks from the chimney.

—The Press says that "Messrs. Gilbert
Jamieson of Tionesta Twp., C. H.
Church, of Hickory, and John Reek,
of Tionesta Boro, have been severally
invited to become candidates for County
Commissioner at the next election,
subject to Republican usages." We
suppose as the Press had the honor of
first putting their names before the
public, it will give them an unequalled
support. When the time comes
the names of Republican candidates
for this and all other county offices
will appear in this paper under the
head of "Announcements."

—There is a bill in the State Senate
providing for the erection of watering
troughs on the public roads. Those
who put them up, and keep them
in order, are to be allowed \$3
per annum as a credit on their road
taxes. It is also made the duty of
supervisors, where there is running
water, or where it might be easily got
from a pump, to put up such troughs
at the public expense where the owners
of property neglect to do so. All
watering troughs to be deemed public
property, and protected by law.

—Our school readers and popular
tradition tell us that George Washington
never told a lie. His namesake,
George Washington Sawyer, however,
promised positively to put a rail on
our office stairs last week, and our eyes
grow moist and our heart sad, when
we are obliged to look upon those
stairs, with no banister even at half-
mast. The original George wouldn't
have served us thus.

—We would call attention to the
new advertisement of the Great Western
Gun Works, which appears in this
issue. This establishment is reliable,
and keeps the largest stock of any
gun works in Pennsylvania.

—Some of our philanthropic citizens
make themselves popular by
sprinkling salt on the side walks and
door steps. This takes away the extreme
slipperiness of the ice, and
saves many a fall.

—The cry has changed from "hard
times" to "hard coal," and the miseries
of the former are for the time being
lost sight of in the dearth of the latter.
Meanwhile all look anxiously
for the ethereal mildness of spring.

—Our readers will remember the
row at Hagan's Church, near Tylers-
burg, an account of which we published
last fall. Two of the parties, named
Amos Shotts and Clough Smith, met
at a vendue at Cornish's yesterday,
and "had it out," in two rounds, in
which Shotts came out victorious.

—Minnesota now, like Wisconsin,
wants to modify those laws which, in
the excitement of the Granger movement,
were passed and have proven
such an oppressive burden on railroads.
The sensible legislators out there find
that they have gone to the other
extreme.

—The bill to repeal the Local Option
Law, was passed by a large majority
in the House recently. It remains
to be seen what the Senate will
do with it. There seems to be no
doubt, however, but the law will be
repealed, and many a politician will
take a back seat hereafter on account
of his vote on the matter.

—Alex. McClure, disappointed in
getting possession of Furney's Press,
has purchased the Age, of Philadelphia,
and will continue its publication
under the name of The Times. It
will be published upon about the same
plan as the N. Y. Sun, its principal
business being to throw dirt at the
State and National administrations.

—We have received from the Board
of Education at Washington two pamphlets,
one being "A Statement of the
Theory of Education in the United
States of America," and the other,
"The National Bureau of Education;
its History, Work, and Limitation."
The readers will please accept our
heartfelt thanks for these valuable
documents, which we shall file with our
other public documents.

—The coal miners at Pottsville and
Hazleton, Pa., are on a strike and are
committing murders and assaults on
the new miners. The military will
undoubtedly have to be called in to
quell the disturbance. It is hoped
that the ring-leaders may be captured
and suffer the full penalties of the law;
as this terrorism is just as bad as when
it occurs in Louisiana. Only the citizens
of this State don't object to having
the military called in.

—A reunion of the Ninth regiment,
Pennsylvania reserve volunteer corps
and Third brigade, McCall's division,
will be held at McKeesport, Pa., July
28, 1875. Major General Ord and
Governor Curtin have already signified
their intention of being present
on the occasion. R. N. Taylor, of
Leavenworth Kansas, has in charge
correspondence with the veterans who
wish to fight their battles o'er again at
a social gathering.

—Deputy P. M. Reek calls our
attention to the fact that there are
a number of letters and papers sent
from this office monthly to the Dead
Letter Office, on account of having
stamps on them which have been used
before. The attention of all, and
more particularly those who make a
practice of saving their money and
losing their letters, is directed to the
following from the postal laws:

SEC. 177. That any person who shall
use or attempt to use, in payment of
the postage on any mail-matter conveyed
by mail or otherwise, any postage-
stamp, or stamped envelope, or any
stamp cut from any such stamped
envelope, which has been before used
for a like purpose, shall forfeit and
pay fifty dollars.

A PROBLEM.—A man bought a
horse, paying part down; two-thirds
of the part paid equalled the fifth root
of the part unpaid. How much did
he pay down, and how much did the
horse cost? F. F. WHITEKIN.

[Those who solve this problem will
please send in the answer, within ten
days, and their names, which we will
publish. Otherwise we will publish
the answer in two weeks.—ED.]

SPECIAL NOTICE.—We call attention
of our readers to the advertisement
of the well known business firm
of John Stevenson & Sons. Those
contemplating the purchase of goods in
their line will find this to be an opportunity
rarely offered. The firm is an
old and reliable one, and their representations
may be relied upon. 31 2m

Dr. J. Walker's California Vinegar
Bitters are a purely Vegetable
preparation, made chiefly from the
native herbs found on the lower ranges of
the Sierra Nevada mountains of California,
the medicinal properties of which
are extracted therefrom without the use
of Alcohol. The question is almost
daily asked, "What is the cause of the
unparalleled success of WALKER'S
BITTERS?" Our answer is, that they remove
the cause of disease, and the patient re-
covers his health. They are the great
blood purifier and a life-giving principle,
a perfect Renovator and Invigorator
of the system. Never before in the
history of the world has a medicine been
compounded possessing the remarkable
qualities of WALKER'S BITTERS in healing
the sick of every disease man is heir to.
They are a gentle Purgative as well as a Tonic,
relieving Congestion or Inflammation
of the Liver and Visceral Organs in Bilious
Diseases.

The properties of DR. WALKER'S
VINEGAR BITTERS are Aperient, Diaphoretic,
Cathartic, Nutritious, Laxative, Diuretic,
Sedative, Counter-Irritant, Sudorific, Alterative
and Tonic.

Grateful Thousands proclaim
VINEGAR BITTERS the most wonderful
Ingruient that ever sustained the sinking
system.

No Person can take these Bitters
according to directions, and remain long
unwell, provided their bones are not
destroyed by mineral poison or other
means, and vital organs wasted beyond
repair.

Bilious, Remittent and Inter-
mittent Fevers, which are so prevalent
in the valleys of our great rivers
throughout the United States, especially
those of the Mississippi, Ohio, Missouri,
Illinois, Tennessee, Cumberland, Arkan-
sas, Red, Colorado, Brazos, Rio Grande,
Pearl, Alabama, Mobile, Savannah, Ro-
anoke, James, and many others, with
their vast tributaries, throughout our
entire country during the Summer and
Autumn, and remarkably so during sea-
sons of unusual heat and dryness, are
invariably accompanied by extensive dis-
arrangements of the stomach and liver,
and other abdominal viscera. In their
treatment, a purgative, exerting a power-
ful influence upon those various or-
gans, is essentially necessary. There
is no cathartic for the purpose equal to
DR. J. WALKER'S VINEGAR BITTERS,
as they will speedily remove the dark-
colored viscid matter with which the
bowels are loaded, at the same time
stimulating the secretions of the liver,
and generally restoring the healthy
functions of the digestive organs.

Fortify the body against disease
by purifying all its fluids with WALKER'S
BITTERS. No epidemic can take hold
of a system thus fortified.

Dyspepsia or Indigestion, Head-
ache, Pain in the Shoulders, Coughs,
Tightness of the Chest, Dizziness, Sour
Eruptions of the Stomach, Bad Taste
in the Mouth, Bilious Attacks, Palpi-
tation of the Heart, Inflammation of the
Lungs, Pain in the region of the Kid-
neys, and a hundred other painful sym-
ptoms, are the offspring of Dyspepsia.
One bottle will prove a better guarantee
of its merits than a lengthy advertise-
ment.

Soretho, or King's Evil, with
Swelling, Ulcers, Erysipelas, Swelled Neck,
Gonorrhea, Scrophulous Inflammations, Indolent
Inflammations, Mercurial Affections, Old
Sores, Eruptions of the Skin, Sore Eyes, &c.
In these, as in all other constitutional Dis-
eases, WALKER'S VINEGAR BITTERS have
shown their great curative powers in the
most obstinate and intractable cases.

For Inflammatory and Chronic
Rheumatism, Gout, Bilious, Resist-
ent and Intermittent Fevers, Diseases of
the Blood, Liver, Kidneys and Bladder,
these Bitters have no equal. Such Diseases
are caused by Vitiated Blood.

Mechanical Diseases.—Persons en-
gaged in Paints and Minerals, such as
Plumbers, Type-setters, Gold-beaters, and
Miners, as they advance in life, are subject
to paralysis of the Bowels. To guard
against this, take a dose of WALKER'S
VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tet-
ter, Salt-Rheum, Itches, Spots, Pimples,
Pustules, Boils, Carbuncles, Ringworms,
Scald-head, Sore Eyes, Erysipelas, Itch,
Scurf, Discolorations of the Skin, Humors
and Diseases of the Skin of whatever name
or nature, are literally dug up and carried
out of the system in a short time by the
use of these Bitters.

Pin, Tape, and other Worms,
 lurking in the system of so many thousands,
are effectually destroyed and removed. No
system of medicine, no vermifuge, or an-
thelmintic will free the system from worms
like these Bitters.

For Female Complaints, in young
or old, married or single, at the dawn of
womanhood, or the turn of life, these Tonic
Bitters display so decided an influence that
improvement is soon perceptible.

Cleanse the Vitiated Blood whe-
ever you find its impurities bursting through
the skin in Pimples, Eruptions, or Sores;
cleanse it when you find it obstructed and
sluggish in the veins; cleanse it when it is
foul; your feelings will tell you when. Keep
the blood pure, and the health of the
system will follow.

Prepared and Sold by
DR. J. WALKER & CO.,
Druggists and Gen. Agts., San Francisco, Cal.,
and at all Druggists and Chemists.
