LOCAL AND MISCELLANEOUS.

Bills have been sent out by M. W. Tate, Esq., for subscriptions due to the FOREST REPUBLICAN. These bills are not ours, but the company's, of whom we bought this office on Janwary 1st, 1873. We collect our own bills.

-Rev. Elliot will preach in the Presbyterian church on Suuday next, morning and evening.

FOUND .- A lady's rubber shoe. The owner can have it by sending to this office a description of it.

-Speaker Blaine is spoken of as candidate for the Republican nomination for the next Presidential term.

-Dithridge's mill is not running at present, but the hands are fixing up for spring work, and the mill will start up as soon as the ice goes out.

-It is rumored that the young King of Spain, Alfonzo, wants to abdicate in favor of the Duke De Mont-pensier. Spain is rather a bad Kingdom for so young a man to rule.

-S. C. Johnson, of this place has taken to himself a wife in the person Miss Lizzie Hepler. The newly married couple have our bost wishes for a long life and a happy one.

-A sick juror on the Beecher scandal case is eausing adjournments at all sorts of hours. There is no reliability in that juror, and the case may be continued until he pegs out entirely.

-The Prothonotary's office has been snoved across the hall of the Court D. Irwin, Esq., in Oil City on Monday House, into the room formerly known last, and wished him to inform the as the Arbitration Room, on account of a vault being provided for the books and papers in that room.

-Spelling Schools are being held in all the towns and cities around us, and it might be well to start it up here. We know there are a good many persons about here we would just love to hear spell.

-The following in regard to a job, against which our lumbermen were "dead set," comes from our Representative, J. B. Agnew:

"McNeill's Timber Inspection &c. bill just now defeated. Only four votes for it. Tell those interested that it has gone up, as I predicted. We are all right now; it cannot be resurrected."

-John Dice, of Dutch Hill is said to be very low with consumption, and no hopes are entertained of his recoy-

George, youngest son of Mr. W. C. Brooks, Manager of the Superior store, is prostrated by an attack of pneumonia. With care and careful nursing he will probably soon be well again.

Tiopesta editors that he had received the appointment of Assistant Superintendent of Schools of Venango Co. He wished the said editors to know this that they might see that he "had a few friends left." All we have to say is, that it is a joke on the friends. He had a few friends left in the lurch, and left in a bad shape in this place and Clarion some time ago, and we hope his remaining friends will not be left as they were.

-Davy Hilands is still a devoted admirer of "animated nature," particularly if domesticated, and more particularly if their domestication is a matter of patience and skill. His latest acquisitions in that line consist of two jay birds and a screech owl, which he has on exhibition in the Central House. Undoubtedly he will have a large number of birds and animals brought in during the coming season, and will probably spend some time himself in gathering for his collection. His swap survives and flourishes. The fawn is up at the farm of Gilbert Jamicson, Esq. If any of our readers succeed in catching any nice birds or animals, let them be brought better about it.
