Announcements.

TIONESTA, PA., March, 26, 1678. Mn. Epiron: Having been solicited by friends of education, I have consented to become a candidate for the office of Coun-ty Superintendent. If wheeled I shall endeavor to give entire satisfaction.

We are authorized to announce the name of S. F. ROHRER, of Jenks Township as a candidate for the office of County Super-intendent.

Senator Wallace has managed to get in his first, or "maiden" speech in the Senate at Washington, over the Anthony resolution sustaining the President's course relative to Louisiana. The address was brief, and not particularly remarkable.

—Senator Bogy, at the close of Andry Johnson's circular speech, in the United State Senate, a few days since, began a dissertation of Cassarism, and was interrupted by Senator Sargent with the inquiry whether it was not this Cassar idea that led Wilkes Booth to assassinate President Lincoln. Bogy became angry and confused that the became angry and confused that the ciations.

A little daughter of Mr. Albert Weis was severely scalded on Thursday last. It run against a pan of hot water in the hands of her sister emp-tying it on the breast of the child. It is getting along finely now, although the injury was sufficient to take the skin off her breast and left arm.

Relief for the grasshopper sufferers. Sixteen ladies from St. Mary's and vicinity last week, sent to the sufferers from the grasshoppers a large store box filled with clothing. This box with contents was valued at one hundred dollars at an extremely low valuntion. It is but justice to say that Mrs. J. F. Robertson, of Fox township was the prime mover in this charitable movement.

-We clip the following items from the Meadville Republican:

Fifteen were let out from the market house this morning. Tramps we mean.

Since the Local Option repeal, a week ago, license petitions have been feely circulated. The hotel men are busy in all parts of the county. The lowest fee \$50 and \$2,000 bunds, however, have a tendency to retard business in this direction.

A horse attached to a top buggy started up Water street the other morning without a driver, and there was promise of an exciting runaway; but a young man with the blood of the Plantagenetts, no doubt, in his veins, seized the animal by the bit, and held him until the owner came up who was "much obliged," and angry at the

down the railroad below town, on Monday afternoon, he met the mail train, which was about three hours be-hind time, just at the first mile-post. He get out of the sled and held his horses by the bridles, but they were badly scared and started to run with him hanging to their heads. He was finally compelled to loose his hold, and when he did so, the horses tramped him and the sled passed over him. He is severely but not dangerously in-jured about the breast and face.

On Tuesday night of last week, at about 9 o'clock, the river was very high at this point. The water and ice covered the road between the Second street bride and the gas works, caused by a gorge at "The Rocks." It was thought that the river was going to clear itself of the ice but it only ran out of Reed's dam, in the southern part of the borough. During that night the ice went out of Shaw's dam below, and in the morning the water was down several fact. Up to this time no more ice has passed here from above, and we do not anticipate a dangerous flood when it does come.

It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous and delicate taste. ment feature in the Weekly Sun, and its articles will always be found fresh and useful to the farmer.

The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of kunyes, and seeks no favors from their supporters.

The markets of every kind and the fishions are regularly reported in its columns.

The price of the Weekly Sun is one deliar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and twenty cents will get the paper, post-pasd, for a year.
