OBITUARY.

Peter Sibble, who met with a terrible accident a week ago Sunday, the particulars of which we published last week, died on Saturday last, from injuries received at that time. He leaves a wife and three children to mourn his death. We have made inquiries of those who have been acquainted with him from boyhood, and all agree in giving him an excellent character as a sober, industrious and energetic man. The funeral services were conducted by Rev. Elliot and another minister whose name we did not learn. on Monday last. May the sympathy which was extended to him during his affletion be now extended to his bereaved family.

-Dr. Blaine and wife departed hence to Beaver on yeesterday, from whence they go to Cincinnati shortly, to take up thier permanent abode. For two and one-half years the Dr. and his lady have been with us, and we believe we reflect the sentiment of the outire community when we say we are sorry to part with them, and that their departure is a real loss to the town. The Dr. has taken an active part in all that concerned the town and county, while here and was quite a power in the political party with which he acted. We can conscientiously recommend him to the people among whom he is to find a home, as a good physician, a kind friend, and an honorable gentlemen in every particular.

-Just before going to press we receive intelligence of the death by drowninig of Mr. David Pyle, of Stewart's Run, in the river at or near Scrubgrass. Pyle was on Bruce Crawford's raft, and endeavored to jump from the raft to a rock on the shore, to effect a landing. Miscalculating the distance, his breast struck the of the lumber woods would land in rock, and he fell into the water, and Pittsburg during the present week. It was seen no more. If we are correctly would'nt affect us, only we fear that informed, he leaves a wife and two children. He is said to have been a good citizen, and as such, his loss will be mourned by all.

-J. D. W. Reck has moved across the street to the Mayor's residence. Mrs. Heath has filled the vacancy caused by his removal by taking possession of the upper story of the Acomb building. Wm. Harlan has moved into the house east of John

Hulings, on the same lot. T. J. Me-Gill moved into the house vacated by somewhere but we have not learned to our office and turn his back while where. There are now some three or four houses for rent in town.

-Jack McCray, who professes' to Miss Eva Hilards of Louisville is also be fresh from the Black Hills, has been spreading contagion in this part

of the country. There were several logs down the creek, and safe into his bad cases of the gold fever at first,

-Our new council has caused no tices to be posted up through town notifying all who have poor sidewalks to repair them, or build new ones forthwith, or it will be done for them and the expenses deducted out of a sale of the property. The walks are in a terrible condition, and we are in favor of having them fixed at once.

-Deputy Master Kepler organized a grange at Neillsburg on Wednesday last, which started off with twentyfive members. Maj. Woodcock is Master of the grange, and it is almost certain to become a power in the land under his leadership. Mr. K. informs us that he contemplates organizing other granges in this county forthwith.

-To judge from the amount of lumber sent out from this place, and the number of rafts that pass here from above, we should judge that the whole the market will be glutted and prices depressed.

-Sucker fishing is on the decline, but there has been some tall pigeon shoots lately. This bird is plentier this spring than ever before since we have been here, and many a pound of powder and shot have been purchased for his particular benefit.
