Republican State Convention.

The Republicans of the State of Pennsylvania are hereby requested to assemble by their delegates in State convention, at noon on Wednesday, the 26th day of May, 1875, in the Fulton Opera House, at the city of Lancaster, for the purpose of nominating candidates for Governor and State Treasurer. Each Representative and Senatorial District will be entitled to the same representation as it has under the present apportionment for Senators and Representatives in the Legislature.

RUSSELL ERRETT, A. WILSON NORRIS, Chairman. Secretary.

Communicated.

Prominent among the Republican candidates for State Treasurer is Foster W. Mitchell, of Franklin, Pa. This office is really due the Western part of this State, considering the distribution of offices at the present time. There are numerous reasons why he should receive the support of the party in this section, the principal one of which is, that he is a good man, and a Republican that cannot be gainsayed; has spent his life in this vicinity, and is well-known to most of our older citizen. He is pre-eminently a self-made man, quiet, unostentatious and able. He would fulfill the duties of the office with honor to himself and constituents. He is nearer to us than any other candidate, having spent his early days in the neighborhood of Pleasantville, and, filling as he does, the Jeffersonian test of "capability

while engaged in "snubbing" a raft, on the river, near Harrisburg, some days ago, passed through this place on his way home, on Monday last, in a criti-cal condition. His skull is cracked and he is otherwise burt.

Since Monday a gentleman named McNeal has been hunting all around Sandy Ridge station for three or four of his fingers. He either attempted to jump upon, or jumped off a moving train, and in so doing fell and threw one of his hands upon the track. The one of his hands upon the track. The result of the car wheels and hand coming in contact can easily be conjectured. One of his ankles was very severely injured and two of his ribs were broken. The gentleman is a member of the firm of McNeal & Akers, of Altoona.

It may be remembered that a few years ago Dr. Irwin's only son was brutally murdered by a band of unfriendly Indians. Those acquainted with the circumstances of that tragical affair wonder that he still continues in the Indian country, and surrounded by Indians. He seems to have a different view of the case, from what would be a general one. Instead of revenge—a natural feeling—he gives his aid in civilizing and Christainizing the untutored red men. His success may be inferred from the foregoing.

a circulation of ever seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall no only endeavor to keep it fully up to the dd standard, but to improve and add to its variety and power.

It is our aim to make the Weekly Sur

a clear, interesting and instructive manuer.

It is our aim to make the Weekly Sun the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrapulous and delicate taste. It will always contain the most interesting staries and remances of the day, carefully selected and legibly printed.

The Agricultural Department is a prominent feature in the Weekly Sun and its articles will always be found flesh and useful to the farmer.

The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, entending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favors from their supporters.

The markets of every kind and the fashions are regularly reported in its columns. The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pages the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payament of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and twenty cents will get the paper, post-pasd, for a year.
