Mr. McIntire had been working at the business about nine months and had never met with an accident previously. We chronicle a great many similar cases in this section, and, as far as we have been able to learn, there has never been a green hand injured at any of our mills; it is only those who from familiarity with danger, become careless, and in an unguarded moment suffer injuries which cause them to go through life maimed, and in some instances almost helpless. A New and Important Book.

This work is the most important which has ever been issued from the pen of this distinguised author, both because it contains the result of his life long labor and study, and because it is written for the great mass of American citizens, giving clear, plain and authoritative information with regard to those rights and duties upon which their success and prosperity de-

The work embraces a popular commentary on the constitution of the United States, section by section, explaining its principles, purposes, and the rights and powers it confers, and also a full and complete conpendium of the laws and rules which pertain to the managment of property and the transaction of all kinds of business. The book is a marvel of completeness, and of its accuracy the name of the author is the best possible guaranty. His language is simple throughout, and the subjects treated are brought within the easy comprehension of those unlearned in the law.

We cannot too highly commend this volume to our readers. It is a book every intelligent man will feel the need of as soon as he has examined it. The amount of blundering and litigation that would be avoided by a general knowledge of its contents cannot well be overestimated. It should be fifteen million feet of sawed lumber in the hands of every man who has any desire to understand his rights, or any care to conduct his business safely and without expensive legal helps. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the na-tive herbs found on the lower ranges of the Sierra Nevada mountains of Califor-nia, the medicinal properties of which are extracted therefrom without the nee of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Novey before in the history of the world has a medicine been compounded pussessing the remarkable qualities of Vixsora Birrings in healing the sick of every disease man is heir to. They are a gentle Purpative as well as a Tenic. relieving Congestion or Inflammation of the Liver and Viscoral Organs in Bilious

In their treatment, a purgative, exerting a pow-erful influence upon these various er-gans, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINBGAR BITTERS. No epidemic can take hold of a system thus forc-armed.
