-That was a sad scene in the Chicago court room, when Mrs. Lincoln was declared insane, and remanded to an asylum for treatment. Her son case, but urged the suit in the tenderest manner possible. There seemed no other course open, in view of the property interests at stake. The evidence renders it quite clear that the poor woman is of unsound mind, -the shock of the assassination of her husband being the one that evidently unbalanced her faculties. The idea of assussination seems ever with her. How sad her, fate! Fifteen years ago, exultant, hopeful, and full of rightful, honest pride, she left her modest home in the most popular man in the country, -the President of the United States. His re-election gave promise of four additional years of honor, and the end of the war gave expectation of peace and domestic enjoyment. Amid the blaze of illuminations in honor of peace, she repaired to the theatre with her husband, only to see him murdered in her very presence. The tragic shout of "Sie semper tyrannus" was a mystery to her. She had known the President, not as one who had tyrannized over, or sought to impair the liberties of his people, but rather as a gentle, loving, paternal ruler, and fond husband. Then came sudden depart ure from the capital, and descent from a giddy elevation, then abuse and criticism, then ill health and travels abroad, then the death of an idolized son, then suffering and finally partial insanity. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the na-tive herbs found on the lower ranges of the Sierra Nevada mountains of Califor-nia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalieled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health.
