LOCAL AND MISCELLANEOUS.

Bills have been sent out by M. W. Tate, Esq., for subscriptions due to the FOREST REPUBLICAN. These bills are not ours, but the company's, of whom we bought this office on January 1st, 1875.

Rev. Lusher will preach in the M. E. Church on next Sunday morning. Union Sabbath School at 10:00 a. m.

T. J. Payne, who is making lumber at Cobham, called upon us this morning looking and apparently feeling well.

A good crossing is needed between Bovard & Co.'s and the post office. If the boro fathers don't build one it should be done by private enterprise.

Mrs. Dimond a former resident of this place is in town visiting her daughter, Mrs. C. M. Heath. We believe this place was her home for many years.

The Methodist Camp Meeting at Fair Point, Chautauqua Lake commences on the 16th inst.—Rev. Lusher, and probably several of his flock will attend.

On Saturday last strawberries were selling in Meadville at 35c. per quart. We indulged ourself in a half-pint of them, and have not yet regretted our extravagance.

The wall in front of the M. E. Church does not progress for some reason or other. We presume Overlander is only getting a good ready, when the stone will pile right up.

The Fourth of July comes on Sunday this year, consequently the banks throughout the country will be closed on Monday, which, under the circumstances becomes a legal holiday.

Mrs. C. M. Heath, in the Acomb Building has a complete assortment of sewing machine needles constantly on hand, which she sells at the usual rates. This something our ladies will appreciate.

N. B. Hood, of Lone Rock, Wis., has our thanks for late files of Western papers, by one of which we notice that our old friend S. B. Hood, has returned to his home in good health and spirits.

The editor of the Press does not believe in the "heated journal" theory, as the cause of the burning of the Superior Mills. Well, it's a mere matter of belief with him, as he knew absolutely nothing about it on that evening, and his knowledge of the subject, like ours, is from hearsay.

Is there no good square Republican in this county who wants to represent the district composed of Clarion, Forest, Elk and Cameron in the State Senate? There's a fine opening for some aspiring gentleman in this case, and a good square democratic majority to overcome to make the election.

County Surveyor Irwin, under instructions from the Burgess and Town Council, has been putting iron stakes in the middle of the streets at intervals from the P. O. to the borough limits on Dutch Hill, and also to those up the creek.

In our last issue, in speaking of the District Conference which was then in session at this place, we called it the Clarion District Conference. Instead of Clarion read Franklin, and it will be right.

The Watson & Emery Extract Company, of which H. H. May of this place is a large stockholder, and whose works are situated at Pleasant Valley, are steadily at work when bark can be procured, but have to shut down occasionally on account of the difficulty in obtaining bark sufficient to keep the manufactory running.

Andy Weller's boys brought down a nice lot of trout yesterday, which, we understand were sold at 50 cents per pound. That looks like a good figure for fish, but if any one can catch them for less, we'd like to see them at it.

John Hullings speared a spoon fish on Wednesday evening last which weighed seventeen pounds. We saw the head of the fish at Bovards, and it looks as large as a small calf's head.

The little girls of our place enjoy themselves very frequently now having picnics in the woods. The spring time of life as well as the spring of the year, is most favorable for these pleasures.

In addition to those before mentioned as Democratic candidates for nomination, there are announced in last week's Press Jno. Peterson of Harmony, and S. H. Haslet and Jas. Swales of Tionesta Boro, as candidates for Sheriff. Mr. Haslet, however, says that he is not on the track, and that the announcement was made without his knowledge or consent.

Having sold my store in Tionesta to Messrs. R. L. Freeman and Jas. M. Corbet, it will hereafter be conducted by them, and in retiring from this branch of my business, I would solicit for my successors a continuance of the public patronage heretofore accorded to the store, when conducted by me.

In connection with the above, would respectfully announce that they have made arrangements for a full line of new goods in all departments, and they hope by a due attention to business, and by fair dealing with all, to merit the favor of the purchasing public.

Some of our citizens were out appearing last evening, but had poor success on account of the water being somewhat muddy, and because the moon made almost as bright a light as their pitch pine.

The Titusville races commenced yesterday and will close to-morrow. Several fast horses were entered for the purses, and a large attendance will undoubtedly be had.

Alex. Bonner, wife and sister are in town at present enjoying themselves in a very rational manner. Alex. himself caught a very nice salmon on Saturday last, and has since been worrying the trout in the streams about here.

We are not really suffering for their society, but could any one inform us why it is that our town has not been visited by the organ grinders this year? We haven't a very sublime confidence in their financial success here, but they generally get a few nickels from the boys.

Col. Thomas' brick yard has not been operated as yet this season, owing, we suppose, to the fact that there is not much home demand for brick. We believe the Col. disposed of nearly all his brick last year to foreign parties, a good many having gone to Pleasantville, if we mistake not.

Lieut. Gen. Sheridan was married on the 3d inst., to Miss Irene Rucker, of Chicago. The wedding was very plainly conducted, only friends and comrades belonging to the army being present.

G. W. Dithridge is at work building a new mill on the site of the one which was burned last week. The mill will not be as extensive as the one burned, for the reason that some work that used to be done here, will hereafter be done at his Pittsburgh manufactory.

The coal miners, notwithstanding reports to the contrary, are still on the war-path, and are making it warm for those industrious ones who would rather work than beg.

A young man named Oscar B. Simmons committed suicide by shooting on Thursday evening last, in Glade township, Warren county. The coroner's jury returned a verdict in accordance with the facts, and further found that the act was done while the young man was suffering from brain fever, or some other disease of the brain.

The July number of Ballou's Magazine opens with an interesting and an exhaustive illustrated article on pigeons, alluding to all the wellknown varieties. It was written by a person who thoroughly understands the subject in all its various forms.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.

The properties of Dr. Walker's Vinegar Bitters are Alient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Serofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whether you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
