—The Greenville Advance, published by the Collector, says the collections of Internal Revenue of this Twentieth District, for the month of April were \$10,034.42, and for May \$13,238.25. The collections for the present month are estimated at \$14,000. The collections for April and May, 1874, were \$21,965.76, against \$23,272.67 for the same months this year.

—The Missouri Constitutional Convention has determined to submit to the people of that State the question of female suffrage, in the form of a separate amendment. It will thus stand by itself, stripped of all side issues, and must be voted for or against on its merits. We are curious as to the result. The agitation is dying out in other quarters, but should it carry in Missouri, will be revived again in all parts of the country.

—Venango and Mercer counties held their Republican primary meetings last week. Venango nominated the following: For Prothonotary, Isaac Reinman; for County Treasurer, J. F. Mackey; for Register and Recorder, J. P. Barr; for County Commissioner, W. L. Armstrong and W. W. Shortz; for County Auditors, H. Culew and Edward Duffee.

—Mercer nominated the following: Senate, F. H. Braggins; Sheriff, A. N. Pew; Prothonotary, H. N. Warren; Recorder, J. Morrison; Treasurer, S. B. Alexander; Clerk of Courts, J. L. Reznor; District Attorney, A. B. Thompson; Commissioners, T. Leech and A. Struble; Auditors, J. A. Bond and A. S. Yorja; Poor Director, Jas. Conners.

—Col. W. W. H. Davis, editor of the Doylestown Democrat, who will be a candidate for Governor before the next Democratic State Convention, is a consistent Democrat. He says: "Our tariff system is wrong from beginning to end. Protection is a delusion and a snare to the feet of the manufacturer. . . . While absolute free trade is impossible, we hope to see the day come when the duties on foreign imports will be reduced to the lowest possible figure consistent with revenue, and protection as a policy and practice given up forever."

—The Albany Times says: "The next Democratic President will not be a galvanized political harlot, from any set of detected rings of any locality of date, but a man who will raise his party out of the control of adventurers and give dignity to the Government." Whereupon its Troy namesake observes: "This is postponing the day of Democratic triumph to a pretty late period. At any rate it cuts off the chances of every Democratic politician now living who has been named in connection with the Presidency."

—A meeting mainly composed of clergymen was last week held in Pittsburgh, whose object it was to denounce secret societies of all kinds, and to effect an organization to resist, and if possible break up these societies. They took the ground that secret societies were antagonistic to religion. On Sunday evening last, Rev. R. W. Pearson of the Fourth Avenue Baptist church of Pittsburgh preached on "Secret Societies." He had an immense audience, every seat in the church being occupied, the aisles filled, the entrances crowded, and hundreds unable to obtain admission were obliged to leave. He took for his text the 21st verse of the 22d chapter of Matthew, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's," and preached a very interesting sermon. He said that secret societies were the result of the failure of the Church of Christ to perform its whole duty; they take up and perform the neglected functions of the Church, and he argued from that they cannot be wholly wrong. He said that half the Baptist ministers in Pittsburgh belong to secret organizations.

—The idiosyncrasies of school directors, as well as the disuniformity that results from the present system of fixing salaries for the school superintendents, are shown by the list of county superintendents recently elected, and the salaries respectively voted them. McKean county, for instance, with only 88 schools, pays its superintendent \$2,000 per annum; whilst Dauphin, with 204 1/2 schools, pays only \$800. Elk county, with 54 schools, pays \$1,000; whilst Northumberland, with 225 schools, pays only \$800. Forest county pays the smallest salary, \$500, but has 39 schools only. Schuylkill pays the highest salary, \$2,250, and has 420 schools. Lancaster has the largest number of schools, 532 1/2. Cameron the smallest number, 32. York county, with 357 schools, pays its superintendent only \$1,200; whilst York borough, with 33 schools, pays its superintendent \$1,800! Tioga is the only county that elected a lady superintendent, namely, Miss Sarah J. Lewis. There are 277 1/2 schools in the county, and the salary was fixed at \$1,750—a right snug berth for a lady.—Ex.

CLOTHING! Best Cloths! Best Make! Best Fits! The question in these hard times is not only "What shall we do for grub to eat?" but "WHEREWITHAL SHALL WE BE CLOTHED?"

It is a notorious fact that in most towns and cities round about us, clothing made to order is not sold in accordance to the depreciation of other necessities of life. There is, however, an honorable exception to this rule in the person of N. WISE, Merchant Tailor, TIDOUITE, PA., Who makes clothing of the very best kind, fits guaranteed, from

25 to 30 Per Cent. Below the prices of other dealers in this part of the country.

WHY IS THIS THUS? Because 1st, Mr. Wise pays no large figures for rent, as he owns the building he occupies. 2d, he doesn't pay a cutter \$2500 to \$3000 a year, but does his own cutting, and is not excelled in this line in Western Pennsylvania. 3d, he buys cloths for cash, thus getting a reduction on ordinary rates. 4th he sells for cash, and thus has no bad debts to make up. The fare is 50c. from this place to Tidouite, and at the present time, you can go up in the morning and back at 3:30, having three hours in Tidouite to select your goods and leave your orders. Give him a trial, and you will not only save money, but will get perfect fits, and any style or quality of cloth you want. Remember the name and place, 7 1/2 N. WISE, Tidouite, Pa.

THE SUN. WEEKLY AND DAILY FOR 1875. The approach of the Presidential election gives unusual importance to the events and developments of 1875. We shall endeavor to describe them fully, faithfully, and fearlessly.

THE WEEKLY SUN has now attained a circulation of over seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety and power.

It is our aim to make the Weekly Sun the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous and delicate taste. It will always contain the most interesting stories and romances of the day, carefully selected and legibly printed.

The Agricultural Department is a prominent feature in the Weekly Sun, and its articles will always be found fresh and useful to the farmer. The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It is not afraid of any man, and seeks no favors from their supporters.

The markets of every kind and the fashions are regularly reported in its columns. The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not free to make any discount, or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of pre-paid postage added, is the rate of subscription. It is not necessary to give up a club in order to have the Weekly Sun at the rate. Anyone who sends one dollar and twenty cents will get the paper, post-paid, for a year.
