LOCAL AND MISCELLANEOUS.

Bills have been sent out by M.
W. Tate, Esq., for subscriptions due
to the FOREST REPUBLICAN. These
bills are not ours, but the company's,

Rev. Elliot will preach in the
Presbyterian church on Sunday next,
morning and evening. Sabbath School
at 3 o'clock p. m.

It costs ten cents now to issue any
postal order under fifteen dollars. A
new order from the P. O. D.

M. Ittel Jr. has vacated the Tionesta
House, and is now living in Wolcott's
house, which was recently vacated
by Adams.

L. Spears has stepped down and
out of the Photograph Gallery, and is
now doing the blacksmithing for Dithridge's
new mill.

Fred. Hyreu is building up his
New Jerusalem about Meadville, we
judge, from the fact that he was announced
to preach at Wealde's Park
last Sunday.

A big earthquake took place in
New Granada on the 10th inst. The
destruction was greatest in the Valley
of Cucuta, on the Venezuelan frontier.
It is reported that 16,000 lives were
destroyed by the calamity.

M. Carpenter has frescoed the roof
of his gallery, white being the pre-
dominant color. His gallery is now
in good condition, and those wishing
pictures should go now, as he expects
to take a trip into the country soon.

Our readers will please notice the
new advertisement of Messrs. Freeman
& Corbet, in this issue. Both
are enterprising and reliable young
men, and will reap a good share of
public patronage, as they certainly deserve.

The races at Titusville last week
were well attended, and according to
the papers over there were very interesting.
There's no doubt but more
money changed hands on the result of
the races than from the oil business
of that place for the same time.

On Sunday night there was a
heavy frost on the hills around us, and
we are informed that considerable
injury was done to corn, and the rye
suffered somewhat. We have heard
of one place where ice formed an inch
thick on the head of a barrel. Hard
luck.

S. J. Wolcott, of De Wittville,
N. Y., near Chautauqua Lake, was in
town last week on a visit partly of
business and partly pleasure. The atmosphere
up there appears to agree
with him, as he is looking extremely
well. He reports his family in good
health.

Some of our shootists are trying
their hand on shooting bass, which, at
this season of the year seek the shallow
water along the shores of the river.
We guess they are not violating the
game law much however, because
we don't know of a single one of them
who has killed a fish.

Mr. L. R. Freeman, Superintendent
of the Superior Mills, informs us that
work on the new mill is being
pushed forward as rapidly as possible;
that the frame will be ready to raise
the latter part of this week, and that
the mill will be running by the middle
of July. The dimensions of the new
mill will be 32x60 feet, and will saw
lumber only. Mr. F. has just returned
from Erie, where he has purchased
new machinery, which he represents
as being far superior to any that was
in the old mill. A 50-inch saw is to
be put in, with a small saw rigged
almost directly over it, so as to cut
through large logs with the upper saw
that which escapes the lower one. Several
men are at work steadily, and we
will soon have the Superior Mills in
full blast again, thanks to the enterprise
and pluck of Mr. Dithridge.

George Farrington and Ash Hubbard
returned last evening from McKean
county, whither they had gone
four days since to angle for the
speckled beauties in the sinuous waters
of the Kinzua. They brought
home forty-five pounds of clean trout,
and they had all they wanted to eat
besides. Good fishermen.—Titusville
Herald.

Good fishermen! We should say so.
If they told you they caught that
amount of trout in that time, they
told a bare-faced—fish story. If you
made that story up yourself, you
deserve to be scaled, cleaned and fried
on a gridiron.

We are under obligations to Capt.
Jones and Chas. Fox, Esq., for a complimentary
passage ticket on the "Nettie
Fox," a new steamer just put on
Chautauqua Lake for the accommodation
of the public. The "Nettie Fox"
is a stern-wheel steamer, the largest
and best on the lake; can accommodate
one thousand passengers without
crowding; has three decks, four state
rooms, and two private parlors; is
well manned, and will be run by careful,
sober and skillful officers. We
would recommend this boat to all our
readers who contemplate visiting this
popular resort during the summer.

We are requested to state that
there will be a social party, at the
Lawrence House on Friday evening,
July 2d. No special invitations will
be sent out and all who wish are
invited to attend without further notice.
McCray's band, of Tidouite, will be
present, and that's all that is necessary
to say about the music. No pains
will be spared to make this the most
pleasant party of the season. Remember,
no special invitations will be sent out.

We find the following in the Clarion
Democrat of last week:
COAT FOUND—On the 24th of May,
1875, between Reidsburg and Curlyville,
an overcoat, in the pockets of
which were a pipe, tobacco, etc. The
owner can have the same by calling
at my office, proving property and
paying for this notice.

JOHN ANDERSON, Reidsburg, Pa.
If the owner of that coat don't soon
get around the etc. will all be guzzled,
and the tobacco smoked, unless perchance
John Anderson is a crusader.

Our candidates are discussing the
question of abandoning the salt river
trip if they happen to get tripped up
in their political aspirations, and have
been casting about for some other
haven of rest and recuperation. Some
of them have finally decided that if
the fate, i. e. the people, are against
them, they will take the first train for
Chautauqua Lake, there to rest their
troubled souls and sooth their wounded
feelings. Chautauqua Lake is the
place to go.

The Dominion line steamer Vicksburg,
running between Montreal and
Liverpool, was struck by the ice on
June 1st, and sank. Five seamen
from the wrecked ship were picked up
by the steamer "State of Georgia."
The captain and over forty passengers
four of whom were females, perished
when the ship went down. These
marine disasters seem to be multiplying.

Mr. Dithridge had probably as
much sympathy from any other
spectator as from the editor of the Press.
—Republican.

What called forth that remark?—
Press.

The conversation and conduct of the
editor of the Press on the night of the
fire. Shall we be more explicit?
—W. R. Johns, lately of the Em-
lentou Messenger, has accepted the
editorial management of the Clarion
Republican. Mr. Johns is old in the
business, and will undoubtedly make
the Republican a power in the land.
He and the paper have our best
wishes.

Third Class Mail Matter.

By act of Congress, March 3, 1875,
the postage on pamphlets, books, occasional
publications, transient newspapers,
magazines and periodicals, hand bills,
posters, sheet music, unsealed circulars,
prospectuses, book manuscripts and
proof sheets, printed cards, maps, lithographs,
prints, chromo lithographs and engravings,
seeds, cuttings, bulbs, roots, and scions,
flexible patterns, samples of ores, metals
minerals and merchandise, sample
cards, phonographic paper, letter
envelopes, postal envelopes and wrappers,
unprinted cards, plain and ornamental
paper, photographs, and all other
articles for which other rates of postage
are not prescribed, and which are not
by law excluded from the mails—one
cent for each one ounce or fraction
thereof—weight of packages limited
to four pounds.

NOTE—Packages of mailable matter
of this class must be prepaid by
stamps, and must not exceed the
weight prescribed by law (which is
four pounds.) Packages exceeding
the prescribed weight are unavailable,
and those deposited in the postoffice
without being fully prepaid, cannot be
forwarded.

Book Lost.

If any one in town has a book that
don't belong to them called "The Tower
of London," they will confer a favor
by leaving the same at this office.

Rev. J. A. Hame, formerly of
Hickory, now of Leech's Corners,
Mercer Co., called upon us last week.
He has been almost three years on the
same circuit, which looks well for his
popularity. He was Orator of the
Day at Greenville on Decoration Day,
and his oration is highly spoken of.

A delegation from Barnett township
passed through this place on
Monday morning, on their way to
Franklin to attend a suit brought by
the Clarion River Navigation Co.
against some of the lumbermen of
that township. They will be through
here again the last of the week.

The iron safe of the Cumberland
sunk in Hampton Roads by the rebel
ram Virginia in 1862, was recovered
last week. It is supposed to contain
\$100,000 in gold and belongs to Capt.
Brown and O. E. Malthy of Norfolk
and Herbert Smith of Detroit. Divers
have been working at it for ten years.
It was in 78 feet of water.

The Democrats of Clarion county
will hold their primary elections on
Saturday, June 19, and the county
convention will meet on Monday, 21st.
The announcements so far are one
candidate for State Senate, thirteen for
Treasurer, seven for Register and
Recorder, three for District Attorney,
five for Prothonotary, twelve for
Commissioner, and seven for Auditor.

Happening at Meadville a short
time since we were struck with the
substantial improvements which were
being made, notably the large brick
building on the corner of Water and
Chestnut streets opposite the Opera
House block and the new water works.
Meadville doesn't move exceedingly
fast, but it moves terribly sure.

Potato bugs are being slaughtered
by ruthless agriculturists, by thousands,
and now the cut-worm is playing
guiltotine with the young cabbage
plants, and as the wretched little
chaps work entirely at night they are
a hard reptile to circumvent. If any
of our readers know of a good dose to
clean them out, we would be glad to
publish it for the good of the public.

The June number of The Republic
Magazine, published at Wash-
ington, D. C., at \$2.00 per year, is one
of the best yet published. The spicy
article on "Society in the South," the
ones on "Romish Designs in America,"
"Tammany," "Building Associations,"
"Elements of Wealth in the South,"
"The Civil Service Experiment," and
"Joshua R. Giddings," make the June
number alone worth a year's subscrip-
tion. Send for a specimen number, or
better still, subscribe for the magazine.
The Fourth Volume closes with the
June number.

Mr. Everts told us all about what
a degraded piece of humanity Tilton
was, and how Mr. Beach is busy in-
forming the world in general and the
jurors in particular, how much lower
than the beasts that perish Beecher is.
Both succeeded in making the public
endorse their views, and nobody is the
better for their efforts.

The Jury in the case of Moore
vs. Jas. P. Barr, editor of the Pitts-
burgh Post, for libel, brought in a ver-
dict of \$10,000 in favor of the plain-
tiff. The defendant's lawyers at once
moved for a new trial, filing reasons
therefor. Numerous exceptions were
taken to the rulings of the court in
the case. It wouldn't take more than
five or six such verdicts to close our
establishment.

LOST.

On Saturday or Sunday last, one-
half of a chased gold locket, oval,
about one inch long by one-half inch
wide. The owner was up the Stewart's
Run Road as far as McClintock's on
Saturday. Any one finding it will be
suitably rewarded by leaving it with
Dr. Winans. 11tf

The July number of Peterson's
Magazine is already on our table, and
is one of those rare triumphs which
have won for this "queen of the ladies'
books" its vast circulation, larger, we
believe, than that of any other in the
world. The principal steel plate, "A
Modern Water-Nymph," illustrates a
sparkling little sketch, in which a con-
cocted town exquisite comes to deserv-
ed grief at the hands of a pretty
country belle. The double-sized col-
ored steel fashion-plate is a wonder of
beauty; the styles are the latest; and
it is not only a fashion plate, it is a
picture. As to the literary contents,
they are, as always, first class. It is
also the cheapest of all the really good
magazines. The price is but two dol-
lars a year, postage prepaid by the
publisher. To clubs, the rates are
lower yet, postage also pre-paid by
the publisher; and a choice of splen-
did premiums is given to persons get-
ting up clubs, one of them being an
extra copy of the Magazine. Specimens
are also sent, gratis, to persons
wishing to get up clubs. Address,

Dr. J. Walker's California Vin-
egar Bitters are a purely Vegetable
preparation, made chiefly from the
native herbs found on the lower ranges of
the Sierra Nevada mountains of Califor-
nia, the medicinal properties of which
are extracted therefrom without the use
of Alcohol. The question is almost
daily asked, "What is the cause of the
unparalleled success of VINEGAR BIT-
TERS?" Our answer is, that they remove
the cause of disease, and the patient re-
covers his health. They are the great
blood purifier and a life-giving principle,
a perfect Renovator and Invigorator
of the system. Never before in the
history of the world has a medicine been
compounded possessing the remarkable
qualities of VINEGAR BITTERS in healing the
sick of every disease man is heir to. They
are a gentle Purgative as well as Tonic,
relieving Congestion or Inflammation of
the Liver and Visceral Organs in Bilious
Diseases.

The properties of DR. WALKER'S
VINEGAR BITTERS are Aperient, Diaphoretic,
Carmine, Nutritious, Laxative, Diuretic,
Sedative, Counter-Irritant Sudorific, Altera-
tive, and Anti-Bilious.

Grateful Thousands proclaim VINE-
GAR BITTERS the most wonderful In-
vigorant that ever sustained the sinking
system.

No Person can take these Bitters
according to directions, and remain long
unwell, provided their bones are not de-
stroyed by mineral poison or other
means, and vital organs wasted beyond
repair.

Bilious, Remittent and Inter-
mittent Fevers, which are so preva-
lent in the valleys of our great rivers
throughout the United States, especially
those of the Mississippi, Ohio, Missouri,
Illinois, Tennessee, Cumberland, Arkan-
sas, Red, Colorado, Brazos, Rio Grande,
Pearl, Alabama, Mobile, Savannah, Ro-
anoke, James, and many others, with
their vast tributaries, throughout our
entire country during the Summer and
Autumn, and remarkably so during sea-
sons of unusual heat and dryness, are
invariably accompanied by extensive de-
rangements of the stomach and liver,
and other abdominal viscera. In their
treatment, a purgative, exerting a pow-
erful influence upon these various or-
gans, is essentially necessary. There is
no so efficacious for the purpose equal to
DR. J. WALKER'S VINEGAR BITTERS,
as they will speedily remove the dark,
colored viscid matter with which the
bowels are loaded, at the same time
stimulating the secretions of the liver,
and generally restoring the healthy
functions of the digestive organs.

Fortify the body against disease
by purifying all its fluids with VINEGAR
BITTERS. No epidemic can take hold
of a system thus fore-armed.

Dyspepsia or Indigestion, Head-
ache, Pain in the Shoulders, Coughs,
Tightness of the Chest, Dizziness, Sour
Eruptions of the Stomach, Bad Taste
in the Mouth, Bilious Attacks, Palpita-
tion of the Heart, Inflammation of the
Lungs, Pain in the region of the Kid-
neys, and a hundred other painful sym-
ptoms, are the offspring of Dyspepsia.
One bottle will prove a better guarantee
of its merits than a lengthy advertise-
ment.

Serofula, or King's Evil, White
Swollings, Ulcers, Erysipelas, Swelled Neck,
Goitre, Scrofulous Inflammations, Impure
Inflammations, Mercurial Affections, Old
Sores, Eruptions of the Skin, Sore Eyes, &c.
In these, as in all other constitutional dis-
eases, WALKER'S VINEGAR BITTERS have
shown their great curative powers in the
most obstinate and intractable cases.

For Inflammatory and Chronic
Rheumatism, Gout, Bilious, Remittent
and Intermittent Fevers, Discharge of
the Blood, Liver, Kidneys, and Bladder,
these Bitters have no equal. Such Diseases
are caused by Vitiated Blood.

Mechanical Diseases.—Persons en-
gaged in Paints and Minerals, such as
Plumbers, Type-setters, Gold-beaters, and
Miners, as they advance in life, are subject
to paralysis of the Brachial Plexus. To guard
against this, take a dose of WALKER'S
VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tet-
ter, Salt-Rheum, Blotches, Spots, Pimples,
Pustules, Boils, Carbuncles, Ring-worms,
Scald-head, Sore Eyes, Erysipelas, Itch,
Scorfs, Discolorations of the Skin, Humors
and Diseases of the Skin of whatever name
or nature, are literally dug up and carried
out of the system in a short time by the
use of these Bitters.

Pin, Tape, and other Worms,
lurking in the system of so many thousands,
are effectually destroyed and removed. No
system of medicine, no vermifuges, no an-
thelmintics will free the system from worms
like these Bitters.

For Female Complaints, in young
or old, married or single, at the dawn of
womanhood, or the turn of life, these Tonic
Bitters display so decided an influence that
improvement is soon perceptible.

Cleanse the Vitiated Blood when-
ever you find its impurities bursting through
the skin in Pimples, Eruptions, or Sores;
cleanse it when you find it obstructed and
sluggish in the veins; cleanse it when it is
foul; your feelings will tell you when. Keep
the blood pure, and the health of the system
will follow.
