A new barber has put in an appearance, and cuts and sears at the Lawrence House. He is said to be a good operator, and should be properly encouraged.

N. Wise, Tidioute, Merchant Tailor, keeps a fine assortment of goods on hands, makes perfect fits, at prices lower than any other establishment in this vicinity. Give him a call.

The Forest House is looming up grandly, and will soon be finished up in good shape. Mr. Varner is devoting his energies to the building, and it is bound to flourish.

3d OF JULY!

Grand Celebration and Picnic!

Turn Out! Turn Out!

Glory and Gunpowder!

MIRTH AND MUSIC!

FIRE-CRACKERS & LEMONADE!

On Thursday evening last, at a meeting of our Citizens, held at the Court House, J. T. Dale presiding, it was resolved that we celebrate on the 3d of July by a basket picnic; that appropriate martial music be furnished; that there be a fantastic parade, speeches &c.; that the Sabbath Schools of Tionesta and the surrounding country, and every one else be invited to attend; that all be invited to bring baskets of eatables; and that facilities for dancing, such as platform, music &c., be arranged in such a manner as not to interfere with those wishing to celebrate otherwise.

A finance committee, consisting of some of our principal merchants and county officers, was appointed.

On Tuesday morning the committee met in Presbyterian church. A sub-committee was appointed to select ground; committee to report on Wednesday evening.

The ladies of the committee were appointed to report on the manner of serving refreshments, and to decide on the kind of refreshments wanted. This committee reported for table cloths spread on the grass, and that no drinks stronger than lemonade be used.

The committee decided that the ground should be selected with a view to the erection of a platform for dancing, and for croquet; a place for which was ordered prepared.

On motion a committee of twenty-five ladies was appointed, to notify the citizens and solicit contributions for the picnic. The following ladies were named on this committee:

- Mrs. Mabie, J. G. Dale, Thomas, Irwin, J. D. W. Reek, J. B. Agnew, Partridge, Kepler, Roberts, Robinson, E. L. Davis, J. S. Hood, Haslet, Sloan, Van Gieson, Conover, May, Cobb, Kelly, S. S. Hullings, Miss Clara Hunter, Florence Knox, Alice Proper, Clara Heath, Laura Winans.

On motion adjourned to meet at the court house at 7 1/2 o'clock this Wednesday evening.

The celebration is to be held in the grove near court house. The procession is to form at the court house at 9 o'clock on Saturday, and march to the grounds preceded by the band. A good time is anticipated. Come everybody and attend our celebration.

There will be a grand parade of Rescue Engine and Hose Company, at Tidioute, on Monday, July 5th, at 10 o'clock A. M., at the conclusion of which the procession will march to Maguire Island, where a large dancing platform has been erected, and where a holiday picnic will be held. Among other attractions will be gymnastic performances by the Ryan Bros., Double Clog Dance by the Gordon Bros., and wheelbarrow, sack and tub races. Rescue Hose Brass band and McCrea's String band will furnish the music.

A thirteen-foot alley is to be opened on the north side of the Rural House, to allow teams to pass to and from the stables without the customary backing and twisting and turning around. A good idea.

J. S. Hood has purchased of S. H. Haslet his farm, located about three miles from town on the Tylersburg road. The consideration, we understand, was \$900.

Judge Proper and family returned from down the river last week, all healthy. The Judge is looking somewhat tanned, but says the climate agrees with him first rate.

Gold in paying quantities has been found on French Creek in the Black Hills, and upward of 100 miners are at work there. Now is the time for the excitement to revive.

The News, Tidioute, comes to us this week with a new heading, which vastly improves its appearance. The paper under Mr. White's management is looking and doing well.

Strawberries in limited quantities have made their appearance in this market, at very reasonable prices. Fones, at the American Drug Store keeps them when they can be had.

G. W. Robinson has erected a carriage house in which to keep his new Fisher Road Wagon. He keeps right on making improvements, notwithstanding the hard times.

The Republican campaign in Ohio is conducted upon a grand but very brief platform: "Universal liberty and universal suffrage, secured and made safe by universal education."

It is just as well to bear in mind, when thinking over the matter of Tweed's release, that five out of the seven judges of the New York Court of Appeals are Democrats. It may help to explain things.

Mr. West, harness maker, has moved his shop to the building north of the Lawrence House, where his customers will find him at all times ready to fill their orders and give perfect satisfaction in workmanship and prices.

Partridge's new building has assumed shape, and is a large and beautiful structure. He will have plenty of room for furniture when his building is completed, and will keep all kinds of furniture and sell the same cheap.

A son of Theo. S. Wilson, Esq., of Clarion, has been appointed cadet to West Point Military School, and passed an examination and was received into the school last week. He is highly spoken of by the Clarion papers.

Mr. A. B. Root, well known as a lumberman, has taken charge of the Red Brush Mills, formerly operated by Childs & Palmer, and is preparing to cut lumber on the tract, belonging to Messrs. Bonner & Cornwell. Mr. Geo. Watson is head sawyer on the mill, we believe.

The Philadelphia Times is authority for the statement that the prospects for peaches at the east were never better. The owners of orchards are troubled to know what to do with the super-abundant crop that is coming forward. This is a gratifying fact, and will serve to relieve the apprehensions of a meagre fruit yield.

John Dobson, of Clarington, claims the palm as the best working farmer of Forest county. During the present season with the assistance of his eleven year old boy he has put in 14 acres of wheat, 9 acres of rye, and 11 acres of corn. His wheat is pronounced the finest of any seen this season.—Clarion Republican.

A new and dangerous counterfeit has been discovered at the National Bank Redemption Agency of five dollar notes of the First National Bank of Canton, Ill. This is evidently changed from the plate on which the counterfeit on the Traders' National Bank of Chicago and the First National Bank of Paxton, Ill., was printed.

The following is the list of candidates nominated at the Democratic Primaries of Clarion County: State Senate, Hon. W. L. Corbet; Prothonotary, A. B. Barr; District Attorney, David Lawson; Register and Recorder, O. E. Nail; Treasurer, Patrick Graham; Commissioners, J. T. Burns, S. D. Sloan; Auditors, James Russell, H. E. Best.

We find the following complimentary notice of H. S. Bates, Jr., in the Meadville Republican:

The proprietor of the Crawford Democrat has secured the services of H. S. Bates to conduct the brain work of his paper. Mr. Bates had been employed on the Republican for several months and had thereby added experience to natural aptness and ability for the business. The Democrat of this week shows great improvement.

Judge Pearson, of Harriburg, has decided that the office of County Commissioner and School Director are incompatible—cannot be held at the same time by the same person, because he has much to do with fixing the tax and raising the funds to support public schools.

Mrs. M. Henry has notified the Boro. Council of her intention to collect damages to the amount of \$200 from the borough because of a broken arm she sustained by falling from a sleigh on River St. She alleges that the road was in an unsafe condition. The Council deferred its decision until its next meeting.

This is the kind of officials they have in Venango county, according to the Spectator:

A First Ward man thought he would dabble a little in fancy poultry—but let him tell his own story: "I bought," said he, "thirteen eggs of Jo Bell and put 'em under a Dominique hen, and that hen fetched out twelve chickens in twenty days, to an hour; but she sat steady all the time, like a county commissioner."

During a trial in Memphis recently, one of the Attorney's called the other a liar, whereupon the one so addressed knocked the other down with the Court Bible. It is all right to bully a witness, and insinuate that he prevaricates, but these legal gentlemen don't seem to want the rule applied to them. This little episode will discourage thousands of law students.

The coal miners have generally resumed work at a reduction of ten per cent. from the prices formerly paid, which, it occurs to us, could have been done just as well without the bloodshed, intimidation and starving that has been the result of the strike. Those who incited the riots should be denied work at any price, and should be furnished their living free by the State. Organized resistance to the laws should be treated at least as severely as individual efforts.

On Wednesday of last week, Mr. Alex. Wilson of this place, received a telegram to the effect that Mrs. Alanson Bacon, his wife's mother, of Ellery, N. Y., lay at the point of death. Himself and wife took the afternoon train, arriving at their destination about 12 hours previous to the death of Mrs. B. Her age was 77 years. She was the last parent of either Mr. or Mrs. W. Mr. Wilson returned on Saturday last, his wife remaining to take care of a sister who is very ill.

Prof. Donaldson and three members of the press made a balloon ascension from Toronto on Wednesday last, and on Thursday were picked up by a vessel five miles off Point Peter, on Lake Ontario. They report having suffered great hardship, being in the water four hours, clinging to the basket of the balloon, which was dragged through the water at a fearful speed. The members of the Press will not be so anxious to accompany the Prof. in his ascensions hereafter.

It seems quite evident that the trouble associated with Indian supplies will continue so long as Indians are to be supplied. In the Indian Territory the supplies are stated by army officers to be poor in quality and defective in quantity. They are sent irregularly, and while the agents do the best they can, the contractors cheat to every possible extent. Unless these outrages can be ended, it were better that the Indians should be supplied by the army, or else learned to care for themselves, and the entire system of feeding them abolished. It is certainly a grand outrage, as things go, that the Government should pay enough to properly feed the Indians, and yet no suitable food reach them.

D. McCargo, Esq., has formally assumed the Superintendency of the Allegheny Valley Railroad, vice Col. J. J. Lawrence, resigned. Mr. McCargo bears the reputation of an earnest, capable business man, is thoroughly posted in railroad matters, and will prove an able administrator.

The general offices of the Oil Creek & Allegheny River Railroad will be transferred from Oil City to Pittsburgh about the eighth prox., and located in apartments now being fitted up in handsome style upon the third and fourth floors in the building of the Allegheny Valley Railroad, corner of Eleventh and Pike streets. To accommodate this transfer the Paymaster of the Allegheny Valley road will occupy part of the Treasurer's office, room No. 9.

Col. J. J. Lawrence, late Superintendent, was much esteemed by the

business community as an obliging and efficient railroad officer. Holding the reins of power with a firm but gentle hand, uniformly kind and just to all, he was endeared to the employes by many generous services. The good wishes of a host of friends, will follow him into whatever department of business life he may enter.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by distressing derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Congestive Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Scrofula, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetters, Salt-Rheum, Blotches, Spots, Pimples, Pasties, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the term of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
