LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m. —J. R. Neill, of Fagundes, is today announced as a candidate for Auditor, subject to Republican usages. —The lumbermen on the creek had a pond flood last week, and a considerable amount of lumber was run out to the mouth. —Mr. W. H. May and family, of Louisville, arrived in town this morning, and will spend a few weeks with their friends here. —Since the new banking law went into effect, about one year ago, the total net increase in National bank circulation is only \$1,978,826. —Bogardus, America's boss pigeon shot, won the recent match against the champion of England, Geo. Rimmel. The former killed 36 birds out of 50, and the latter 30. —D. S. Knox has built a new fence in front of his premises, and sawed down some dead trees, altogether making his property look from 25 to 50 per cent. better. —Mrs. Algernon Sartoris, daughter of President Grant, gave birth to a fine boy, weighing ten and one-half pounds, at Long Branch, on Sunday morning. —Attention is called to the new advertisement of L. Klein, Watchmaker and Jeweler which appears in this issue. Mr. K. comes well recommended, and warrants his work. —The trustees of the Presbyterian Church contemplate putting a new roof on that building forthwith. It will require a little cash from our citizens to make the work a success. —Mr. G. T. Latimer is announced in last week's Press as a candidate for Sheriff, subject to Democratic usages. Also Henry Zandell for Auditor and Ernst Behre for Jury Commissioner. —Solten Whitman desires us to say that he has some good seed wheat for sale, at moderate prices. He lives about a mile from Oldtown on the south side of the Creek. —Gen. Frank P. Blair, Jr., died at his residence in St. Louis, on Thursday evening, the 9th inst., after a protracted illness. He was a brave soldier and a good officer, and as such is sincerely mourned. —Mr. John C. New, successor to Gen. Spinner as Treasurer of the United States, has fully entered upon his duties. If he comes out with as fair a record as his predecessor he will be one of the most honored of men. —On the evening of the 8th inst., two men boarded the locomotive of the night express train on the Vandalia Railroad, at Long Point, a watering station three miles west of Casey Illinois, killed the engineer, and were only prevented from robbing the express car by the bravery of the messenger. They were soon frightened off. Several persons are under arrest on suspicion of being concerned in the plot.

—Prof. H. S. Brockway has received his commission as Co. Supt. of Forest county. He states that some time ago Mr. D. Harrington published a slanderous article against him, in the Forest Press, and he desires us to print the following letter from the same source, which is a complete refutation of that published in the Press: ROSS RUN, October 17, 1873. MR. H. S. BROCKWAY, Dear Friend: —We are going to have three months of school this winter, and would like to have you teach it for us, as you gave good satisfaction before, and all are willing to have you teach. We will pay you thirty-five dollars per month. Write immediately, and let me know if you will come. Yours truly, D. HARRINGTON.

—The 3d of July was celebrated here as per announcement. The crowd was reasonably large, and the exercises interesting. The Hickory Martial Band furnished music for the occasion. The festivities were very laughable. A. B. Kelly, Esq., read the Declaration of Independence at the grounds. Rev. Elliot made the principal speech, which was well received. A good deal of bug juice was destroyed during the day, but we only heard of one fight, the participants in which were promptly lodged in jail. On Dutch Hill the usual celebration occurred, also a knock-down or two.

—The jury in the Beecher-Tilton trial failed to agree, and were discharged. They stood nine to three in favor of acquittal. About the close of the trial two persons named Leader and Price were brought forward, with affidavits to the effect that they had seen enough to condemn Beecher. It is now discovered that these wretches swore to deliberate lies, and it is asserted that Moulton put up the job. If this is proved to be the case, Beecher will be universally considered innocent of the charges preferred against him.

—We had the pleasure of reading a letter from Wm. Dimond, formerly of this place to our Deputy Postmaster. Mr. D. and family are well. The crops are first class, and the harvest will be abundant. The grasshoppers are about played out. The Blue Hills a short distance from Mr. D.'s residence, are said to contain gold in paying quantities. He intends to investigate, and will doubtless give our readers the result of his investigations. Let us hear from you on the subject, William.

—Mr. Paul Blute, of Lacystown, has just returned from Cincinnati, where he has been disposing of some lumber, square timber, &c., for Mr. Bond. He reports the market very dull, and further, that lumber can be brought into Cincinnati from the Lake Shore, at lower figures than Allegheny lumber can be sold at to save the manufacturers. We don't anticipate a very lively lumber business in this region the coming winter.

—Mr. Hamilton Stow and wife for several years residents of this place, but more recently of Cincinnati, have paid our town a visit of nearly two weeks' duration. During our residence of nearly eight years in this place we have never heard Mr. Stow spoken of except in terms of commendation. He and his good lady will be cordially welcomed whenever they can make it convenient to visit our town.

—At a meeting of the congregation of the Presbyterian church on Wednesday evening last, Rev. W. Elliot was recalled for the ensuing year. The call was unanimous, and will undoubtedly be accepted. At the same meeting Col. P. D. Thomas, A. B. Kelly, Esq., and Mr. G. W. Robinson were unanimously re-elected trustees for the ensuing year.

—We want another candidate for Auditor, and we want a good man. This, to the taxpayers, is one of the most important county offices within the gift of the people. There is not a fortune in it, but we should look to the country's good, not to the salary. Mr. Neill will undoubtedly be elected, and will make a good Auditor.

—Russell Errett has been selected as the Chairman of the Allegheny Republican County Committee, which has just been appointed. This is an excellent selection, as he is thoroughly capable of organizing the party, and making a vigorous contest.

—Grain cradles, grass scythes and snaths, hand rakes, forks &c., at Robinson & Bonner's. 11tf.

—The Derrick of yesterday says that the smoky clouds which were generally observed on Sunday probably come from Forest Fires in the West, as no fire which could cause them occurred in this vicinity.

—Gen. Cortina, the Mexican border raider, has been arrested by the Mexican cavalry, and is now in prison at Matamoras. He has many devoted followers, who will undoubtedly try to release him, and serious trouble is anticipated.

—R. C. & M. V. Lawson, Barbers and Hair Dressers, have taken up their abode in the Smearbaugh Building, and solicit the patronage of the public. Switches, Frizzes, Curls, Braids, &c., made from combings. Give them a call.

—The American Rifle Team scooped the Irish Team at their match at Dollywood. This is their second defeat, and it is altogether likely that any other team across the pond will come out the same way if they shoot with our Team.

—Fifty-seven people were killed, or wounded badly, in New York on the Nation's holiday, by the use of gunpowder or fireworks. Brooklyn reported 31 such accidents. A railroad accident on Long Island 7 were killed and 25 injured. New York also reported 34 fires caused by fireworks.

—At Cincinnati, recently, judgment was given plaintiff in a suit to recover on a promissory note, issued after the defendant had left the firm. No notice of dissolution having been published—although it had actually taken place prior to the transaction—the Court held defendant still liable for the debts of the old firm. Better advertise; it pays.

—The Centennial of the surrender of Cornwallis, at Yorktown, will occur the 19th of October, 1881, and close the series of Centennial celebrations. Mr. Bancroft revives the memory of a long neglected pledge of Congress, to erect a monument in commemoration of this event. It is now quite probable that the necessary funds will be raised during the Centennial year, and the monument be erected in time.

—A Louisville telegram says Willie Russell who has been a prominent witness against the Owen county Ku Klux, and at times a special bailiff of the State and deputy United States Marshall, was assassinated Saturday night by some unknown person, who fired a load of buckshot through the window. And yet if you believe the Democratic papers, a man of one political faith is as safe as another. In other words "These stories are gotten up for political effect."

—The following in regard to the balloon which was seen at this point on the 6th inst., we take from the Derrick: The balloon which passed over Rouseville, Rynd farm and Tionesta, last Tuesday, landed in Potter county, this State, near Port Allegheny. To accomplish this distance in so short a time it must have traveled above sixty miles an hour. The balloon left Cleveland on Monday, and anchored in Portage county, Ohio, during the night. The next morning Prof. King and F. H. Taylor continued the voyage. The ride was reported to be magnificent, especially over the mountains of the Oil Region and the forests of Forest and McKean counties.

—The Keely motor, about which there is so much speculation just now, is described as a vapor generated from air and water, at the common temperature, by mechanical manipulation in an unappreciable period of time, as controllable as steam, and with an expansive power as may be required all the way up to the force of gunpowder. Scientific engineers have examined the method, and are convinced of its correctness, although they are unable to comprehend the principle involved. If it shall prove a success, it will work a revolution in motive power as now applied.

—A good number is Ballou's Magazine for August. Its contents are just what the people want during the hot season, for no magazine in the country has such a variety of stories, sketches and poetry, and all by popular authors, who are noted for their literary ability. Thousands of people are made happy by reading Ballou's Magazine, and we should like to see many more in the same pleasant condition. Each number contains a thrilling sea story. Published by Thomas & Talbot, 36 Bromfield Street, Boston.

—Fresh cranberries, just received, and for sale at Freeman & Corbet's. 13tf.

—Last Tuesday, Sheriff Lamberton sold a lot of fancy poultry, some two hundred choice chickens, the property of E. T. M. Simmons, at Oil City. The total sum realized was \$368.65. Two roosters brought the highest figures—one being sold for \$32 and the other for \$26. These two fowls were Buff Cochins and somewhat smaller than yearling calves.—Venango Spectator.

The reason of this sale was the absconding of "Eddie" a short time since from Oil City, where he held the position of book-keeper in the Citizens' Savings Bank. He was a young man universally respected, but left with an overdrawn account at the bank. The community was very much surprised at his flight, and so will be all who were once acquainted with him here.

VINEGAR BITTERS
PURELY VEGETABLE FREE FROM ALCOHOL
DR. J. WALKER'S CALIFORNIA VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Powerful reliever of Congestion of Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim WALKER'S BITTERS the most wonderful Invigorant that ever sustained this sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout the entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with WALKER'S BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck Glands, Scrofulous Inflammations, Indolent Inflammations, Moroniac Affections, Old Sores, Eruptions of the Skin, Itch, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS has shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scars, Discolorations of the Skin, Humors, and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no mechanical medicines will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores—cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
